The old Cutler Corner School association will hold its annual picnic, June 25, at Dewey park, to which every member and his family is invited. Anyone who ever lived or taught school or went to school in Cutler corner is asked to come, and if they feel interested and would like to join the association, we would be pleased to add their names to our list. There will be tables and chairs in the pavilion to accommodate all, but if anyone prefers to eat under the leafy bowers he can do so. Remember the date, Saturday, June 25, and let us all make an effort to be present, for, as our little land grows weaker by some older ones remaining at home, as they feel the task too great for them to undertake, and others are passing on to a higher life, which weakens our chain, the younger ones must link together and make our chain strong, for, as the years go on and the older ones drop out, they are expected to take their places. So let us join on and make this picnic the most enjoyable one ever.

### WILLIAMSTOWN.

Sam Reynolds returned last week from the Victoria hospital, Montreal, without an operation on his eye, since it could not well be done and save the eye.  
Ice was seen here again on Sunday morning. It looks a little hard for the crops. But "if seed time and harvest fall," then there would be maize for ice of some sort from some source. The sky is just as large as it ever was!

Mrs. Eli Drury of South Barre, who has long been a great invalid, the result of a shock, died the first of the week. Her funeral was on Monday afternoon and her body was taken to Wolcott for burial Tuesday. Mr. Drury is an uncle of Hiram S. Drury of our village.  
Mrs. Henry F. Erskine of Whittier, Cal., arrived here safely and pretty well a few days ago, and she was sure of a hearty welcome. With her children left behind in California, she can hardly be counted upon for a very long stay here, although she has a brother and two sisters in Vermont.  
Have we not all heard of the following answer to the ever-present question, "Is life worth living?" "It depends on the liver." We have to give notice now that the liver of this scribbler, if his doctor "X-rays" the situation aright, is in such a Ker-Bayble condition this week that his list of items for The Times is likely to be shortened somewhat. The above item is slightly X-aggerated!

Glenn McAllister of the J. K. Lynde company and Miss Carrie Lewis, a long-time employee of the company, will be married Wednesday morning of this week. They are to take rooms in the house of Mrs. C. U. Lathrop. Mr. McAllister is a son of Van McAllister of our village and Miss Lewis is a daughter of Eben Lewis of East Brookfield. Both are highly esteemed here, and many good wishes will go out to them now.  
We have just seen a list of questions that was recently propounded to Lewis M. Seaver, relative to his fitness for the office of county senator next fall. The one as to whether he is a Vermont or a New Yorker we would answer by inviting all interested to come up here and see the fine young Vermonters that are growing up here in his own home, where a plenty of men have retired on their laurels as great-grandfathers at his age. And to the question as to how he lands on the temperance question—well, if he isn't sold on that question, John B. Gough wasn't. Send in your questions, he can answer all of them that can in any reasonable way affect his fitness for the office.

especially in south and easterly sections of the city, also nearly-all houses built for homes the past year were built in this section of the city. I have lots on many desirable streets and mostly in eastern section of city, on Hill St., Ayer St., Kirk St., Quarry, Circle, Camp, Tremont, East, Currier, Grandview, Long St., any of which I will sell at as favorable prices, or more favorable than equally as desirable lots can be had elsewhere. If you were to buy a cow you would usually see a party who had many for sale, rather than buy a man's only cow. Take a walk during the next day or two, visiting above streets. Notice they are our best streets and lots well elevated. No fear of surface water or floods.
