

'Appetite Gone, Nerves' Unstrung, Sleepless, Thin, Pale, Tired. Last spring my health was completely broken down. My appetite was gone and I was in unstrung nervous condition, unable to sleep. I became thin, pale and was languid and tired all the time. Hood's Sarsaparilla restored me to perfect health. It aided the worn out nerves of my digestive organs to do their duty, and I was once more able to eat and properly digest my food. I slept peacefully the entire night, and now I feel new life and vitality course my veins.' Julia C. Tison, 501 West Monroe St., Jacksonville, Fla.

RECIPROCITY BILL PASSED

Had Majority of 176 in the House

VOTE WAS 265 YES, 89 NO

All the Amendments Voted Down—197 Democrats and 67 Republicans for the Measure and 10 Democrats and 78 Republicans Against It.

Washington, April 22.—President Taft's Canadian reciprocity agreement supported by all but a handful of Democrats and opposed by a majority of the Republicans, passed the House of Representatives early last evening by a vote of 265 to 89. With nearly 200 Democrats in control and their action endorsed by a large part of the Republicans the bill to put the agreement in force was adopted with no amendments, and in almost identical form to the last session of the preceding Congress.

The passage of the bill marked the close of a fight that had raged in the House for six days. During that time the safety of the measure was at no time threatened, but the Democrats and Republican leaders working for its passage conceded all the opportunities desired by its opponents. For debate and protest against it. Following the passage amendments were admitted in the House yesterday for almost every section of the bill, and in each case they were rejected by an overwhelming vote, on the theory that an amendment would nullify the agreement.

Ten Democrats voted against the bill on its passage, and 197 Democrats voted for it. As at the preceding session of Congress, a majority of the Republicans were against it, the party vote being 67 for and 78 opposed. Representative Berger of Wisconsin, the Socialist member, voted for it, and Representative Akin of New York, who ranks as an Independent, voted against it.

Representatives Foster and Plumley of Vermont both voted against it. Two Maine congressmen, Gardner of Massachusetts and Currier of New Hampshire, were the only other New England members in opposition to the measure.

The attempt to amend the agreement began with final reading of the bill at 3 o'clock. The threats of the Republicans opposed to the measure to make the Democrats vote against amendments for free meat, free lumber and free agricultural machinery were carried out, but as the party later declared that any amendment would defeat the whole trade agreement, the Democrats cheerfully voted these amendments down and the Republicans who taunted them with opposing free admission of these products were met with the assertion that the Democrats would lay the new "farmers' free list bill" before the House next week and that an opportunity would then be given to vote for free meat, machinery and a score of other things.

This defense was met by Republican standpatters with the charge that the Democrats knew that the free list bill could not pass the Senate nor secure the President's approval.

"I challenge the statement that we are going to pass the free list bill later on with the expectation that it will not become law," said Democratic Leader Underwood, in reply to this statement. "The free list bill will become law, or the Republican Senate that kills it or the Republican president that vetoes it will never be heard from again."

Attempts to put fresh and canned meat on the free list section of the reciprocity bill were made by Martin of South Dakota, Foster of Vermont, Lenroot of Wisconsin and Norris of Nebraska. Representative Lenroot finally proposed the whole Democratic free list bill as an amendment and, although Representative Sherley of Kentucky, who was presiding, ruled that it was in order, the Democrats stoically voted against it.

WITH MUCH SATISFACTION.

News of Reciprocity Vote Received by Canadian Government.

Ottawa, Ont., April 22.—News of the heavy majority given reciprocity at Washington was received with much satisfaction by the government and liberal members who are supporting the measure here. The Canadian opponents of the past are placing their faith in the hope that the United States Senate will long delay the bill or kill it.

The conservatives are saying little as to their intentions, but are keeping up their opposition. Yesterday Mr. Wright of Ontario occupied six hours telling the House his reasons for opposing the agreement and it is understood other Conservatives will make similar speeches most of next week.

T. N. VAIL OF BOARD OF NEW HAVEN ROAD

Elected to Succeed the Late Nathaniel Thayer—Mellen's Policy.

New Haven, April 22.—Announcement is made at the offices of the New York, New Haven & Hartford Railroad company here that at a meeting of the directors of the company in New York, yesterday, Theodore N. Vail of Boston, was elected a director, succeeding the late Nathaniel Thayer of Boston.

The new director of the New Haven company is president of the American Telephone & Telegraph company, and the New York Telephone company, positions which he has filled for 41 years, and is a director of many corporations in this country and in London. Under him the original Bell company, now the Telephone & Telegraph company, has adopted the policy of consolidation which has given it its present great size. His election carries out a policy of President Mellen, announced some months ago, of putting into the New Haven directorate men of high business position acquainted with corporate management and familiar with the operation of public utility companies. Mr. Vail is 65 years old, served for a long time in the federal mail service and previous to his presidency of the American Telephone & Telegraph company, was active in promoting electrical interests in South America.

