KNIGHTS OUT TO CHURCH

Continued from first page.

even better supported than that of the morning, with many of the children from the Bible school present, as this musical given by the choir was to take the place of the Easter concert usually given by the school. The classes have been making an effort to bring the school missionary offering for 1909 year up to one hundred dollars, this amount to be equally divided between the home and foreign mission boards, but the long lookout of last winter is responsible for causing a shortage, so that with the Easter offering of over \$20.00, the school will be able to make its missionary offering about \$80.00. The evening program was as follows: Organ voluntary, Mrs. W. J. Olliver; anthem, "Awake, Ye Saints," John Wiley Rogers; anthem, "Ride on in Majesty," Fred Peace; psalter selection solo, "The Sunlit Way," Bierman, Nicholas Venter; reading, Miss Hazel Lynde solos, "The Resurrection," Huggins, P. Will Olliver; and Miss Grace Wood, supported by the choir; sermon by Dr. E. O. Thayer; clarinet solo, "Elegie," Ernst, I. D. Parmeter; anthem, "The Resurrection Morn," Will S. Brown.

At the Church of the Good Shepherd, there was holy communion at half past seven in the morning, and again at 10:30, at which time there was special music. There was another service in the evening, with Rev. O. J. Booth assisting the rector.

Enjoyable Easter services were held at the Baptist church yesterday morning and evening. Special music was rendered by the choir at the morning service and a strong sermon was delivered by the pastor, Rev. W. E. Braisted, on "Easter." The altar was beautifully decorated with flowers and lilies. An audience that crowded the seating capacity of the church was present in the evening to hear the Easter concert given by the young people of the Sunday school. The program was as follows: Organ, Mrs. A. C. Cragg, Mrs. E. A. Hutchinson and Mrs. E. J. Batchelder.

Easter services at St. Monica's church were attended by large audiences, the church being packed with people at the 9 o'clock mass, which was children's mass and was celebrated by the Rev. P. M. McKinnis. Three masses were held during the morning, the first at 8 o'clock, the second at nine and the third at 10:30. At the last service enjoyable music was rendered by the choir, assisted by James Riley, with the violin.

At the Presbyterian church yesterday a large congregation enjoyed the splendid Easter music rendered at the morning and evening worship. The chorus choir, which has been doing such excellent work, rendered several pieces, "Christ, Our Passover," "Hosanna," "The Largo" or "Holy Art Thou," by Handel, and "Te Deum." Both the chorus and solo parts of these pieces were well rendered. The male quartet sang as a response at the evening service, "Now the Day is Over." At the Sunday school hour, there was also a very interesting program of music and readings. The secretary's report of the three months just ended showed the average attendance of 322, with offerings of \$34.00. This school has been making steady progress, being carried on by a devoted and efficient staff of 25 officers and teachers. The Barren Bible class for young men, organized a year ago, has been doing good work, and is contemplating further expansion in the near future.

Your Most Important Reserve.

We Americans seem to think that it is comparatively easy to bribe nature, that we can break all health laws, dole out three days' work in one, eating as much at single dinner or banquet as nature would require for two or three days; that we can abuse our system in all sorts of ways, and then make amends by drugging ourselves and patronizing the springs and other health resorts, says Orion Sweet March in "Sensational Magazine."

Many Americans spend their lives oscillating between two extremes, abusing their bodies, and doctoring them. The result is dyspepsia, exhausted vitality, nervous disease of all kinds, insomnia, mental depression, insanity.

The efforts of great surgeons to save lives are often ineffective because the remaining power of the body has been ruined by some form of vicious living, or by overeating, underfeeding, lack of sleep, or other transgressions of the laws of health. Many people die from minor surgical operations or amputations after accidents because of lack of physical reserve to assist nature in carrying them over the crisis.

The person who lives a perfectly normal life has a vast physical reserve power, which would carry him through any ordinary accident, a necessary amputation, or other needed operation. But when one uses up all his force, all his vitality, as he goes along, of course he has little or nothing to fall back upon in case of a severe accident or other emergency, which calls for a great expenditure of physical force or vitality.

GRANTEVILLE.

There will be an old folks' concert given under the auspices of the board of trustees of the Presbyterian church, Graniteville, Tuesday evening, March 29, at 7:30 o'clock. Admission, 15, 25, and 35 cents.

In connection with the Sunday school review of lessons held yesterday in the Presbyterian church, there was also a written examination. The following persons handed in papers: Miss Queeny McArthur, Miss Ruth Stephens, William McClay, Roscoe Melver, Donald Melver, Master John Hardwick and Master John Smith. Seven of these took from 75 to 91 per cent.

WE GOT THE PRIZE

Every successful man is constantly striving for the prize which he wishes to gain, so it is with every business concern. Every season we plan to do a better and larger business than the previous season, taking for our goal some particular day or the last of each month. Easter is one of the days that we make as one of our climbing points. This Easter we more than surprised ourselves for which we owe the trade our thanks. Our aim is to have the goods and the right kind. This season we have the largest and best we have ever shown, and the volume of business done only goes to show that we have got what the trade want.

Ladies' Suits

The line of Misses' Suits we are showing at \$10.00 are the ones that fit and have the linings and interlinings which give the shape and style effect.

At \$12.00 the trade tells us we have got the best value in an all wool Suit ever seen. If you will try this Suit on, and see the fit, you will be convinced as to its worth.

At \$15.00 we are putting out the best value in an all-wool Worsted and a fine Serge Suit we ever offered to the trade. Suit is made of an extra good quality of goods and has a good quality canvas interlining and full back stays. This gives the Suit the shape, and it will wear to look as well as Suits we have seen that sold for a third more.

Ladies' and Misses' Rubberized Capes are sure to be live sellers this season, as they are easy to get into and will not smother light dresses.

For an automobile wrap see the Rubberized Capes in cloth. These are easy to get on and will not rust the dress.

Ladies' Tailored Suits

Nearly every day for the next two months will see new models in Suits coming into our department. We are going to give to the trade the new models as soon as we are sure of their popularity. Many of the better grades you will find only samples of, but we will be glad to duplicate these for you if you want.

At \$15.00 we have a Suit made on one of the best models. Goods is a fine invisible striped worsted, made in one of our best styles, and Coat is heavily canvased and has the back stay. Skirt is a full plaited style.

At \$20.00 and \$22.50 are some very fine models in a variety of different cuts and made in the best of style. These are made from a variety of cloths of the season's best production.

At \$25.00, \$27.50 to \$30.00 you will see some of the best values we have ever shown. The plain Tailored Suit is very popular, but if you want the more fancy cut style we can give it to you.

Ladies' Long and Short Coats

The Separate Coat is finding quite a little favor among the trade, as the Long Coat is just the garment for traveling purposes, and there is nothing better to wear with light dresses.

At \$10.00 we are showing a good line of these most popular garments, both in the coverd and plain serges.

At \$12.00 is a large line of Coverd and Plain Serge Coats, made in a number of different models. These are in a long, semi-fitted style Coat, with self or silk lining to the waist.

At \$15.00 are some fine quality Coverd Coats in the long, partially fitted style, that are sure to please.

In the better grades are a number of very attractive models in fine worsteds and novelty cloths.

In the Short Coats we are showing some very good models, both in coverd, serge and the novelty goods. Also a good showing of blacks. These are the length of the suit coats.
