

BOY RETURNS, EXHAUSTED

William R. Bullard, Groton School Boy, Home Today

AFTER WEEK'S ABSENCE

He Ran Away from School Because He Dreaded Examinations, Fearing He Would Not Pass—Was in Woods Three Days.

New Bedford, Mass., June 1.—William R. Bullard, the 16-year-old son of Dr. John T. Bullard of this city, who disappeared from his school in Groton last Wednesday returned home today exhausted from exposure. He had been wandering in the woods of South Dartmouth for three days. Dr. Bullard had returned home last night from an unsuccessful quest for his son, but convinced that the missing boy was in Fall River last Saturday, where he attempted to pawn an opal pin, saying he wanted the money to return to his city.

WAS 106 YEARS OLD.

Mrs. Ruth Allen Smith of Putney Is Pretty Well, Too.

Brattleboro, June 1.—Mrs. Ruth Allen Smith of Putney, who can doubtless lay claim to being the oldest person in this part of the state, if not in Vermont, was 106 years old today. Until within a few years, Mrs. Smith has been in possession of all her faculties, but today her hearing and eyesight are failing her.

WALSH SECURES DECISION.

Moore Refuses to Weigh In and the Length of Bout Is Changed.

Boston, June 1.—Jimmy Walsh of Boston secured the decision over Pat Moore of Philadelphia at the Army Athletic association last night at the end of twelve rounds of fast fighting. Moore refused to weigh-in and Walsh demanded and secured twelve rounds of two minutes each in place of ten rounds of three minutes each.

RIDING ON BRAKE BEAMS.

Boy and Girl Had Started for Goffstown, New Hampshire.

Lowell, Mass., June 1.—Thomas and Lena Reed, 15 and 10 years of age, riding on Hancock street, Cambridge, were taken from the bumper of a passenger car going north on the 1 o'clock train here yesterday afternoon. They stated that they were going to see their grandmother in Goffstown, N. H.

MUTILATED BODY FOUND.

T. R. VERY UNPOPULAR SINCE SPEECH ON EGYPT

London Papers All Criticize Sharply, Say He Broke Law's Binding Host and Guest—Think His Speech Very Unfortunate.

London, June 1.—Ex-President Roosevelt is distinctly unpopular after his speech on Egypt yesterday. The papers speak of it as the biggest guest event since King Edward's death and the criticisms pronounced by the Star says "Roosevelt, long unimpaired, has been brought to platters, has long lived in a perfect state of calm. He is guilty of a grave offense against the law binding host and guest. The fact that his predecessor was assassinated should have made him most careful of his comments on the assassination of King Edward. The Egyptian government. The Manchester Guardian says "Roosevelt's speech was based on misleading evidence." The Daily News "It was most unfortunate." The Standard "The humiliating rebuke of an alien critic." The Chronicle "It outraged every canon of international propriety. The Globe "Don't teach your grandmothers to suck eggs."

INSANE JEW ATTACKED GERMANY'S CROWN PRINCE

Zinc Pot Filled with Beans, the "Wespe" of Destruction—Soldier was Wounded Instead—Affair Caused Uproar.

Berlin, June 1.—A zinc pot, filled with beans, was the "weapon of destruction" which an insane Polish Jew, named Abraham Elerski, hurled at Crown Prince Frederick, William, as, with King Albert of Prussia, he rode at the head of the guards after the annual spring review at Tempelhof plain. The pot missed the prince and wounded a soldier. Elerski was manacled hand and foot. The affair caused a great uproar.

TOOK PARIS PRINCE

James H. Scott of Derry, N. Y., Died Yesterday.

Derry, N. Y., June 1.—James H. Scott of this town died yesterday morning from a dose of rat poison which he took with suicidal intent. He had been in poor health for some time, and in a spell of discouragement and despondency he committed the rash act that ended his life. Dr. Albert L. Hill was summoned, but the poison had done its work. Medical Referee L. G. Dearborn was also called later.

