

NEAR DESPAIR IN NEW YORK

Republicans Have Little Hope of Settlement

OF THEIR DIFFERENCES

And the Danger of Their Defeat at the Pools Increases—Gruber Stirs New York County Meeting—Orrison Re-elected.

New York, Sept. 17.—Quite aside from the result of the Maine election, the Republicans of this state, whatever their affiliations with one or the other of the warring camps, are approaching a stage of despair over the prospects of the state campaign.

Sporting Notes. Eddie Collins has to steel only 12 more bases to equal Cobb's 1909 record.

Rube Waddell again bested his former athletic pal, Rube Vickers. Waddell was twirling for Newark in the Eastern league and Vickers for Baltimore.

Danny Murphy is again in the 300 class. Mack's right gardener is hitting them for extra bases, when they count, too.

The Pirates, now out of the big race, will have to look keenly to their laurels, or the Giants will pass them.

It is estimated that owners of teams in the New England league lost over \$35,000 in the season just closed.

A total of 45 men reported to the coaches for the first practice at Cornell, five of whom played on last season's team.

Stanley Ketchel says that he is through with fighting in the middleweight class and proposes to build up for a go with the heavyweight champion, Jack Johnson.

Ellery H. Clark of the Boston Athletic association has once again won the New England amateur all-round athletic championship.

Villanova will open its football season one week from to-day, with the Cornell football team.

Pucky McFarland of Chicago is training at Bluff Lake, Ill., for his ten-round bout with Ad Wolgast, scheduled to take place in Milwaukee on September 20.

Chairman Herrmann of the national commission says he has practically given up hope of seeing the world's series begin before October 19, the day after the St. Louis and Chicago clubs are scheduled to play the last game of the National league season.

Two weeks have now passed since the commission instructed President Lynch to confer with President Murphy of Chicago and President Robison of St. Louis and attempt to arrange their schedule so that the world's series could be started a week earlier.

Lynch made no progress, and as several games which were scheduled between the Cubs and St. Louis have been postponed on account of bad weather or since that time, there is hardly a chance of any arrangement being made whereby the series can be pulled off at an earlier date.

President Taylor of the Red Sox says that the team has been seriously handicapped by not having Lewis and Gardner in the game at the beginning of the season. Both men, he says, are much stronger than the men whose places they took.

BOUT A CLOSE ONE. Jack Goodman and Fighting Dick Hyland Have Lively Set-to.

New York, Sept. 17.—Jack Goodman of New York and Fighting Dick Hyland of California slammed and banged through ten rounds of slugging last night in a closely contested bout before the National Sporting club.

Regarding the campaign, Dr. Wilson said that he does not expect to make a great many speeches. "The field to be covered," he said, "is not very large, unless I should go into the tariff, but I believe that national issues like the tariff will not be injected into the campaign. BALLINGER MAY GET OUT

Will Shape Course on Cabinet's Suggestion

ON WAY TO WASHINGTON

If His Colleagues Do Not Take Some View That President Does, He Will Resign at Once.

Washington, D. C., Sept. 17.—Whether Richard A. Ballinger's resignation as secretary of the interior will follow immediately upon the meeting of the cabinet September 26, to attend which he is now en route from Seattle, or whether he will retain his position indefinitely, at least until after the delivery to Congress of reports of the committee which investigated his stewardship of the public domain, depends now upon the attitude of his cabinet associates.

Mr. Ballinger is coming to Washington, his friends here insist, wholly unconscious of any act on his part for which he should be condemned, and has determined to force his claim and his official colleagues to be his judges.

If they concur in the view at present attributed to Mr. Taft, that the accused secretary shall be sustained as innocent and persecuted, he will retain his position; if they fail to back him up he will resign forthwith.

That this is substance in Mr. Ballinger's position was learned here today, upon authority hardly to be questioned.

At the first meeting of the cabinet after the summer recess, Secretary of War Dickenson, the Democrat, will not have returned from the Philippines and will therefore be saved the embarrassment of participation in what is regarded largely as a problem of Republican policy.

The meeting is expected to last three days, and the President expects to clear up a number of important matters, but it will surprise nobody here if the Ballinger case occupies a large part of the time.

Rumors have been constant and decided definite here during the past few days to the effect that Mr. Ballinger's resignation would be one of the first developments of the cabinet meeting, but his friends have refused to believe that he would retire under fire.

Nobody here doubts that a majority—all but one of the Republican members—of the so-called Ballinger-Finchel investigation committee will sustain Secretary Ballinger in their report to Congress. But Secretary Ballinger and his partisans here were greatly disappointed at the absence of Senators Root and Flint from the Minnesota meeting, which left the pro-Ballinger portion of the committee in the minority and permitted the Democrats and the insurgent Republican member to put forth reports condemning him, which for many weeks will stand before the country as the only findings of the investigating committee; whereas he had relied upon the majority for a vindication.

