C. H. TAFT, State Manager,
Randolph Center, Vt.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allows that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Dollar Bottles Guaranteed. C. H. Kendrick & Co., Special Agents.

TRAVELERS' RAILWAY GUIDE.

Central Vermont Railway.
Trains leave Barre for White River Junction and Boston, and way stations, also Windsor and Bellows Falls and New York at 8:10 and 11:45 a. m. and 11:45 p. m. Also leave Barre for White River Junction, Bellows Falls, Burlington and New York at 5:45 p. m.
Trains leave Barre for Burlington, St. Albans, Montreal and way stations at 8:10 a. m., 3:05, 5:45 p. m. and 2:15 a. m.

Montpelier & Wells River Railroad.
Trains leave Barre for Wells River, connecting at that point with trains going both north and south, at 7:30 a. m., 12:25 and 3:45 p. m. The 12:25 train connects with trains for Boston, and north for Lisbon, Littleton, Fairbans and Lancaster, also with Montreal express, and the 3:45 and 2:45 trains with St. Johnsbury trains.
Trains leave Barre for Montpelier at 7:30, 10:55 a. m., 12:25, 2:45, 4:10 and 5:30 p. m.

Electric Street Railway.
Cars leave square in Barre for Montpelier at 15 minutes of the hour past the hour. Leave Montpelier for Barre on the hour and half hour until 10 p. m.

VERMONT STONE INTERESTS.

Valuable Contribution to Information by Prof. Perkins.

The seventh biennial report of Professor G. H. Perkins, state geologist, has just been issued from the press. The report makes a goodly volume of 360 pages and is finely illustrated by over seventy excellent plates and numerous text figures. The contents of the report add to Vermont geology a very considerable amount of permanently valuable material, such as must always be of service to anyone who is looking up the geology of Vermont. Besides that portion of the work furnished by the state geologist there is much which has been able to secure, often without cost, from eminent geologists, who have generously placed in his hands the results of their researches.

The volume opens with a full account of the contents of the state cabinet at Montpelier. The origin and history of these collections have never been published except in fragmentary fashion and the geologist has felt for some years that it is important that what is to be found there be recorded as fully as possible so that the account should serve as a sort of catalogue of the specimens and as a guide to those who visit the rooms at Montpelier. Moreover, as it has long been the plan of the curator to exhibit in the cabinet the natural history of Vermont as this plan has been quite successfully carried out, the lists given show pretty well what is found in the state. Had it been possible more of the finer specimens would have been illustrated as a few have been. The article contains a few very good plates of the Indian relics.

Dr. T. N. Dale of the U. S. geological survey has carefully examined the granite beds and quarries in the state and his report on the "Granite of Vermont" will be found very valuable as it is by far the most complete and accurate discussion of the subject that has been made.

The second article is a paper by Professor C. H. Hitchcock, recently of Dartmouth, on some interesting points in the "Surface Geology of the Champlain Basin." This paper will be of special interest to students of the physical geography of this region.

Following this is a paper by Dr. Raymond of the Canadian survey with numerous plates, on the "Triolithes of the Champlain Valley." This article, though necessarily of less popular interest than some of the others, has great scientific value. It describes and figures many new forms of the fossil animals of which it treats, most of which were found by the geologists in the famous "Edmunds Layer" on Isle La Motte.

A most important paper into which are condensed the geological researches of a lifetime is "The Geology of Addison County," by Professor Seely of Middlebury. Probably no portion of Vermont has been so carefully studied as has the area of Addison county by Professor Seely and those associated with him. Each town in the county is more or less fully taken up and its main geological features noted. Maps, plans, text figures and excellent plates supplement the fully complete illustration to the text. The very remarkable profusion of fossil forms that were formerly found in Fort Cassin is well described and figured.

Asbestos is found in a very few localities in the United States and one of the best is that on Belvidere mountain. The asbestos region of Eden and Lowell has been exhaustively investigated by Professor Richardson of Syracuse university and his report will be found of much value.

The report closes with a statement of the mineral resources of the state as they are developed up to the present time. Lists of the principle companies working rocks or minerals are given, that dealers or contractors in any part of the country may exactly find the addresses of those who may be able to supply them.

In all, it is safe to say that few states get more from the money expended on their geological work than does Vermont. It may also be added that few states have any more reason from a purely economical point of view to be liberal in supporting such work, for the future growth and wealth of this state depends more than that of most states upon the development and growth of the stone industries.

As we have hitherto remarked, Professor Perkins holds a leading rank among the geologists of America, and the people of Vermont are to be congratulated upon the fact that they are able to continue to profit by his prestige as well as his extended knowledge of matters pertaining to the development of Vermont.—Burlington Free Press.

