No Reason for It. When Barre Citizens Show the Certain Way Out. There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ills, when relief is so near at hand and the most positive proof given that they can be cured. Read what a Barre citizen says: Norman York, 29 Branch street, Barre, Vt., says: 'I was subject for six years to attacks of kidney trouble, and I believe the complaint was brought on by a strain. I had pains in my back and was led to believe my kidneys were out of order by too frequent passage of the kidney secretions. If I stopped it was only with the greatest difficulty that I could regain an erect position. I finally used Doan's Kidney Pills, procured at E. A. Drown's drug store, and their effect was wonderful. The pain in my back soon ceased, and the kidney secretions no longer bothered me.'

Cheerfulness pays and cheerfulness replaces grouch when stomach, liver, kidneys and bowels are helped naturally to do their duty by Beecham's Pills.

The Sirolin Sentinel "Fighting The Great White Plague" Barre, Vt., April 4, 1911. Fresh Air - in Plenty, Flesh-Producing Food - in Plenty and SIROLIN. PLENTY of oxygen-filled air, sleep in a well-ventilated room, regular exercise, nutritious foods, and - SIROLIN. In few words, that is the advice given to lung and throat sufferers who consult the eminent specialists of Europe. If it were possible to place before the American people the private records of European physicians, they would at once appreciate the importance of this great Swiss remedy in the treatment of both serious and simple lung and throat affections. It is seldom that a preparation as important as Sirolin is sold direct to the public - but the fact that self-diagnosis is simple in affections of the throat and lungs and Sirolin is absolutely harmless (without a trace of narcotic or habit-forming drug) makes it possible to distribute it direct to the sufferer through his local druggist. Coughs, Colds and Bronchial Affections yield quickly to Sirolin - disagreeable symptoms promptly disappear, the appetite improves and these apparently trifling ailments are prevented from developing into serious maladies - Catarrhs, Pneumonia, Consumption. In deep-seated pulmonary diseases the favorable action of Sirolin is no less marked - coughing rapidly decreases, weakening night-sweats disappear, the appetite becomes keen, the weight of the body increases (12 to 15 pounds gain in a short time are often recorded) the increase in tubercle bacilli is checked, the appearance greatly improves, and the patient quickly returns to normal strength. Sirolin as a preventive, Sirolin as a remedy, should be in every home. Sirolin is now for sale by first-class druggists. THE SIROLIN CO., 365-367 Canal St., New York, N. Y., Sole Importers, U. S. A.

It will be remembered that he is the boy who set fire to several buildings in Brookfield and also to the jail barn, while being held here for the quarantine to be raised at the industrial school. Miss Lora C. Hood, daughter of Mr. and Mrs. Will A. Hood, was united in marriage to T. H. Wilfong in Northfield on the 29th of March by Rev. Alfred H. Webb. In Woman's Realm.

