

Years of Suffering

Catarrah and Blood Disease—Doctors Failed to Cure. Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrah and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarrah."

FEDERAL PLAN FOR BRITAIN

Constitutional Convention to Be Held Next Year

HOME RULE AGREED TO

Ireland Like State in Union—Both Sides Wanting to Grant Such Autonomy as Ohio or Ontario Enjoys.

London, Nov. 5.—It may now be announced on the best authority that the conference of the leaders of the government and of the opposition to consider the question of the House of Lords will result in the holding of a broad constitutional convention next year which will deal with the whole subject of the federation of the British empire.

NO MORE DANDRUFF

The Red Cross Pharmacy Sells the Remedy that is Guaranteed to Kill All Dandruff Germs.

Of course you and every intelligent reader of The Times knows that dandruff is caused by a germ. Dr. Sagerlund, the great French physician, proved this beyond a doubt.

If you have dandruff, get a large 50-cent bottle to-day and rid yourself of it. Remember that if dandruff germs are not destroyed in time the hair will surely fall out and baldness will follow.

Here's proof of what Parisian Sage has done: It will do more. It is the finest hair grower and hair dressing in the world, and people who use it regularly will never grow bald.

BOYS BURNED TO DEATH AT PLAY

Third Dying From Hurts Received Afterwards

STARTING FIRE IN CELLAR

Excelsior Pile Flames Up—Firemen Find Place Like Furnace—One Lad Rushes Out, Clothes Blazing.

Springfield, Mass., Nov. 5.—Three small boys playing with matches caused a fire that burned two of them to death and injured the third so seriously that he is not expected to recover.

The fire was confined to the cellar, causing a property damage of about \$500.

The Wheeler boys were the children of Henry A. Wheeler of 31 Grace street.

WOMAN KICKED TO HER DEATH. Hurler from Fire Escapes at One of Many New York Fires.

New York, Nov. 5.—One woman was killed, several persons were injured and there were numerous escapes in fires in various sections of the city yesterday.

Mrs. Rebecca Almer, the woman killed, is declared by witnesses to have been kicked from a third floor fire escape to her death in the courtyard below, while she was fleeing with her husband and children from a fire set by an incendiary in the Clinton street tenement in which they lived.

Another woman fell from the rear fire escape and was badly hurt. The police and firemen effected many rescues. The building was badly damaged.

In a fire in a West One Hundred and Thirty-first street apartment house, policemen carried most of the panic-stricken occupants, and only in their right clothes, down the fire escapes. One woman was badly injured by a fall.

Several firemen were injured by flying glass and brick following an explosion of acid tanks during a fire in a loft building in Bleeker street.

The nature of the promised sensation is unknown to the police of Philadelphia, although they declare that the authorities of New York have been searching for nearly eighteen months for Dumphy. He is wanted, it is said, by them in connection with a secret investigation conducted for about a year by the district attorney.

Dumphy is a promoter of mining stocks and, so far as is known, he has no offices in this city. He is alleged to have been an associate of the promoters of the Arme Lubricator company, which concern was attacked several days ago in an attempt to show that D. Clarence Gibbons, reform candidate for lieutenant governor, had been a recipient of its stock. Dumphy had no direct connection with the company police, officials declare.

AMUSEMENT NOTES.

Barre Is Included in the Beginning of Sousa's World Tour.

Sousa and his band have just completed one of the most successful tours of their career through New York and eastern Pennsylvania, playing an entire week at the annual exposition there. Their receipts were greater than those of any former tour.

Sousa starts this tour at the Metropolitan opera house on November 6. This is the first time he has appeared at this theatre in over five years and big receipts are assured. This is the only concert in New York.

After his New England and Canadian trip, the band starts on their world tour December 31. For their passage from New York to Liverpool they have chartered the entire first cabin of the steamer Baltic, of the White Star line. On this trip, Mr. Sousa will be accompanied by his wife and family. After landing in Liverpool, the band will give about 120 concerts in Great Britain, touring Ireland, Scotland, and Wales. Two concerts will be given in Queen's hall, London. One will be the starting and the end of the Great Britain tour.

From Great Britain the band goes to Germany playing about 50 concerts in that territory. They continue their way to southern Europe, playing Spain, Portugal, Italy, etc.

From Europe they go to South Africa, giving about 50 concerts in Egypt, Morocco, etc.

From Egypt the band goes to the island of Suva, one of the Fiji group. They play two concerts while awaiting the arrival of the next steamer. This is the first organization that has ever attempted a concert on these islands.

From the island of Suva, the band proceeds to Honolulu, Hawaii, from which point it makes a two weeks tour of the Hawaiian islands, where the concerts are given under the direction of the American consulate there, and great interest is being shown there and the people are awaiting Sousa's arrival with the greatest enthusiasm.