Mr. Scott was about 42 years of age. He had never married, but for the past few years had lived with his brother, Charles B. Scott, upon the late Henry S. Wheeler place in the Kilroe district. For a number of years Mr. Scott worked as clerk in the grocery and general store at Windham Depot, kept by E. F. Clark.

Mr. Scott was a son of the late John Scott, who died a few years ago. His mother, Mrs. Rebecca Scott, is still living. He was a family of thirteen children and was the first to die.

PRODUCERS REFUSE NEW OVERTURES

And It Is Announced That the New England Milk War Will Be Continued, After Conference Last Night.

Boston, June 1.—The milk war between the contractors and producers has been waging now for a month past and has involved the railroads, the Massachusetts legislature and the Boston and state health boards, will be kept up indefinitely, overtures made last night by the contractors failing to meet the approval of the producers.

Against the demands of the producers, represented by the officers and executive committee of the Boston Co-operative Milk Producers' association, for winter prices for milk during the months of May, June, July and August, the H. P. Hood Sons' firm offered winter prices for nine months, from August 1 to May 1, of from July 1 to April 1, while the other firms offered winter prices from August 1 to April 1, or eight months.

President S. F. Abbott and Secretary W. A. Hunter for the Producers' association, refused the offer and declared last night that the producers would withhold their milk and that the war would be kept up.

BRIBERS PAY PENALTY.

Tried to Have City Council Make Column. National Bank City Depository.

Pittsburg, Pa., June 1.—President E. H. Jennings of the Columbia National bank was today sentenced to two months and fined \$500 for bribing the city councilmen to have the bank made the city depository. Frank Griffin, vice-president, was sentenced to four months, with the same fine.

BIG INCREASE IN AUTO FEES

Received by State of Vermont for the Present Year

1675 REGISTERED NOW

Washington County Stands Second to Rutland County in Amount of Fees Turned In—Insurance Com'n's Also Report.

Secretary of State Guy W. Bailey was in Montpelier today and turned over to State Treasurer DeWitt \$40,865.67, money received by him since March 1 of the present year for automobile registration and license fees, wholesale liquor license fees and charter fees. Of this total, \$1,295 was charter fees, \$10,774 for wholesale liquor licenses and the balance, \$28,796.67, for automobile registration and license fees. This latter is a large increase over last year, when the receipts for the same period were \$14,728.16, and it is also greater than the total receipts of the whole year, from March 1, 1909, to March 1, 1910, of \$78,798.

FELL FROM STAGING

Dennis Fargo Was Considerably Shaken Up Yesterday.

Burlington, June 1.—A fault in the staging at the Walker block was responsible yesterday morning for a serious accident to Dennis Fargo, a workman on the platform, who fell to the Main street sidewalk, a distance of over 20 feet.

The trouble was caused by a bad hitch to the rope, which supported one end of the platform, and which was made by Fargo himself. The rope made the rope slippery and as Fargo started from one end of the staging to the other he became thrown to the ground. Reynolds was at the other end and saw the rope slip. He immediately jumped the rope near him and swung himself through a window into the building. His hands were badly torn by the rope and one hand came in contact with some glass, which inflicted some wounds.

Fargo's fall was broken somewhat by contact with the platform and he landed on his feet, but was thrown to his knees. He sustained a sprained wrist and back, and it is feared, internal injuries. Drs. J. W. Courtney and W. G. Church were quickly on the scene and attended the injured man and saw that he was removed to his home on Cherry street, where he was resting comfortably last evening.

DECREASED FIRE LOSS IN VERMONT

Commissioner's Report, Issued Today, Gives \$955,463 as the Total Amount Paid Out.

The annual report of the Vermont insurance commissioner, Secretary of State Bailey and State Treasurer DeWitt, was announced today. It shows that the total fire loss of the year in Vermont was \$955,463, for 1,182 fires, it being a considerable reduction over 1909, when the loss was \$1,118,545 for 1,577 fires. The largest single loss was at the E. C. Fisher company's laundry in Bethel, where \$100,000 was paid.

The commissioner reports that 210 of the 1909 fires, causing a damage of \$110,171, were due to defective flues, which is about the same number of fires and about the same loss as for the preceding year through the same cause.