DETERMINED TO DIE

Young Man, Recently Married, Very Tired of Life.

Lowell, Mass., April 22.—Arthur Henault, aged 22, who was married at Biddeford, Me., last Monday, committed suicide here yesterday forenoon.

The young man first fired two bullets from a 22 calibre revolver, one into his right temple, the other into his left breast. Neither proved fatal and then he threw himself into what is known as the Northern canal. When he struck the water he swam for a short distance and then climbed up the bank.

From there he walked to the house of his sister, Mrs. George Morrissette, a short distance away, and going to his room, slashed his throat with a razor.

No one at the Morrissette home saw the man going into the house, but they heard him walking in his room.

An hour later, the young wife, a girl of 17, together with Mrs. Morrissette, visited the room and found the body. There was still some life left and he was hurried to a hospital, but died on the way. His parents live in Biddeford.

MRS. SCOTT WINS

Is Again Elected Head of D. A. R. by a Good Majority.

Washington, April 22.—Mrs. Matthen T. Scott of Illinois, last night was declared elected president general of the Daughters of the American Revolution for the next two years. Of the 1,086 votes cast she received 614, her opponent, Mrs. William C. Story of New York, 466 and six ballots were blank.

With Mrs. Scott was elected the entire administration ticket, except one vice president general, who received 10 votes less than the number necessary to elect. For this position a new ballot will be taken to-day.

The others elected were: Vice president general, in charge of organization of chapters, Mrs. Henry L. Mann; chaplain general, Miss Elizabeth Pierce; recording secretary general, Mrs. Howard T. Hodgkins, corresponding secretary general, Mrs. W. A. Dennie; registrar general, Mrs. G. Brumbaugh; treasurer general, Mrs. William D. Hoover; historian general, Mrs. Charles Bennett; assistant general, Mrs. Eleanor S. Thompson; and librarian general, Miss A. Gillette of the District of Columbia, assistants, Mrs. Bassett, Maryland and Miss Thompson, Massachusetts.

RUSHING VETO BILL THROUGH

The British Liberals Shut Out Amendments

LORDS MUST NOT BLOCK

Cannot Longer Be Ally of Single Party—Balfour Calls the Government's a Monstrous Doctrine.

London, April 22.—The House of commons sat until 3:25 o'clock yesterday morning, a number of opposition amendments to clause two of the parliament bill, restricting the powers of the House of lords over measures other than money bills, being rejected by substantial majorities, for the most part after the application of closure. The uncompromising attitude taken by Premier Asquith greatly pleased his followers. An acrimonious duel in personalities occurred at the close of the sitting between Earl Winterton and Home Secretary Churchill. The chairman pointedly warned Earl Winterton and appealed to the members generally to preserve the decency and dignity of the House. Premier Asquith, in a fighting speech, said that the government would accept no amendments which would exclude from the clause any class of legislation. The assumption underlying the bill, he said, was that the House of commons, representing the people, had provided checks on the House of lords. They were not taking away its veto, but were only limiting its duration and scope. "The power of the crown is gone," exclaimed the prime minister; "it is as dead as Queen Anne. It has gone by disease; so ought the veto of the House of lords to have gone." When the House of lords turned itself into a permanent partisan ally of one particular party, continued Mr. Asquith, it became necessary to deal with it by legislation. The liberal party had received a mandate from the country for the bill and would use the machinery created by it in this parliament to carry out the objects the party had at heart. Mr. Balfour, leader of the opposition, said that the contention that the House of commons should be omnipotent in legislation was a "monstrous doctrine." It meant an absolute single chamber of government. He maintained that the electors did not know when they returned the government that they were voting for home rule. The whole constitution was being sacrificed, Mr. Balfour said, in a scandalous bargain between the government and the nationalists.

A HARMON BOOM

One Launched by Democrats in Washington.

Washington, April 22.—Reinforced by Lieutenant Governor Nichols of Ohio, the Democratic congressional delegation of that state met yesterday in Senator Pomerene's office formally to launch a presidential boom for Governor Judson Harmon. It has been expected that the conference, which was called by Senator Pomerene, would adopt resolutions strongly endorsing Governor Harmon for the Democratic nomination in 1912.

After an hour's discussion, however, it was decided that two committees should be appointed later by Senator Pomerene on publicity and ways and means. The latter committee will determine upon a formal resolution to be adopted at another meeting.

The campaign is to be conducted by the lieutenant governor, who read to the delegation a large number of letters he had received, "indicating," he said, "that encouragement is coming from all sections of the United States."

DISPATCHES TO DUN.

The Industrial Situation as Shown by Late Reports. New York, April 22.—Dispatches to R. G. Dun & company indicate that distribution of reasonable goods has been retarded by a backward spring in many sections of the country, but sentiment regarding the future is strengthened by excellent crop prospects. Retail trade at Boston is still affected by adverse weather and only moderate progress is being made in the reduction of merchandise stocks while in wholesale branches general quietness prevails.