From Hawaii the band leaves for Australia, touring this continent thoroughly, giving concerts in Melbourne, Sydney, etc., leaving this continent for Vancouver, B. C., where they land probably sometime in December, 1911, or January, 1912.

From Vancouver they tour northern Canada and the entire Pacific coast, arriving back in New York probably sometime in July, 1912, and being gone about a year and a half.

This is the pioneer musical organization to make such a gigantic tour of this character, and to such unknown points, and it entails a great deal of money. The probable expense of the entire trip will reach in the neighborhood of \$250,000. Sousa and his band will give one grand concert at the Barre opera house on Friday evening, Nov. 18.

BREAKS UP A COLD IN SEVERAL HOURS

Most Effective and Harmless Way to Cure a Severe Cold and End All Grippe Misery.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, fullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25c package of Pape's Cold Compound, which any druggist in the world can supply.

NOME SWEEPED BY A TIDAL WAVE

Houses Destroyed, Shipping Washed Ashore, and Streets Flooded by Onrush of Tide.

Nome, Alaska, Nov. 5.—A terrific surf, unaccompanied by wind or disturbance of the air, swept the beach and across the Nome sandspit Thursday, destroying two houses and fifteen cabins and doing great damage to shipping.

Late Thursday night the surf began to subside. No one here is able to account for the phenomenon, which some attribute to submarine volcanic action and others to the recent eclipse. The water rose to the highest point ever seen here.

The schooner Mary Sachs was picked up from mooring by the mighty rush of waters and deposited in a split-second in the water, where it lay for the winter were swept far up on the beach by the waves.

For several months Mount Bogoslov and Mount Shishaldin, near Unalakleet, have been spouting fire and lava at short intervals, and the Bogoslov islands have been undergoing peculiar contortions.

ARREST MAY HIT WALL STREET MEN

Sensational Disclosures Predicted as the Result of Capture of Dumphy in Philadelphia.

Philadelphia, Nov. 5.—The arrest in this city of Arthur A. Dumphy, who was yesterday arraigned before Magistrate Scott at the City hall and held to await requisition papers from New York on charges of grand larceny, will be used as a stepping stone, detectives say, to uncover financial deals in an investigation by the district attorney.

Sensational disclosures and the arrest of several other men with offices in Wall street district are predicted by the police as soon as Dumphy is taken to that city.

The nature of the promised sensation is unknown to the police of Philadelphia, although they declare that the authorities of New York have been searching for nearly eighteen months for Dumphy. He is wanted, it is said, by them in connection with a secret investigation conducted for about a year by the district attorney.

Dumphy is a promoter of mining stocks and, so far as is known, he has no offices in this city. He is alleged to have been an associate of the promoters of the Arme Lubricator company, which concern was attacked several days ago in an attempt to show that D. Clarence Gibbons, reform candidate for lieutenant governor, had been a recipient of its stock. Dumphy had no direct connection with the company police, officials declare.

Piles Bring Despair

Take Courage! Internal Treatment Will Cure.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying especially as Burt H. Wells, Barre, Vt., guarantees it.

Dr. Leonard's Hemo-Roid costs \$1 for a large box—34 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

PLAYING CARDS

At this season of the year the days are shorter and the evenings longer, and you spend more time at home and the club.

You Probably Play Cards

We have an elegant line of Playing Cards

Beautiful backs in new designs.

Small sizes, medium sizes, regular sizes, at any price you may wish to pay.

We have the Best Value at 25c that I ever saw. This is a gift edge card with fancy back in different designs. Come in and look them over.

D. F. DAVIS "The Druggist"

262 North Main St., Barre, Vt.

BUSY TIME IN THE HOUSE

The Evergreen Tree Tax Bill Was Passed Late Yesterday

SEVERAL NEW BILLS IN

New Measure in the Senate Provides for Commitment of Inebriates to an Institution or into Custody of Some Individual.

A rather busy session of the Vermont House preceded the usual over-Sunday adjournment for recess yesterday afternoon, during which several new bills were introduced and routine matter was transacted. There was a light attendance, however.

The following were the new measures introduced:—

By Mr. Davis of Fairlee, an act to enable towns so voting to re-establish and permanently mark their corners and boundary line.

By Mr. Carpenter of Northfield, to amend section 4 of No. 124 of 1872, as amended by No. 249, acts of 1898, relating to the Alpha Sigma Phi society.

By Mr. Bean of Newport, an act to amend No. 295 of the acts of 1908, entitled, An act to establish a municipal court within and for the county of Orleans. It fixes the salary at \$500 and necessary expenses and court room at \$150.