SHARPLES SEPARATORS

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely take from the system all its powers of entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician, as the damage they will do is ten fold to the good you can possibly derive from them. Sold by Druggists. Price, 50c per bottle. Take Hall's Family Pills for constipation.

SHARPLES SEPARATORS

Having been prevailed upon by the Sharplese Separator Co., to take the agency for their separators, I have, after due consideration, decided that the Sharplese Separators are the best on the market that money can buy. Therefore, have decided to, and made contract for the agency of the Sharplese Separators in this locality and will be glad to call on any intending purchaser and test the superiority of the Sharplese against all other makes of Separators.

About the State

Hal T. Goodell of Readsboro, a grocer, has filed a petition in bankruptcy. There are liabilities of \$10,835.42 and assets of \$5,580, of which \$500 is claimed exempt.

The first robin to be seen in Middlebury this winter made its appearance in the neighborhood of the Logan house Wednesday. The little bird was plump and apparently happy.

Clement G. Ladd, the ten-year-old son of Mr. and Mrs. George A. Ladd of Shroton, sustained a compound fracture of his leg while coasting with a group of school children last week. The fracture was so severe that the bone protruded through the skin.

A bronze tablet will soon be placed in the Fletcher Free library in Burlington, in memory of Gen. Emerson H. Liscum, a former Burlingtonian, who was killed in the attack by United States troops at Tientsin, China, in the trouble connected with the boxer uprising.

Fire in South Dorset January 8 destroyed the cow barn of Merrit C. Phelps, with several tons of hay and all the farming tools. The cows were taken out safely. The fire seems to have been of incendiary origin, the loss being partly covered by insurance.

During a residence of forty-three years in that place, Mrs. Sarah Bartlett was never in the Island Pond post office until a short time since, when, happening to be in the village, she decided to call for the mail, which has always been carried to her by neighbors or members of the family.

Mrs. James McMahon of Fitchburg, Mass., arrived at the Bellows Falls station Wednesday to find that she had lost her purse containing over \$300. The woman was on her way to Saxtons River, where she has bought a farm, and missed the money as she was about to pay for a paper at the news stand. Mrs. McMahon said she had her purse in her hand bag at Fitchburg, and sent inquiries to all the stations along the Boston and Maine line, in an effort to locate her savings.

The comedy show, composed of Burlington young people, got into trouble before it had traveled far. In the company were four girls and eight boys, ranging from 17 to 21 years, and they appeared for the first time in Milton Wednesday evening, where they took in \$23. The next night they tried it again in the same place, had an audience of twelve persons and took in \$3. One of the number was ill at a boarding house and two were in the custody of an officer, following a complaint from their parents in Burlington, and of the four girls only one appeared on the stage the second night. The girls arrested were under age.

Hale and hearty at the age of 91 years, Louis C. Carron of Winooski celebrated his birthday anniversary January 15. Mr. Carron was born in St. Jacques, Canada, January 15, 1820, and 70 years ago moved to Winooski. With the exception of ten years, which he passed in Bakerfield, he has always made Winooski his home. In 1843 he married Miss Mary Barby of Derby Line, of which union seven children were born, five of whom are living. Mrs. Carron died in 1885. Mr. Carron, with the exception of a little defect in his hearing, is in remarkably good health, does regular daily tasks about the house, and is very active for one of his years.

SIGNED BY GOVERNOR.

New List of Laws Which Have Been Enacted by Legislature.

Gov. Mead has signed the following acts of the Vermont legislature:

H. 27. An act to amend section 2 of act No. 176 of the laws of 1908, entitled "An act relating to commitments for misdemeanors."

H. 34. An act in amendment of section 4596 of the public statutes relating to hearings held by the public service commission.

H. 104. An act to amend section 561 and to repeal section 569 of the public statutes, relating to the grand list.

H. 170. An act to amend section 554 of the public statutes relating to deductions on account of debts owing.

H. 200. An act relating to taxation of property of Brattleboro Masonic Building association.

H. 213. An act to extend the property of Randolph sanatorium from taxation.

H. 290. An act to amend No. 109 of the acts of 1896, as amended by 194 of the acts of 1898, entitled "An act granting certain powers to the village of Jeffersonville."

H. 332. An act to prevent the purloining of books and other property from certain libraries.

H. 457. An act in amendment of section 1 of No. 141 of the acts of 1908, entitled "An act relating to the taking of pickled."