When packing furs, scatter bruised cloves among them as a preventive against moths. Candles will burn longer and with less dripping of grease if they are kept on the ice for 12 hours before using, and not removed until just ready to be lighted. To remove the "shine" from a dark wool material, sponge it with a solution of common washing blue and water, and press it while still damp, under a thin cloth. To wash white laces, cover a bottle with linen, stuffed smoothly to fit the shape; wind the lace about it, fastening both edges to the linen. Wash on the bottle, soaping and rinsing well, then boil in soft water. Dry in the sun. Clip the fastening threads and do not iron. If carefully done, it will look like new lace. Society Likes Helen Pink. Famous for many seasons among the elite, "Alice blue," named after the former belle of the White House, has been outtrunked in popular favor by the newest thing in laces, "Helen pink," being the favorite shade of Miss Helen Tarr, says the Washington Herald. F street promenaders yesterday chatted about "Helen pink," its beauty, adaptability for any sort of gown or hat, and how quick it had caught the popular eye. Fair young heads by the score were covered with the new and wonderful creations in this charming shade. At least every other straw hat was in this pinkish red hue made popular by the daughter of the president. Most of those seen yesterday were large picture hats, bedecked with "Helen pink" willow plumes or big broad ribbons, tied fetchingly under the chin. The windows of the shops are ablaze with the new hue. The millinery stores each display their own idea of the use of the new color, and shoe shops and jewelers follow the latest fad in their window decorations. The stationers show all kinds of writing paper and tiny visiting cards in "Helen pink." One enterprising haberdasher in F street, has decorated his windows with smart ties striped with broad pink bands, and handkerchiefs and socks are plentifully spotted. A china store has a window full of afternoon tea sets in "Helen pink," and all along the F street parade ground are scarfs and dainty little turnover collars and cuff sets, also umbrellas and parasols. Many really charming rain coats are colored in the prevailing mode. "Helen pink" is a shade lighter than American beauty roses. A Chance for Thought. These enigmas have proved interesting elsewhere, and will give Bible students here an opportunity to refresh their memories. The clipping is from the Morrisville News and Citizen. A was a man who was youthful and fair, But he hung in an oak by his long, curly hair. B was a prophet who rode on a mule, He tried to curse Jacob, and died like a fool. C was a river of ancient story, Where once a prophet had visions of glory. D was a woman who served for the poor, They mourned her as dead, but long life was in store. E was a preacher, though short was his name, He built a high pulpit and preached from the same. F was a governor pompous and grand, But preaching on judgment he never could stand. G a cute general, quite early one morn, Did rout a great army with pitcher and horn. H was a man who brought shame to his mother, He hanged on a gallows he built for another. I was a boy who was vulgar and rough, Whose impudent mocking brought him trouble enough. J a good wife, with a nail and a hammer, Slew her country's great foe without arm or banner. K had a son, a very tall boy; They made him a king and then shouted for joy. L married two wives, the poor silly man, For at that very moment his troubles began. M was a woman both loving and kind, But was careful, and troubled, and fretful in mind. N was a captain, with servants and gold, But his leprosy filled him with horrors untold. O was a land that was far, far away, Where ships went for gold in King Solomon's day. P was a preacher of wonderful fame, Who in all the wide world did the gospel proclaim. Q stands for one whom Paul calls a brother, And in all of the Bible 'tis the name of no other.

"Doctor's Daughter" "I do not publish half the testimonials sent me by grateful people whom Stomach-Rite tablets have cured, but I appreciate the gratefulness and kindness which prompt the writing of these honest letters, which come voluntarily right from the fulness of honest loving hearts; who are willing to tell broadcast the good received by them from the use of Stomach-Rite, that they may be the means of having others try this remedy and be cured also. Stomach-Rite has been tried by them and proved its merits. It is an honest preparation, and gives honest results, and needs only a trial to convince you of its worth. Stomach-Rite comes to you with a record of a family of 21 physicians in its wake, some of the ablest men who have graced the profession. I have not boasted what it would cure, but have given you the actual proof of what it has cured - right here in our midst. Many people have asked if they should diet while using Stomach-Rite, but I do not think it necessary in the least. Eat your three regular meals per day while using Stomach-Rite. I consider that dieting to any extent depletes the whole system, impoverishes the blood, and aggravates the stomach trouble. "Very truly yours, "Doctor's Daughter." Very Best of Results. Dear Doctor's Daughter: I have used your Stomach-Rite, and it is the best remedy I have ever found. Three in my family are using it and we have had the very best of results. For indigestion and constipation it has no equal. C. G. ROLLINS, No. Woburn, Mass. Dear Doctor's Daughter: I suffered with liver trouble which caused daily spells, and my stomach trouble caused the blood to settle at the base of the brain. I had treated with a number of doctors, when I began using your Stomach-Rite tablets and I am glad to say I am now a well woman. Mrs. ABBIE S. QUENBY, 74 Clark St., Everett, Mass. Dear Doctor's Daughter: I am pleased to add my testimonial for Stomach-Rite; it has relieved me of a very bad case of heartburn, and I shall always keep the tablets in my house for emergencies. Sincerely yours, Mrs. JOHN F. G. RIDER, Newfield, N. H. Box No. 4. After reading what these people have said, What can YOU say? Do YOU still suffer, or have YOU used Stomach-Rite and been cured also? If not, why not? Better begin with Stomach-Rite TODAY. BURT H. WELLS, 100 NORTH MAIN STREET, BARRE, VT.