In commenting on this, the commissioner says: "In connection with the matter of preventing damage by fire and reducing fire losses, it is interesting to note the steps being taken by the National Fire Protective association, some of the larger companies and the large insurers of property. Both the companies and the public are learning that it is better to have well-protected risks insured at a low rate than to have property in a hazardous condition insured at high rates. Attention is being called in this connection to the desirability of using non-combustible material in building and to repairs during a period of years nearly balances the increased cost of construction in the first instance of brick, concrete and slate over wood and shingles. Large amounts of property are also obtaining the benefit of a reduction in rates by eliminating fire hazards in buildings already constructed, and as these facts become more and more apparent, fire losses should be fewer in number and smaller in amount, and in consequence the cost of insurance materially reduced."

The commissioner reports that the amount of life insurance carried at the close of 1909 in the legal reserve life insurance companies amounted to \$2,248,100.00, an increase of \$90,756,645.62, the amount outstanding at the end of the year 1909.

BURNS-LANGFORD FIGHT

In Los Angeles Labor Day, Burns to Get \$15,000 and Langford \$10,000.

Los Angeles, Cal., June 1.—Tom McCurry announced today that Tommy Burns and Sam Langford have signed for 25 rounds labor day at catch weights. Burns to get \$15,000 and Langford \$10,000, to win, lose or draw. Burns is on his way from Australia.

FILE IN BANKRUPTCY.

Buck & Green of St. Albans Have Debts of \$10,023.

VERMONT STATE FAIR.

Annual Event Now Being Planned by President Everts and the Commission.

Preparations for the Vermont state fair for 1910, at White River Junction, are already under way. The date selected are Tuesday, Wednesday, Thursday and Friday, Sept. 20, 21, 22 and 23.

From the early indications point to a greater exhibit than has made conspicuous at previous state fairs. This year's main features will be represented with stock exhibits. The Maine exhibit of ovens alone will be one of considerable size.

The Vermont cattle will be extensively shown, the number of exhibitors and the number of cattle being in excess of last year's event. Every New England state will have its cattle showings, as well as New York state, Ohio and other western states and Canada.

The state forestry commission, has planned a series of different varieties of pine and by fair time this planting will be in shape to convince spectators of the practical use waste land may be put to.

VICTIMS RELIEVED.

No More Deaths Likely from the Bennington Accident.

Bennington, June 1.—There are likely to be any more deaths as the result of the accident Monday evening in which an automobile containing four passengers and a driver struck a trolley car at crossing near the Vermont Soldier's home.

Two Troy surgeons called in consultation last evening in the case of Miss Katherine McGuire, who suffered concussion of the brain, found her condition much improved, with good chances of recovery, if the concussion is developed. W. D. Newton, the driver and operator of the ill-fated automobile, recovered consciousness yesterday afternoon. Physicians say he will recover.

Henry G. Knapp, who died a few minutes after the accident, received a fractional skull over his eyes, a broken arm and one leg put on her stump, which automobile was carried nearly 90 feet from the crossing where the accident occurred.

MISTAKE IN DOSE

And Rose Sharon, Female Baritone, Had a Hard Time of It.

Burlington, June 1.—Miss Rose Sharon, the female baritone singer at the Amuse-ment theatre, took a dose of ether last evening by mistake instead of cough medicine and was for a time seriously ill, suffering a hemorrhage from the stomach. She was revived, however, and was in shape to put on her stump, which automobile was carried nearly 90 feet from the crossing where the accident occurred.

The girl had been out in the rain during the day and had a chill. She got some medicine, which was in a bottle closely resembling one in which she had some ether. She took a liberal dose of the latter in her dressing room at the theatre and was immediately in agony. W. J. Le Baron, the manager, heard the noise and rushed to her rescue along with another man, connected with the house. They restored the girl without the services of a physician.

SOLDIER IN GUARDHOUSE

Alleged to Have Run Amuck With Razor on Monday Night.