By Mr. Bailey of Randolph, an act relating to the practice of veterinary medicine, surgery and dentistry. It creates a board of five members, to be appointed by the governor; member to serve five years, except first appointees, whose terms shall expire respectively December 1, 1911, and on first day of each succeeding December until December, 1913. They to hold annual meetings on February 1.

A substitute bill, to be known as H. 246, was reported for H. 100, regulating the location and licensing of theatres and other places of amusement, and was ordered to lie and be printed.

The bill amending an act relating to the examination of pupils for advanced instruction was read a third time and passed.

An act relating to evergreen trees, known as "the Christmas tree bill," was read a third time. Dr. Bryant of Ludlow moved to reconsider the vote adopting an amendment which provides that the act shall take effect from its passage. He thought the intent of the bill was not to punish any person who heretofore had been proceeding under his legal rights. He said he had been informed that the passage of the bill as amended would cause a loss of \$10,000 on account of contracts already made and partly executed. He thought the purpose of the bill was to prevent the continuance of further evils in the destruction of trees. Mr. Martin of Brookline thought that a provision of the act requiring the filling out of blanks would take thirty days to carry into effect. Mr. Peck of Burlington said an act imposing contracts would be unconstitutional. The motion to reconsider was adopted, the amendment was disagreed to and the bill was passed. The act will take effect February 1 next.

On motion of Mr. Babbit of Rockingham, the governor was requested to return H. 90, called for by the Senate.

The bill relating to the operation of railways was reported with proposals of amendment, which were agreed to, and the bill was ordered to a third reading Monday morning.

Third Reading Ordered. The following bills were ordered to a third reading:—

H. 175, as amended, an act to amend section 625 of the public statutes, relating to the sale of land for taxes.

H. 76, an act to amend section 5125 of the public statutes, relating to granting of licenses.

H. 197, an act defining the duties of the commissioner of agriculture, as relating to creameries, cheese factories, condensaries.

On motion of Mr. Gatchell of Charleston, the House adjourned.

The Short Senate Session.

The session of the Senate was brief yesterday afternoon. Senator Powell asked that the Senate reconsider its vote on S. 58, and that it be ordered to lie. This was agreed to.

Senator Archibald asked that the Senate reconsider its vote on H. 21, relative to bounty on porcupines. This was agreed to, and the bill was amended and passed.

These bills were introduced:— By Senator Archibald of Bennington, relating to fowling. It provides that persons or corporations who dam any stream in the state and high water damage bridges, or bridges, and or property, partly damaged may recover treble damages in an action under this statute.

By Adams of Windham, an act relating to the treatment of inebriates. It amends sections 3736, 3737, 3738. It provides that habitual drunkards may be committed by probate court on hearing to an institution in this state or into custody of some person and may be released on parole, their estates, if any, to pay expenses. Drunkards may be committed from four to twelve months, and dipomanics for three years.

Passed in Concurrence. H. 21, an act relating to bounty on porcupines, with an amendment "to take effect Jan. 1, 1911."

Ordered to lie as special order: H. 66, relating to public buildings. On motion of Senator Davis, the Senate adjourned.

STRIKE NEARLY OVER.

Chicago Garment Workers Are Likely to Soon Resume Work. Chicago, Nov. 5.—Following the settlement of the garment workers' strike with two firms Thursday, the situation was quiet yesterday. Police were still on guard, but during the forenoon were not called on to suppress any disorders. Pickets were not in evidence, nor were the usual crowds about the shops.

A settlement is believed to be in sight.

CHILD WARD OF THE STATE.

Court Holds It Is Property of Neither Parent After Divorce. New York, Nov. 5.—Judge Bischoff in the supreme court Thursday made clear the status of a child whose parents have been divorced. Mrs. Alice H. Snead, who obtained a divorce from Albert C. Snead, applied to have the decree as to the custody of her daughter, Ruth, modified so as to give the mother the sole custody. Mrs. Snead is now Mrs. J. Morris, and her first husband has also remarried. By agreement the custody of the child was divided between the parents.

"The child is the property of neither parent," Judge Bischoff declared. "She is the ward of the state." The court reserved decision.

JAIL FOR SELLING BAD EGGS.

Two Prison Sentences Imposed Under Recent Pennsylvania Act. Philadelphia, Nov. 5.—The first prison penalty imposed under a recent act of the legislature for selling eggs unfit for food was passed by Judge Barratt in the quarter sessions court here yesterday, when he sentenced George D. Ellis.

