#### To Newly Married Folks:

It is to those who have shuffled off their mortal coil of single blessedness that we address ourselves today. It is to their sense of the economical, to their appreciation of the elegant and the good things in house-furnishings that we wish to appeal. We know that we are in a position to help you materially on the economical side, and a casual glimpse into our great store, filled to its utmost capacity with good equipment for your new home, will convince you that we possess the elegant and substantial things. Young man, if you've just been married, or are just about to be, come in and look around a bit. Bring the girl with you, for it's a ten to one shot that she's got a better idea of what's wanted in the newly made nest than you have—and, anyway, what's to be bought. Bring her in, we say, and let some of us go through the store and show you how cheaply a house can be furnished throughout by us.

First: By Seeing the new patterns and colorings, and Second: By Comparing with the trade estimate and these prices.