Burlington, June 1.—Private Carlisle of Troop A, 10th Cavalry, is in the guardhouse at the fort for creating a disturbance on an Essex car Monday evening during which it is alleged that he drew a razor on a conductor Porter. It is said that Carlisle again ran amuck after reaching the fort and that it was necessary to fire two shots at him before he was placed under arrest.

It is said that wagoner Downs of Troop D, also a participant in the street car fracas, is behind the bars.

INSTALLED AS PASTOR

Rev. John W. Barnett, Ph. D., Formally Received

IMPRESSIVE SERVICES

Rev. F. B. Kellogg, Soon to Leave Waterbury for Hope Church in Worcester, Mass., Was One of Speakers, as Was Rev. F. A. Poole.

Rev. John Wilbert Barnett, Ph. D., was formally installed as pastor of the Barre Congregational church, at impressive and enjoyable installation services held at the church last evening. There was an audience of 200 people present, and much

interest was centered in the remarks made by the different pastors who took part in the services.

An ecclesiastical council had been held at 3 o'clock in the afternoon, to receive the proceedings made by the church in relation to its call to Dr. Barnett of Marlborough, Mass., and to examine the pastor, and if the results be favorably reported to proceed with the installation. The council was called to order by Rev. D. H. Strong of Williamstown, and Rev. F. B. Kellogg of Waterbury was elected moderator and Rev. J. B. Sargent of Northfield scribe.

The roll of the church and the individuals invited to the service was called by the scribe as follows: DeWitt W. H. Turner of Bennington; A. P. Barrett of Cabot; Wm. of Montpelier; Wm. of Northfield; and Capt. J. L. Moseley of Northfield; Rev. Perrin B. Fisk and Deacon E. D. Bartlett of Plainfield; Rev. F. B. Kellogg and Deacon E. D. Demerit of Waterbury; Rev. D. H. Strong and Deacon Edwin C. Smith of Williamstown; Rev. Samuel N. Jackson of Burlington; Rev. Francis A. Poole of Worcester, Mass.; Rev. W. H. Spence of Rutland; Rev. Donald Fraser of Wells River.

The report of the committee appointed by the church to secure a pastor and the roll of the church upon the committee's recommendation to extend a call to Dr. Barnett and the terms upon which the call was made, and the acceptance of the call by Dr. Barnett, was read by Deacon C. S. Wallace, clerk of the church. The council then voted that the scribe read the roll of the church and the examination of Dr. Barnett. The pastor presented his credentials in the form of a minute of the council of dismissal, held at Marlborough, March 22, and read a statement of his faith and religious experiences. The roll of the council was called by the scribe, that the members might by questioning the pastor determine still further Dr. Barnett's position.

The council thereupon went into executive session, and on motion of Rev. Donald Fraser it was voted that the council express its unanimous approval of Dr. Barnett's statement of his belief and personal experience, and cordially agreed to proceed with the installation. Rev. Donald Fraser and Rev. Perrin B. Fisk were elected a committee to inform Dr. Barnett of the action of the council and with him to prepare the program for the evening's services.

The services of the evening began at 7:30 o'clock with an organ prelude, played by S. Holley Jackson, followed by an anthem, "Oh, Praise God in His Holiness," sung by the choir, composed of L. G. Griffith, Mrs. Nellie Roberts, Miss P. G. Lewis, Miss Jessie Roberts and William Inglis. The report of the proceedings of the council meeting were read by the scribe, Rev. J. B. Sargent of Northfield, who also read a passage from the scriptures. The prayer of invocation was offered by Rev. Stanley F. Blomfield of Montpelier.

After the singing, by Mrs. Praley, of the beautiful solo, "Come Unto Me," the sermon was delivered by Rev. William H. Spence of Rutland, who took for his text a portion of the sixth verse of the second chapter of II. Timothy: "But the word of God is not bound." He said in substance: Men cannot imprison the truth. Some way the truth speaks, no man or matter what becomes of the man. I do not mean to say that truth is always a rock on which the truth still lives, no matter if the man is spurned by the whole world.

