OUR GOOD THINGS

These are some of our good things, goods that we are sure are the best that you can get. They are all of them new and goods that are in demand right at this very minute, goods that in use will prove to be the very best for the price paid.

Ladies' and Misses' Sweaters.

All through the winter there has been a scarcity of Sweaters, those made of best yarn. This came about by a very sharp advance in price of yarn that in turn pretty near paralyzed the Sweater output. Now they are hard at it trying to give the people what they want. They are getting higher prices, but as we only needed a few sizes to complete our assortment we are at the present naming old prices as follows. Our prices will advance later.
Children's Wool Sweaters in sizes from 18 to 24, made same as for grown up people, now at 98c each.
Misses' Sweaters, same as ladies' styles in sizes from 26 to 34, and the larger sizes will do for small ladies, now at 1.50 each.
Ladies' Coat Sweaters in both plain and fancy stitch for a few days at 2.50 each.

New Silks.

There is a demand for Rough Silk on the Rajah order only finer and with more silk in it. This we have and it is selling very fast at the price. Please compare with \$1.25 silks.
All colors in Directoire Silk. The same as Suesine, price only 29c per yard. A real bargain.
We have just made a good purchase in a yard-wide Black Taffeta. This is a Taffeta Silk that we have sold before, so know its wearing quality and while this Taffeta would sell readily at \$1.25 we are to sell it now as a business getter at only 1.00 per yard.
We are still selling B & A 27-inch colored Taffetas at 1.00 per yard.
You can find a good width Mossaline, all colors, at 1.00 per yard.

New Spring Values.

Our dress goods department shares these values. Last season was a big dress goods year for us and with the new things at the prices we are naming the business ought to really boom in 1910.
Our Serges and Wool Taffetas are still at old prices. That means one-fifth or 20 per cent lower than later prices.
Wool is way up, yarn has been going up for the last year and you are to very soon realize it in your dress goods purchases.
We have just now some very good cloths at 50c per yard.
We have a black Wool Taffeta at 78c and a very fine black Poplin at 1.00.

Cut all garments by a 10c New Idea Pattern. They take less material and give a better styled garment.

We take good care of the workingman in our Clothes provision. We do a large business in our sturdy, medium Suits—built to meet every requirement of the man who works and who wants durability. The materials are neat patterns of the most durable, wear-resisting fabrics it is possible to secure. The cutting is done with great care and is in accordance with conservative styles, with plenty of room at every point, where the workingman needs room. The seams are sewed in the strongest manner, and double stayed at every place where there is any strain. No feature is omitted that would add to the comfort or the life of these Suits. \$7.50, 10.00 to 15.00. BLOOD TELLS

Good blood tells, they say, and had blood certainly does. Poor and disordered blood tells its own story in lowered vitality, loss of energy, in skin eruptions, rheumatic pains, and in a pallid or sallow appearance of the complexion.
This is the season of the year when the blood is most apt to be disordered.
Take our SANSAPARILLA COMPOUND.
It purifies and enriches the blood. It cures boils, pimples and other skin troubles. It expels rheumatic poison from the system. It builds up strength and energy.

BARRE TOWN VOTERS.

Statement Issued Regarding the Town's Road Accounts.

To the Voters and Taxpayers of the Town of Barre:—
I noticed an article not long ago in the Barre Daily Times, in which it com-

Ladies of Taste

who want the best things for the toilet, Soaps, Powders, Manicure Articles, Perfumes, Toilet Water, etc., send their orders to us from many miles away. Ladies of taste here in the city should come in and see the stock we carry, from delicate perfumes to wholesome things which tone the system. We have them all.

D. F. DAVIS "The Druggist"
267 North Main St., Barre, Vt.

parel the expense incurred in laying out, maintaining and repairing the highways of the town of Barre during the past ten years. This article attempted to compare the cost of highways, going back, for illustration, ten years. In 1900 there was expended on the highway \$4,025.24; in 1909, \$8,603.52. For the last ten years the town of Barre has materially increased its road mileage. In 1900 workmen could be employed at from \$1.50 to \$1.75 per day, while in 1909 the cost of employment was from \$1.80 to \$2.00 per day; in 1900, teams cost \$3.50 per day, and in 1909 \$4.00 per day; in 1900, the men and teams worked ten hours a day, while in 1909 nine hours, and on Saturdays eight hours per day.

This fact, I believe, in a great measure makes up the difference in the cost of maintaining and repairing our highways in the years 1900 and 1909. An examination of the town reports will show that the cost of every department has increased materially during the past ten years. For illustration, take the cost of our schools. The total cost for the year 1900 was \$6,944.30, and the total cost for the year 1909 was \$17,515.88. I simply call attention to these items to show the increased cost in this department, not in any way to find fault with the work which the school directors have been doing, for I am pleased to see that they have done so much.

When the voters examine the reports carefully for the past ten years and consider the permanent roads which the town has built in recent years, it seems to me that the increase in cost for the repairing and maintenance of highways has not been nearly as much in proportion for the amount of work which has been done, as the increase which has been made in other departments.
A story has been reported that the present road commissioner had exceeded his appropriation early last fall, but an examination of the report for 1910 shows that this is not true, but that there is still a credit to his account of \$131.08. In my opinion, it has cost the town at least \$5,000.00 on account of having been compelled to change road commissioners five times during the past ten years. Why make another change? I believe that the one which we now have is capable and efficient and should be continued in office, rather than make another change at the expense of the taxpayers.
A Taxpayer.
