WOMEN'S WOES

Barre Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties, in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work, with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well, and health is easily maintained. Read of a remedy for kidney ills that helps and cures the kidneys, and is endorsed by people you know.

Mrs. Eliza Mitchell, 42 Maple avenue, Barre, Vt., says: "I was subject to attacks of kidney complaint for some time. The passages of the kidney secretions were too frequent, and I also had severe pains in my back and hips. I was subject to dizzy spells, and any cold I caught was sure to make the trouble worse. A member of my family had used Doan's Kidney Pills and been so greatly benefited that I decided to give them a trial. I got a box at E. A. Drown's drug store and had taken but a few doses before I experienced relief. The pains in my back gradually diminished, the kidney secretions passed more regularly and my condition greatly improved. I have taken Doan's Kidney Pills occasionally since then, and have found that they act as a tonic to my kidneys, keeping them in a normal condition. I consider it a pleasure, as well as a duty, to make the value of this remedy known to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

AMUSEMENT NOTES.

To-night "The Climax" at Barre Opera House.

One of the wholesome offerings of the season will be "The Climax," a serious drama in three acts by Edward Locke, the young American playwright, at the Barre opera house to-night.

Joseph M. Weber stands sponsor for the entertainment. The play entered New York upon rubber heels, but made an uninterrupted leap to success. The theme is that of a young woman gifted with a beautiful singing voice and her struggles for its best development. She has ambitions, ambitions for an operatic career; and she is encouraged and abetted in her efforts by her musical associates. Her doctor-lover opposes her ambitions, and thereby hangs the tale. An excellent cast will be in evidence here.

Yale Stock Company. The attraction at the opera house for three days, commencing Thursday, May 5, will be the Yale stock company, one of the leading repertoire companies of the New England circuit, presenting a number of good comedies and dramas. The acting company is headed by Peter Murray, who is supported by a clever company of players. Among the plays to be presented here are "Princess of Patches," "The Traveling Man," "How Hopper Was Side-tracked," and "The Country Girl." The company makes a feature of the number of specialties presented between acts and incidental to performances. The opening play of the engagement will be "The Princess of Patches." Seats are now on sale at Kendrick's.

WILLIAMSTOWN.

Mrs. Bert Burnham, wife of the local editor of the Williamstown Herald, went to Boston last week for a visit of some weeks.

Mr. and Mrs. Willard E. Walker, now of Barre City, were here in town over last Sunday, with their parents, Mr. and Mrs. Enos F. Walker.

Theodore Alexander, a Belgian farmer and champion potato raiser, on our south hill, sold his last season's potato crop of 2,525 bushels, for \$901.

By some slip or other, we failed last Saturday to give the name of Mrs. Julia Beckett Martin, now of Washington, D. C., as one of the surviving children of the late Capt. William S. Beckett.

One of our reliable citizens has just told us of a cure of the drink habit, by the use of milk. The victim of the habit resorted to milk alone to meet the terrible cravings for liquor, and at last came out victorious over the habit.

The Williamstown Progressive association, we have just been told by the president, G. M. Edson, will have its meetings on the evenings of the second and fourth Tuesdays of the month. Doubtless "the right of petition" will be given all who are eager for true progress in our place.

We have just learned of the poor health of Marcus A. Burnham, a native of our town, but for many years past a successful resident of Wisconsin. His last visit here was made a year or two ago, and at the time, we think, of some 77 to 80 years. He has been quite a traveler in late years, between the Atlantic and the Pacific coasts.

The Ladies' Village Improvement society will give the last entertainment of the season's course, at the grange hall on Thursday evening of this week. It will consist of a lecture by Rev. E. C. Downey of Barre City, and vocal and instrumental music by Barre and home talent. It is hoped that a feast of good things may be offered at the time.

It is told that a moving picture showman exhibited here on three successive evenings last week, and that he said, after the second evening's performance, that he had lost \$20 in the two evenings. New or folks are saying, "Why didn't he advertise? We knew nothing of any such exhibitions." Woe to the man that hopes to move the world, and, at the same time, leaves the printer out!

James Gregory, Hiram S. Drury and George T. Coiby, together, bought some \$500 to \$600 worth of land at the Lathrop auction sale last week. The land lies largely in front of the storehouses near the railroad station. The land was in three sections, each man taking one section. Mr. Drury also bought a small building that had been used as a storehouse, which he will move onto his own land and use, doubtless, for a tenement later.

We offer the following to our W. P. A. to be used, if wanted, to induce outsiders to move to our place. We do not know just how it will work, but we mean well. We spoke last week of the testimony to the worth of our citizens borne by a man of ten years' residence here. To this, we can add another, just given us by one who had had a good deal of poor health here, but far from having been neglected in the time. The person had, in a few months time, friendly calls from more than 100 different persons. Of course, not all of them were our own townfolk, but enough were such to indicate that one can hope to be both good and sick, and not be lonesome, here.