H. 509. An act in addition to the charter of the village of Randolph.

H. 602. An act to incorporate the village of West Glover.

H. 603. An act to incorporate the Taquamung club of Swanton.

H. 614. An act granting a ferry to Archie J. Cook at Larrabee's Point in the town of Shoreham.

H. 628. An act to legalize the grand list of the town of West Fairlee for the year 1910.

H. 628. An act to legalize the quadrennial appraisal of the town of Glasbury for the year 1910.

H. 629. An act legalizing the quadrennial appraisal and grand list of the year 1910 of the town of Charleston.

H. 630. An act in amendment of section 2 of No. 284 of the acts of 1904, entitled "An act to incorporate the Hartford Cemetery association."

H. 632. An act in amendment of sections 3079 and 3080 of the public statutes relating to notice when libel is out of the state.

H. 623. An act to amend section 5 of an act entitled, "An act defining the duties of commissioner of agriculture as relating to creameries, cheese factories, condensaries and receiving stations for milk and cream," approved Nov. 17, 1910.

H. 625. An act to amend an act entitled "An act to protect muskrats in Addison county," approved Dec. 3, 1910, relating to the penalty.

H. 636. An act in addition to section 2 of No. 305 of the acts of 1906, relating to fire district No. 1 in Wallingford.

Solves a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote C. B. Rader of Lewisburg, Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of rheumatism and the chronic rheumatism from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at the Red Cross Pharmacy.

No, Not Ready to Secede.

The Vermont legislature rather emphatically refuses to ratify the income tax amendment. This means that in the opinion of that body the federal government, in time of emergency, should have its hands tied—should be denied important and even necessary revenue powers possessed by every other nation under the sun. Still it does not necessarily follow that Vermont is preparing to secede from the Union—Springfield, Mass., Republican.

LIKE FINDING MONEY

D. F. Davis Offers Popular Medicine at Half Price.

D. F. Davis, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50-cent bottle of Dr. Hov's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount, he agrees to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist D. F. Davis, that this medicine could be bought for less than fifty cents. He urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified a good judgment, for the sale has been something remarkable.

CARRIAGE REPAIR SHOP

The woodworking shop and the blacksmith shop are under one roof. We carry a large assortment of stock, have machinery to finish it and the best of workmen to put it together. We do horsehoes and also have new and second-hand sleighs and wagons for sale. All work guaranteed at.

A. J. STEWART'S SHOP,
24 and 26 Prospect St., Barre, Vt.

GOOD BYE TO INDIGESTION.

All Druggists Claim Seaver's Dyspepsia Tablets Are Driving Dyspepsia Out.

The above is a strong statement, but experience right here in Barre and East Barre proves it to be really true. The evidence is positive, there is no guess work about it. D. F. Davis and Frank Roark have been selling Seaver's Dyspepsia Tablets for some time, and many of their customers have been in to tell of the benefits received. One woman says they have increased her weight nearly ten pounds; another had chronic dyspepsia for years and can now eat anything she wants to without distress afterward.

One man is grateful because Seaver's Dyspepsia Tablets have cured him of nervousness. Another says it has relieved the pain around his heart. Just think of it; here is a remedy that must cure you of sour stomach, wind belching, dizzy spells, nausea, indigestion, sick headache and every other form of indigestion, or it will not cost you one cent.

Every box of Seaver's Dyspepsia Tablets in fifty-cent size contains 20 days' treatment. They will make you feel better right away. They will clear up your complexion. They will put new color in your cheeks, they will almost certainly increase your weight, they will give you new nerve force, new energy, new strength; and if you feel run down or low spirited you will see an improvement almost beyond belief.

Just call on the above druggists and ask for their honest opinion of Seaver's Famous Dyspepsia Tablets. Try them. If you cure you, you certainly will be glad you spent the money. If they do not help you, all you need to do is to return them to the druggist, and they will give you back the money drawn and pay you back your money.

GOOD BYE TO INDIGESTION.

All Druggists Claim Seaver's Dyspepsia Tablets Are Driving Dyspepsia Out.

The above is a strong statement, but experience right here in Barre and East Barre proves it to be really true. The evidence is positive, there is no guess work about it. D. F. Davis and Frank Roark have been selling Seaver's Dyspepsia Tablets for some time, and many of their customers have been in to tell of the benefits received. One woman says they have increased her weight nearly ten pounds; another had chronic dyspepsia for years and can now eat anything she wants to without distress afterward.

One man is grateful because Seaver's Dyspepsia Tablets have cured him of nervousness. Another says it has relieved the pain around his heart. Just think of it; here is a remedy that must cure you of sour stomach, wind belching, dizzy spells, nausea, indigestion, sick headache and every other form of indigestion, or it will not cost you one cent.
