How to Stop Drinking

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that follows his debauches, and then—break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased, and he must have treatment that will cure this condition. If Orinone does not benefit after a trial, we refund your money. Can be written secretly.

School Supt. Brownscombe Submits His Annual Report.

The report of F. J. Brownscombe, superintendent of schools, which was made public to-day, indicates that the educational work of the community has been carried on in a praiseworthy way. Some new achievements during the past year have proved beneficial and numerous improvements about the buildings have aided the teachers in their work. The salaries of the teachers in the high school have been increased from \$537 to \$798, and of grade teachers from \$424 to \$533 in the last few years. The average of pupils to a teacher, 40.2, indicates that there is need of more space and more teachers. The total enrollment in December, 1910, was 1,046; in the high school, 182. In 1904, when Mr. Brownscombe entered upon his duties as superintendent, there were 861 cases of tardiness and in 1910 this was reduced to 115. The school has two good literary societies, a Thespian club, a camera and snowshoe club, an orchestra and band, and the social life of the school has proved very beneficial.

The board of civil authority met last evening to make some necessary changes in the checklist. There was some excitement and energetic language over the right to vote of David Spicer, whose right Robert Johnson questioned, and Johnson's right was in turn questioned by Spicer. Mr. Johnson showed papers from the United States district court, proving that he took the freeman's oath in 1904. He was born in Leeds, Canada. Then papers were shown to the effect that Mr. Spicer's father, David M. Spicer, was born in Canada, also his son, David, jr. This the son denied, saying that his father was born in Peacham, this state, and had voted in various towns in this state and in Massachusetts. He also stated that David, sr. had sworn that his son was born in the United States. Mr. Spicer said the objection to his voting had been raised by Mr. Johnson at the instigation of Charles DeF. Baneroff. This Mr. Baneroff denied, and ill-sounding epithets passed between the two men until the mayor interfered. The matter was finally left open until the next meeting. Eight new names were added to the checklist and four were dropped by reason of death.

AMUSEMENT NOTES.

King-Lynn Company Opened Well at Barre Opera House.

The King-Lynn Stock company opened a week's engagement at the opera house last night by presenting "From Sire to Son." An audience nearly filling the body of the house was present and evidently was well satisfied with the company's first night offering. John Lynn and Harry D. King are good comedy men and drew many laughs. Young Harry King as "Hop Sing," a Chinese servant, made a favorable impression for one so youthful and has some of the earmarks of a headliner. Several excellent specialties were featured in the acts and were far above anything of the kind seen in other stock companies showing here this season. The King-Lynn company has played to large houses in Burlington and St. Johnsbury lately and will doubtless meet with the same degree of success while in Barre. To-night the company will present "Shamus O'Brien."