Idle machinery at cotton mills continues to increase, as demands for finished goods show no improvement, and though some woolen mills are receiving more duplicate orders, most reports are unsatisfactory. With the Easter trade ended, the market for footwear is quiet, while there is no improvement in sales of leather.

Bank exchanges this week at all leading cities in the United States amount to only \$2,445,468,417, a decrease of 12.4 per cent. as compared with the same week last year and of 16.3 per cent. in comparison with 1909.

NEW EDDY CLAIMANT ASKS TO INTERVENE

Counsel for George W. Glover, Jr., File Motion at Concord, N. H.

Concord, N. H., April 22.—Remick & Hollis of this city, attorneys for George W. Glover, Jr., of Lead City, S. D., filed yesterday, in the superior court, the motion of which they gave notice recently for leave to intervene in the action of George W. Glover, Jr., against Henry M. Baker, executor of the will of Mrs. Mary B. G. Eddy and others. The motion says that if the residuary clause of Mrs. Eddy's will is found invalid as a violation of the law of New Hampshire and if George W. Glover, Jr., and Ebenezer J. Foster-Eddy, Mrs. Eddy's heirs, have lost their rights to succession by reason of certain agreements made by them in November, 1909, then George W. Glover, Jr., as grandson and next of kin, is entitled to his distributive share of Mrs. Eddy's property in accordance with the New Hampshire statutes of distribution.

Stone in Bladder Removed Without Surgical Operation

In the Spring of 1904, I was confined to my bed with kidney trouble and thought that I would never recover. I took a lot of medicine but did not realize my benefit from anything. I finally saw Dr. Kilmer's Swamp-Root advertisement and sent for a sample bottle and thought he sample bottle helped me, so I bought a bottle of the medicine from my Druggist, and after using a few bottles discharged a very large stone from my bladder. After passing this stone my health was very much improved and I have been able to continue my business without any serious sickness.

J. L. KNOWLES, Headland, Ala. Personally appeared before me this 5th day of September, 1909, J. Loftis Knowles who subscribed the above statement and made oath that the same is true in substance and in fact.

AN UNUSUAL OPPORTUNITY

D. F. Davis, Barre, and Frank Roark, East Barre, will pay back your money if Seaver's Dyspepsia Tablets fail to cure dyspepsia. "Never in the history of my store," said one of the above druggists to a representative of a wholesale drug house "has there been so great a demand for any remedy as there is just now for Seaver's Dyspepsia Tablets. Barre and East Barre people are coming in every day inquiring if it is really true that we sell Seaver's Dyspepsia Tablets with the understanding that they will cure dyspepsia or pay back the money." Of course this guarantee plan is quite unusual, but we do just as we agree and we will hand back your money without the least argument if you are not decidedly benefited. "Not one person in fifty has asked for their money and it may surprise you to know that at least a dozen within the last ten days have been in to tell us how much they have been relieved, and how glad they are to know that at last there is a remedy that really will cure indigestion and dyspepsia.

Seaver's Dyspepsia Tablets brace and tone up every nerve and fibre, help digest the food, put new life into the digestive organs, improve the appetite, clear up the complexion, cure biliousness, dizzy spells, coated tongue and sick headache. Try them for twenty days and if you don't see a great improvement, step in and tell D. F. Davis or Frank Roark and they will hand back your money cheerfully and without argument.

Don't Wait Two Years for Such a Car

THERE are well-known cars that are admitted copies of other makers. Every successful design is imitated by less clever manufacturers. Howard E. Coffin before designing the HUDSON "33" had produced four eminently successful cars. Those cars today serve as models for many manufacturers. In motor and chassis design, there are many cars under as many different names that are precisely like some of his earlier designs.

THE HUDSON "33" is his latest and greatest car. It is simple and is the result of his experience with all of his previous models. Already there are makers who are preparing to bring out under their names, cars that are exact copies. But two years is the shortest time in which they can produce their copies and that is why you must wait two years to obtain such a car as the HUDSON "33" under any other name.

OUR allotment of HUDSON "33s" is limited. Only a few are to be had in this territory. When they are gone no more orders can be accepted. Come see this car. It accurately represents the type of automobile that will be generally shown by many makers in 1913. After you have examined it, then decide if you want a car two years in advance. But you must place your order early to be assured of getting it.

The HUDSON "33" is furnished in three types: a Touring Car at \$1,600, a Pony Torpedo at \$1,450 and the Torpedo at \$1,500. These prices include complete equipment with dual ignition system, including Bosch magneto, four wheel tires, Prest-o-Lite gas tanks, gas and oil lamps, tools, repair kit, etc. These prices do not include freight from Detroit.
