AMUSEMENT NOTES. "The Girl" Ran Well in New York, Comes to Barre Saturday. "The Girl From Rector's," which comes to the opera house on next Saturday night, enjoyed a run of over three hundred nights in New York. The piece originally opened at Weber's music hall simply as a "try out." It was the intention of the producer, after its success had been established, to close the play house and re-open with "The Girl" at the commencement of the next theatrical year. The offering, however, proved such a tremendous sensation that it continued its run for seven months and was still doing capacity business when it was necessary to end the engagement in order to fill out of town contracts. Even the records established by Weber and Fields, when their productions were the rage of New York, were broken by "The Girl From Rector's." The work is from the pen of Paul M. Potter, who won world wide fame as the author of "Trilby."

Can't Afford It?

LET'S FIGURE IT OUT AND SEE

How much would you charge to go to the grocer's or the provision dealer's? How much would you give, on a stormy day, to be able to visit a distant friend? How much would it be worth, in case your child were taken suddenly ill at night, to be able to summon the doctor at once, and, perhaps, by special instructions from him by wire, to be able to give temporary relief pending his arrival or even to save its life? The expense of a telephone is not figured by what it costs for a whole year, but by how much it saves each time it is used. Therefore, with all these things in mind, ask yourself—

Can I Afford to be without a Telephone?

If you need further details as to cost, ask our Local Office to send a Contract Agent to see you. VERMONT TELEPHONE AND TELEGRAPH COMPANY
