MEANS BUSINESS FOR VERMONT TOWN

Completion of New Plant of Quaker
Oats Company at Richford
a Big Boom.
Richford, March 4.—With the comple-
tion and placing in operation of the
new plant of the Quaker Oats Co., this
village possesses one of the finest and
best, if not the best, equipped feed
mills in New England.
The plant consists of an elevator with
a capacity of 140,000 bushels; a feed
mill with a capacity for grinding and
mixing 3,000 bushels of grain daily, and
equipment for sacking 300 tons or 6,000
sacks daily, and a new double deck
warehouse with a capacity of 32,000
sacks. There is also a one-story ware-
house that the company has leased from
the Canadian Pacific Railway Co. for
several years past that has a capacity
of 32,000 sacks, a total storage of 3,200
tons. This adjoins the new elevator
and feed mill on the north, while the
new warehouse adjoins and communi-
cates with the feed mill on the south.
The feed mill is seven stories in
height, or nearly as high as the eleva-
tor. There is a hoist run by an electric
motor that carries sacks of feed from
the first to the second floor of the new
warehouse. In fact, all of the machin-
ery of the elevator and feed mill is
run by electric motors, the power being
furnished at present by the Sweet-
Comings Co. of this village. By sum-
mer the power will be furnished from
the new power plant of the Mississippi
Lumber Co. at Stevens Mills, three miles
above this village.
Leading from the second story of the
new warehouse to the interior of the
car to be loaded a chute admits of con-
veying the sacks of grain from the
warehouse to the car by gravitation
and thus obviates the expense of truck-
ing the sacks while loading. This ap-
plies only to the new warehouse and
not to the old one.
At the present time the payroll of the
Quaker Oats Co. in Richford numbers
40 men.
It is reported that the total cost of
the new plant, including machinery, was
\$125,000. The plant was built by the
Leonard Construction Co. of Chicago.
The New-England trade is supplied
from this plant, and the nearness to
the market makes the quick delivery
of the orders pretty certain. Richford
being located on both the Canadian Pa-
cific and Central Vermont railroads
makes it an exceptionally good dis-
tributing point, being in touch with the
Canadian Pacific graded freight line
and the Grand Trunk system.
When the elevator disaster of Octo-
ber 7, 1908, destroyed the large grain
elevator and half of the sheds used as
a warehouse, it appeared very doubtful
whether the Quaker Oats Co., the lessees
of the elevator and grain sheds, would
long continue in business in this town.
It was not until last June that the
rebuilding of the plant here was as-
sured. Through the efforts of Sheldon
R. Boright, backed by several other busi-
ness men of the place, the industry
was located here, and work on the plant
was begun July 6. There were many
delays in the arrival of certain mate-
rial, and this made the completion of
the plant about two months later than
was expected when the work was be-
gun.
After the elevator disaster the grinding
and sacking of the feed was done in
Peterboro, Ont., under an arrange-
ment with the treasury department of
the United States. A large quantity of
feed was at all times stored in the
warehouse here, and some mixing and
sacking were done and a portion of the
orders were filled from Richford. About
eight men were employed here during
that period.
It is of passing interest to note that
in building the double deck warehouse
the foundations and framework were
made of sufficient strength so that this
building, which is 80x140 feet in dimen-
sion, can be carried up to seven stories
(the height of the mill) if it is desired
to do so in the future, and thus op-
portunity is afforded of locating a cereal
plant here for the New England trade
should the Quaker Oats Co. desire to do
so in the coming years.

About the State
Stepping on a parlor match on the
floor of Jefford's drug store in Enosburg
Falls Tuesday, the clothing of Mrs.
L. B. Larabee of Berkshire was ignited
and serious results were averted only
by prompt action.
The house of Alphonse Lippin in
Newport was burned to the ground on
Tuesday. The fire is supposed to have
been caught from a defective chimney.
Lippin, who had just moved his house-
hold effects into his son's house, did
not have any insurance and his prop-
erty is a total loss. Alphonse had his
property insured. The barn, which was
close by, was saved.
Local Forecaster W. A. Shaw of the
United States weather bureau reports
a mean temperature for February of 34
degrees, with a maximum of 50 on the
26th and a minimum of 18 below zero
on the 16th. The greatest daily range
was 48 degrees, on the 16th, and the
least daily range was 9 degrees, on the
8th. The normal temperature for the
month is 35.6 degrees. The month was
made up of five clear, nine partly cloudy
and 14 cloudy days. Precipitation oc-
curred on 14 days. Sleet fell on the 21
and 17th.

A number of the recent magazines
contain copies of the work of Miss
Hilda Belcher of New York and Pitts-
burgh. In the March Cosmopolitan is an
illustration drawn by Miss Belcher for
the poem, "The First Valentine," by
Burgess Johnson. The cover designs for
the January and March St. Nicholas are
also her work, and in the March Woman's
Home Companion is a large full
page reproduction in colors of the paint-
ing, "Autumn and White," which won
the highest distinction in the exhibits of
the New York Water Color Club, the
Philadelphia Water Color club and
other exhibitions. Miss Belcher did
much of this work while in Pittsford
last summer. She returned early in
the winter from a trip abroad.

As several cases of scarlet fever have
appeared in Woodstock, the 335 pupils
of the schools were examined and one
child was found with a well developed
case of the disease, and was isolated.
Five other pupils had sore throats and
their temperatures were above normal,
while some had an eruption in the roof
of the mouth. Fifteen scholars were at
once sent home and later the school di-
rectors decided to close the school for
two weeks. The cases have been widely
separated and no common cause was
found. Scarcely any could have been
caused by infection from other cases.
Some of the victims have been seriously ill.

Appointments by Gov. Mead.
These appointments have been made
by Governor John A. Mead:
Members of the state fair commission
for terms of three years, Theodore N.
Val of Lyndonville, Frank H. Tracy
of Montpelier, Solon S. Griswold of
Grand Isle, C. M. Fletcher of Canaan
and A. B. Gardner of Pownal.
Members of the registration of nurses,
Dr. Charles A. Gale of Rutland, six
years; Dr. D. C. Hawley of Burlington,
four years; Miss M. Miller of St.
Johnsbury, two years.
Commissioners to attend the conven-
tion of the Atlantic Deep-sea Fisheries
association, Elias Lyman of Burlington,
Robert McCuen of Vergennes and Frank
E. Howe of Bennington.

HAS HAD LONG SERVICE.
Postmaster B. J. Derby of Burlington
Has Been Reappointed.
Burlington, March 4.—Buel J. Derby
has been reappointed postmaster at Bur-
lington and on the completion of his
present term he will have been in the
post office 28 years. He was appointed
a clerk in 1869 and served later in the
army.
After serving as clerk in Rutland
after the war he was appointed to the
office here in 1870, served 12 years and
was again appointed in 1899.

SURRENDERED HIMSELF
And Was Fined \$100 for Assisting in
Smuggling Aliens.
Burlington, March 4.—It is not often
a man will travel a long distance, un-
accompanied by an officer, give himself
up and plead guilty to a charge which
will mean a big fine and a term in
prison. That is what Gustav Grasset of
Frogburgh, P. Q., did yesterday and
Burlington was his objective point,
where the United States courts are in
session.
Grasset was indicted some time ago
by the grand jury on the charge
of lending assistance to smuggling into
this country some aliens, Russian He-
brews, who did not have even bill of
admission. Since then he has been out
of reach of the authorities, but later
he evidently concluded it was better
to square up his account with Uncle
Sam; so he came to Burlington and
appeared before Judge Martin at the fed-
eral court rooms, and was fined \$100
and costs. Grasset paid the entire
amount.