Who Will Claim Them? Letters unclaimed for at the Barre post office for the week ending November 3, 1910, were as follows: Men: Joseph Parris, Donna M. Baradisi, Guilo Beltrami, Isidore Bernacca, Fred Burke, J. Campora, W. E. Clark, Cleo Credi, Giovanni Galli, Burt Goodwin, Frank Hale, D. Keith, M. McLaughlin, W. H. McLaughlin, James E. McLeod, Andrew Miles, Henry Poulsen, U. F. Rowell, Mr. Sackol, A. J. Sadaka, F. W. Shea, William Walker, Fred Williams, Wm. Williams, F. E. Wood, W. J. Young.

Women: Mrs. Josephine Brown, Miss Crothers, care of Mr. Herbert Carr, Mrs. John Fales, Mrs. Willie Henry, Ella Hudson, Mrs. E. H. Miller, Miss Katherine Rivers, Mrs. Alice St. Pierre, Mrs. Ada Trengli.

NEW CORPORATIONS. Beaver Brook Lumber Company Incorporates for \$20,000.

Articles of association were filed in the office of the secretary of state yesterday by the Beaver Brook Lumber company, which is to be organized for the purposes of taking, purchasing, acquiring and owning lands, mills, and machinery and all kinds of property, real, personal and mixed, necessary and convenient for conducting a general lumber business; also buying, selling, owning, operating and carrying on agricultural lands, and having all the corporate rights and powers of a corporation organized under chapter 187 of the public statutes of Vermont.

The principal office will be located in the city of Rutland and the business will be carried on in the towns of Wallingford and Mount Holly in Rutland county and in other towns in the state elsewhere. The capital stock is to be \$20,000, divided into 200 shares of \$100 each. The subscribers are George T. Chaffee, Newman K. Chaffee and J. W. Blanchard, all of Rutland.

Articles of association were also filed by the Mountain View Cemetery association of Dover in the county of Windham. The subscribers are James L. Bartle, Sherwin L. Hill, Edwin J. Bartle, Carrie M. Bartlett and Julian A. Snow all of West Dover.

WOOD BLOCK PAVEMENT. How the Method Is Tried in Street Building in Berlin.

Less than a 2 per cent. of the street paving in Berlin is of wood blocks, which are made chiefly from Swedish pine, although a small amount of Australian hard wood has been used, and also native pine and beech and American yellow and white pine.

The blocks vary in width from 2.75 to 3.94 inches, in length from 7.00 to 11.81 inches and in height from 4.72 to 7.09 inches. Some of the blocks are impregnated with creosote, but a zinc chloride solution is used also. Still another method employed in Germany consists of immersing the paving blocks in large tanks containing a mixture of gas tar and heavy oil and allowing them to remain until thoroughly saturated, which requires from a few minutes to three-quarters of an hour. This system is not considered so efficient as the English method, however, because the oil has not an opportunity to penetrate as deeply into the blocks.—From the Municipal Journal.

A combination of the creosote and zinc chloride impregnation is the so-called English system, in which a mixture of crude carbolic acid or creosote and a water solution of zinc chloride is used. Still another method employed in Germany consists of immersing the paving blocks in large tanks containing a mixture of gas tar and heavy oil and allowing them to remain until thoroughly saturated, which requires from a few minutes to three-quarters of an hour. This system is not considered so efficient as the English method, however, because the oil has not an opportunity to penetrate as deeply into the blocks.—From the Municipal Journal.

TO BE RETIRED. Famous Mare Sonoma Girl Will Soon Trot Last Race.

Boston, Nov. 5.—Sonoma Girl, the famous mare trotting mare, with a mark of 2:04 1/4, has been retired from the turf by her owner, Miss Lotta Crabtree of this city. The mare is now in the West under the care of Dick McMahon and her last race, it is expected, will be at Phoenix, Ariz.

It is expected that with her retirement from the turf Sonoma Girl will pass from the ownership of Miss Crabtree to a leading stock farm.

Who Will Claim Them? Letters unclaimed for at the Barre post office for the week ending November 3, 1910, were as follows: Men: Joseph Parris, Donna M. Baradisi, Guilo Beltrami, Isidore Bernacca, Fred Burke, J. Campora, W. E. Clark, Cleo Credi, Giovanni Galli, Burt Goodwin, Frank Hale, D. Keith, M. McLaughlin, W. H. McLaughlin, James E. McLeod, Andrew Miles, Henry Poulsen, U. F. Rowell, Mr. Sackol, A. J. Sadaka, F. W. Shea, William Walker, Fred Williams, Wm. Williams, F. E. Wood, W. J. Young.

Women: Mrs. Josephine Brown, Miss Crothers, care of Mr. Herbert Carr, Mrs. John Fales, Mrs. Willie Henry, Ella Hudson, Mrs. E. H. Miller, Miss Katherine Rivers, Mrs. Alice St. Pierre, Mrs. Ada Trengli.