It is this failure of the committee to take final action which, it is said, has determined Secretary Ballinger's course. It was said here to-day by a close friend of the secretary that had the majority of the committee been ready to report at the Minneapolis meeting, he would have then tendered his resignation to the president, and urged its acceptance on the ground that the dissensions to which he has been a party were detrimental to the public interest.

When it became apparent that no committee decision could be looked for for several months, Mr. Ballinger, unable as he sees to resign, has decided, it is said, to demand of his superior and his cabinet associates either vindication or condemnation.

ZIMMERMAN VERSATILE. Cubs' Utility Man Has Made Good in All Positions.

All positions on a ball team look alike to Heinie Zimmerman, the handy man of the Chicago Cubs.

One day it is second base, the next a trial on short or third, and just by way of further demonstrating his versatile qualities the hitting favorite, better known in

or Bush. But he's too anxious. This account for nine-tenths of the wild heaves credited to him.

It would not surprise any of the Chicago fans to hear of Zimmie drawing a permanent berth in center field before the Cubs are many summers older. Not that Artie Hofman is falling off in his work, but chance expressed a desire to doff the role of the playing manager, and this transaction is liable to come next spring.

In the event that "Hus" retires to lead his host from the bench the skillful Mr. Hofman in all probability will be shown over to first. Then if Zimmie shows real class in the field, court-vorting between the veterans, Sheppard and Schulte, prospects are bright for Heinie breaking into the picture as a full fledged regular.

The utility man is a bench warmer by trade with nine out of ten major leagues, because the regulars, as a rule, manage to keep in playing condition throughout the season. Every club must carry a corps of substitutes, and in this respect the Cubs loom up more favorably than any other club in major league society.

Schultz to Play Professional Football. Germany Schultz, the big center of the Michigan football team for the past three years, is to go into football professionally this fall.

He has agreed, it is reported, to play center rush and captain the Oakwood eleven of Cincinnati, which is one of the strongest semi-professional teams in the country. Games will be played on Sundays in Ohio, Illinois and Pennsylvania.

\$150,000,000 FROM KLONDIKE. The Amount of Gold Taken Out Since 1898—A Like Amount Remains.

Washington, Sept. 17.—The Klondike placer mining district in Alaska has produced \$150,000,000 in gold since 1898 and mining experts estimate the amount yet to be mined will equal that already produced.

Consul Cole of Dawson states that the gold output for 1910 will exceed that of 1909, when more than three and a half millions were produced. Most of this gold, he states, was shipped to the United States. A small quantity went to the new Canadian mint.

Consul Cole reports that rich deposits of copper ore have been discovered in the southern part of the Klondike district.

CHOLERA CLAIMS 100,000

Total For the Year in Russian Empire

THE PLAGUE IS SPREADING

Eastward in Siberia—Now Threatens Province of Amur—Slight Decrease in the Number of Cases in Russia Proper.

St. Petersburg, Sept. 17.—The cholera epidemic, which, originating in Southern Russia, has claimed already upwards of 100,000 victims, is stretching its way across Asiatic Russia and today was officially declared to threaten the province of Amur in Southeast Siberia, and separated by the Amur river from Manchuria.

The reports now in possession of the sanitary bureau show a total for the season of 182,227 cases with 83,613 deaths. These include the early returns for the week ending Sept. 10, and the revised figures for the preceding week.

Complete reports for the week of Sept. 4-Sept. 10 inclusive, are lacking, but the total seven days at hand are 7559 cases with 3537 deaths. The totals for the preceding week are 13,330 cases with 6187 deaths.

The returns for the last week show fifty deaths in St. Petersburg. Thursday there were 47 new cases and 10 deaths in the city of St. Petersburg. This brings the total in the capital up to 82,800 cases with 1310 deaths.

The totals in the aggregate show a falling off of cases and deaths.

PIE AND BEANS SAP OUR VITALS

New England's Favorite Diet Leading to Deterioration of the Race Here.

Detroit, Mich., Sept. 17.—Well-cooked vegetables, rice, and meat, as opposed to New England mince pie and Boston baked beans, have made the "graceful, self-controlled Turk the superior of the nervous, lank New Englander."

This was the contention laid down before the Mississippi Valley Medical association yesterday by Dr. Fenton B. Turk of Chicago.

"Diet has more to do with the making of great men or the deteriorating of the human race to the level of the brute than anything else," declared Dr. Turk.

"Compare that armor-plate mince pie diet indulged in by all America with the two sane meals a day that are enabling Turkey to produce the finest specimens of physical manhood in the world. Mince pie and beans are bringing about a race deterioration not alone in Connecticut and Maine."

MITCHELL AFTER GAMBLERS. New York's Acting Mayor Says Gambling Must Be Stamped Out.

New York, Sept. 17.—Property owners in New York who permit their buildings to be used for gambling purposes or as disorderly houses are face to face with exposure.

Acting Mayor Mitchell announced yesterday that he had sent a list of such houses, together with the names and addresses of the "respectable owners," to police commissioner Baker for investigation.

Mr. Mitchell has likewise enlisted the aid of District Attorney Whitman, and prosecutions are promised.

