### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases of this kind are cured by a method which is nothing but an infamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

### MEN ARE POWERLESS

To Fight Against Disease Unless They Struggle at the Underlying Cause.

To treat Dandruff and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scouping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newb's Terrible does this because it is especially made to do that very thing. When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy this cause, you remove the effect."

Sold by leading druggists. Send 10c for stamps for sample to The Herpicide Co. Detroit, Mich.

One Dollar Bottles Guaranteed. E. A. Drown, Special Agent.

### About the State

E. O. Spaulding, who fell from a ladder while painting a house in Springfield, was obliged to have one foot amputated, as it was badly crushed by the falling ladder.

As Mrs. Nelson Ober of North Westminster was riding on a motor cycle with her husband recently, her foot became caught in the gearing, injuring it badly. No bones were broken, but the injury will lay her up for some time.

William S. Brink lost two fingers and had the other two on his left hand severely cut by coming into contact with a dove-tailing saw, which he was adjusting at H. E. Shaw's better package factory in Stone Thursday.

KURN HATTIN HOMES.

Annual Meeting Shows Institution to Be in Flourishing Condition.

Westminster, July 1.—The annual meeting of the Kurn Hattin Homes' association was held here June 31. The president, W. J. Van Patten, presided and interesting reports were read. Gen. N. G. Williams, secretary of the association, gave a concise account of the condition of the homes at the present time, and reported progress along lines of organization and systematization of business. Careful records are being kept of all applications for boys and greater care is being exercised in selection from these for the homes.

Eighty eligible applications have been received during the year which could not be entered in the homes, though their capacity has been increased to accommodate about 30 more than in previous years.

A committee was appointed to revise the by-laws, and L. C. Richardson, formerly of Westminster, was elected a trustee, all of the old trustees being re-elected.

Following the association meeting the trustees assembled. Those present were President W. J. Van Patten of Burlington, vice-President C. E. Smith of Pittsford, Treasurer E. L. Walker of Bellows Falls, secretary George B. Graft of Boston, Mass., the Rev. Rev. Benjamin Swift of Woodstock, Fletcher D. Proctor of Proctor, Gen. W. G. Williams of Bellows Falls and L. C. Richardson of Springfield.

Mr. Walker gave a report of the financial condition of the homes, which was most encouraging. He reported the total amount spent for building purposes and permanent repairs as well as the receipts and expenses of the homes. On January 1, 1910, a careful inventory was taken of all property and the books adjusted with this inventory. Hereafter this will be done yearly.

He Wasn't Clubbed.

"A man in our neighborhood who used to practice two hours every day on a trombone is laid up in the hospital. 'Serves him right!'"

"I know what you think, but you're mistaken. He has typhoid fever," Birmingham Age-Herald.

Notice.

The Barre and Montpelier Street Railway company has made arrangements with the S. O. H. picnic party to cross my premises to Glenida park July 2, 1910, and for this day only. All persons crossing after the said date will be prosecuted to the full extent of the law, until further notice. George Benjamin, July 1, 1910.

### Inexpensive Sachets.

"Sachets to impart a delicate and delicious fragrance to the lingerie are almost a necessity to the dainty woman, and while externally they may be made of very inexpensive materials, it is absolutely necessary that the various odor used should be the best and purest it is possible to obtain," says Mary Foster Snider in the Women's Home Companion for July.

"The most convenient way to make sachets is a size that will exactly cover the bottom of the drawers they are intended to perfume. Any thin, loose-textured material, from cheese-cloth to China silk, is suitable for the outside covering, but the most inexpensive of these may also prove the prettiest if a little care is taken in making them. Cut the material the desired size, place over it a thin layer of cotton batting and base it lightly in place, then sprinkle rather thickly with the preferred sachet. Adjust the top piece, buste or pin it in place, having the pins or stitches quite close together to keep the batting in position, then thread a darning-needle with the narrowest baby ribbon and tie it at equal distances in the daintiest of little knots, just as if you were tying a quilt. Bind it all around with a piece of ribbon wide enough to fasten smoothly, and even if made of plain cheese-cloth it will be both pretty and sweet. Pale pink, blue and lavender are the prettiest colors, or cream color tied with ribbon at any of these shades. Do not tie it too closely.

"The sweetest of all sachets may be made by the following rule:

"Mix together one half pound of Floristine orris root (being careful to buy only that which is fresh and sweetly reminiscent of violets), one half pound of ground rose-leaves, two ounces of powdered lavender buds, half a grain of musk and two drops of essence of almonds. Pass the mixture through a coarse sieve two or three times to thoroughly mix them."
