Harvest Social and Sale Very Successful Affair.

The harvest social and sale at the Congregational vestry last Friday evening, under the auspices of the C. E. society, was a decided success. The room was tastefully decorated with branches of beautiful autumn-tinted maples from Cabot groves, interspersed with stately ferns, while tables and stands were laden with the luscious products of field, garden, orchard, vine and shrub. The floral display was beyond compare with any year previously known, consisting of poppies, gladiolas, nasturtiums, petunias, sweet peas, pansies, phlox and carnations, all being tastefully arranged. A goodly supply was donated by Mrs. H. O. Dwinell. A sumptuous supper was furnished by the ladies, which would amply satisfy the hunger of anyone present. After supper, the vegetables and flowers were mostly sold to the highest bidder, B. G. Rogers acting as auctioneer. A blue ribbon premium of honor was awarded to the one having the largest and best display of articles, which went to Col. H. S. Foster of Calais, who furnished apples, turnips, squash, kohi rabi and beets. The proceeds of this sale amounted to \$25. Much credit is due the committees having the affair in charge.

A quiet home wedding took place at the home of the bride's father, Will Stone, Saturday, when his daughter, Maudie and Cecil Foster were united in marriage by Rev. F. E. Currier.

Forced to Leave Home. Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson of Calamie, Ark. "When all else failed, and I gained 47 pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, la grippe, asthma, croup—all throat and lung troubles. 50c and \$1.00. Trial bottle free at the Red Cross Pharmacy.

WILL REGULATE ALL KIDNEY DISORDERS

A Few Doses Make Kidneys Act Fine, Ending Backache, Bladder and Urinary Misery. Kidney disease is the most dangerous, because the first symptoms are seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

Some of the symptoms, though, cannot be mistaken; for instance, sick, unhealthy kidneys cause thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, or there is dull misery in the sides and loins, headaches and dizzy spells may occur, nervous twitchings, disturbed sleep, inflamed or puffy eyelids, weakness, bilious stomach, heart palpitations or the sufferer is often weighed down by a feeling of languor or fatigue.

The time to cure kidney trouble is while it is only trouble—before it settles into diabetes, dropsy, gravel or Bright's disease. The moment you suspect the slightest kidney, bladder or urinary disorder, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so prompt and thorough a cure.

Don't be miserable and remain in danger another moment because of a lame back or clogged, inactive kidneys or bladder or urinary misery; all this will go after you take Pape's Diuretic for a few days.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—30-cent treatment—sold by every druggist in the world.

English As She Is Spoken. I am not pedantic, I hope. But some of the words that I hear in general usage to-day do jar on a sensitive ear.

Grammatical errors and slang I'll excuse, but I candidly own I cannot and will not forgive "The man who says 'auto' and 'phone'."

But now a new nuisance is here, and worse than the rest, I maintain, I feel just as if I could choke "The man who says 'aeroplane!'"

—Judge.

Miss Hope Principal of Boston Public Cooking School for 15 years, says of

Crawford Ranges

"I have used several makes of ranges but consider the Crawford the best. It uses less coal and gives a more even heat than any range I ever saw."

The Single Damper (patented) affords the only perfect control of fire and oven.

The Oven has no "cold corners" nor "scorching spots," because of the cup-joint heat flues.

The Two Hods in the base, one for ashes instead of the old clumsy ash pan, and one for coal, is a wonderful trouble-saving idea.

Patented Grates. Ask the Crawford agent to show you. Write us for circular.