A month ago the acting mayor sent a list of gambling and disorderly houses to the commissioner, together with the prices they paid for protection. Dissatisfied with the failure of the police to act more expeditiously, he sent a second letter, outlining his plan to expose property owners.

The commissioner is expected to serve notice on owners of the character of their tenants, and to place all evidence in the hands of the district attorney. It is the intention then to take the matter up with the grand jury.

District Attorney Whitman announced last night that he would co-operate with Mr. Mitchell in every way possible and will prosecute all violations of the law.

PANAMA ANNEXATION To United States Is Considered Inevitable Within a Year.

Washington, D. C., Sept. 16.—Howard Johnson of Colon, Panama, who is here, predicted to-day the early annexation of Panama by the United States. As the result of present politics there, annexation is inevitable, he says, probably within a year.

He considers that the world powers, believing that the United States must be responsible for administering the world commerce through the canal, look with favor on such an achievement.

ALL QUIET IN KOREA. Japanese General Denounces Authors of Stories to the Contrary.

Seoul, Korea, Sept. 17.—General Akashi of the Japanese army stated yesterday that quiet prevailed throughout Korea. He said that the inventors of the stories that disturbances had been frequent and that several Koreans had committed suicide in protest against Japanese domination would soon be compelled to prove their assertions in a court of law.

ANOTHER CUSTOMS SEIZURE. Jewels, Valued at About \$10,000, Taken from New York Woman.

New York, Sept. 17.—Jewels which the customs authorities roughly appraised at \$10,000 were taken Thursday night from Mrs. M. L. Morgenthau, the wife of a wealthy candy manufacturer of this city, who was a returning passenger on the Manzanita.

Mr. Morgenthau declared dutiable wearing apparel to the amount of \$700 in behalf of his wife and two daughters. The trunks were searched, notwithstanding, and the disclosures then made resulted in a whispered consultation between the Morgenthaus and customs authorities, which resulted in raising to \$2,100. Still the inspectors were not satisfied.

They searched Mrs. Morgenthau and found two pearl necklaces and a rope of pearls with a diamond pendant.

Morgenthau appeared at the custom house yesterday and admitted to the authorities that in the declaration he made he had failed to mention all the things he and his family had brought with them, including \$2,000 worth of jewelry. Morgenthau was arrested and will be arraigned before commissioner Shields, charged with attempted smuggling. Morgenthau was accompanied to the custom house by his wife and two daughters.

On the other hand are the Roosevelt men, Griscom, Herbert Parsons and others, who are having some little consolation in shouting "Down with the bosses," but have to stop and wonder once in a while what they will shout after the convention, if, perchance, their leader of the present moment should control that gathering. For supposing that Roosevelt dominates the convention and names a ticket; what could such a ticket run on? Nothing, so far as state issues are concerned, but the Hughes policies and the Hughes accomplishments. It will do not good after the Saratoga convention to talk about bossism within the Republican party; that will be an issue for the opposition. So will Canonism and conservatism and all the other ills of the early autumn politics. Supporting that the Hughes policies are taken up: It is certain that the Democrats will go further in the direction of state-wide primaries than the Republicans, under Roosevelt's domination, will be disposed to do, and if the Saratoga convention should declare for a limited application of the principle and the Democratic convention, as is not unlikely, for a state-wide application, the Democrats could turn the whole line of speeches made by Governor Hughes down to the time when he finally accepted the Cobb compromise bill, and pass back the Hughes arguments one by one for their Republican friends to answer. Nor are these so-called Roosevelt Republicans better pleased when they consider the past than they are in contemplating the future. They, too, blame Governor Hughes for not having "treated the organization right."

GRUBER'S RESOLUTION TABLED. Offered One Condemning Roosevelt's Criticism of Courts.

New York, Sept. 17.—After the New York county Republican committee had re-elected unanimously Lloyd C. Griscom as its president last night, Abraham Gruber, an assembly district leader, who had frequently gone on record against Theodore Roosevelt, sounded the only discordant note of the meeting by offering the following resolution:—

"Resolved, that the Republican county committee of New York disapproves as unjust and dangerous to the liberties of the people the utterances of ex-President Roosevelt in respect to the judges of the United States supreme court and the court of appeals."

With a shout of disapproval, the resolution was tabled and the meeting adjourned.

WILSON TO LEAVE PRINCETON. University President Nominated for Governor Will Resign.

Princeton, N. J., Sept. 17.—Dr. Woodrow Wilson, who was Thursday nominated for governor of New Jersey by the Democratic state convention, said yesterday afternoon that he would offer his resignation as president of Princeton to the board of trustees at its next meeting, on October 29.

It is understood that Dr. Wilson will not urge the trustees to accept his resignation immediately. Telegrams have been pouring in on the Democratic nominee by the score since Thursday night. Dr. Wilson mentioned, especially one from Frank Katzenbach, Jr., of Trenton, his strongest rival for the nomination. He said it was couched in friendly terms
