"Jean, the Matchmaker" is a refined comedy, in which a dog is employed as a matchmaker, and results in a novel love episode. Many delightful surprises and situations, amid country scenes and exquisite stretches of nature, make this picture a very pleasing one. The dog in the picture performs his part to perfection and actually succeeds in his mission. The novelty of bringing the young people together finally through the medium of a cow, of which the girls were afraid, is a touch of fun which is different from the ordinary run. James West, all is fast winning the approval of all who hear his sweet, clear, tenor voice. At Dreamland.