This is something which the world seems to have to learn over and over again. It would still believe that by putting away the messenger it could destroy the message. The crowd that nailed Christ to the cross and buried Him in a tomb thought that they had killed the Messenger and buried forever His message; but though they nailed the flesh to the cross they could not nail the message, too, as the twenty centuries of Christianity which have since followed have proved. If you are at

NOT RESPONSIBLE FOR RABBITS.

City Not Helden for Slaughter of Tame Bunnies by Dogs.

It has been ascertained that the city is not responsible for tame rabbits killed by dogs, the interpretation being that rabbits are not included in the classification of "domestic animals" and therefore are not protected by law. The matter came before the city council on the request for damages for four rabbits killed by dogs—by Gene Sullivan's dogs, it was alleged. The rabbits were owned by E. K. Lawrence. Mr. Lawrence desired afterward that he was satisfied with the interpretation of the matter. The city has been paying for items killed by dogs, right and left, and this limitation of the statute brought welcome relief to the custodians of the city strong box.

At the same time, residents of upper Maple avenue are thinking of petitioning for the special privilege of "Gene Sullivan's dogs" in order to clean out the neighborhood gardens there. It seems that Frank Bailey, junk dealer and some time ago keeper of pet rabbits, lost his pets through their desire for free life, but when they got free they wouldn't leave the gardens. That was some time ago. Now there is splendid hunting but the neighbors hesitated to shoot lest they be arrested for shooting firearms in the city limits.

WASHINGTON STREET WINS

Permanent Road Work to be Done There This Year

CITY COUNCIL DECIDED

Many Bills, Some of Them in Large Figures, Ordered Paid at Meeting Last Night—Building Permit Given Aldrich Trustees.

The city council decided last night to lay out considerable money on permanent street work on Washington street, from Hill street to Nelson street, a resolution to macadamize that section being introduced and adopted, after some opposition from Alderman Ross, who thought that the \$25,000 set aside last year for North Main street ought not to be used for Washington street. He was the only member of the council voting against the proposed work, saying that he thought North Main street needed it more than Washington street.

Under the reading of the resolution, the property owners will be assessed not to exceed one-half the cost. In order to prepare for this work, the People's gas company was ordered to extend its main on Washington street from Patterson to Nelson street, with side connections, so that it would not be necessary to dig up the street again when gas connections were desired.

The council drew several unusual warrants, one for \$5,000 to pay this year's water bond, \$2,500 to pay interest on four per cent. water bonds, \$25,170 for the county tax, \$139.04 for discount on temporary loan, \$2,338.00 to Joseph Long & Co., builders of the Orange brook reservoir, and \$7,500 of the 1910 school money. Included also in the warrants was one for \$285.07, the weekly payroll of the street department. A resolution to pay \$770 for street department horses (8) was also passed.

On report of the committee of the whole, the council ordered the removal of the Merles house from the Hope cemetery land to a city lot near the sand-bank across the street. Tassie Bros. were given a permit to move a land house from Camp street to Bridgeman street, and Dr. E. G. Sprague was given a permit to move a small shed across private land on Merchant street. The water committee reported that the selection of Barre Town did not present objection to city water extension into South Barre, and the report was accepted.

VERMONT CLUB WOMEN IN CONVENTION

Two Days' Session Opened at Rutland This Morning With About 75 Delegates Present from Many Clubs.

Rutland, June 1.—The two days' session of the annual convention of the Vermont Federation of Women's clubs opened at the Universalist church here this morning with about 75 delegates present. The 33 clubs of the state were all represented. The program will keep the ladies busy until to-morrow night, the special feature of the gathering being a reception this evening at the home of Mrs. George T. Clough.

The Vermont Federation received greetings from the New York State Federation through Mrs. Arthur Helme of Albany and from the New Hampshire Federation through Mrs. C. G. Shedd of Keene, who are guests of honor.

The convention opened at 10 o'clock with the address of welcome by Mrs. H. A. Harman, president of the Rutland Women's club. Mrs. J. R. Needham welcomed the delegates in behalf of the Progressives of Rutland, Mrs. W. F. Nelson in behalf of the Unity club, and Mayor H. O. Carpenter in behalf of the city. Lieut.-Gov. Mose also addressed the assembly of Vermonters.
