Ladies' Separate Skirts

As the season starts in every indication points to one of the largest separate Skirt seasons we have had for two years. The separate coat is partly responsible for this demand for the Skirt.

At \$3.98 we are putting out a special, all wool Panama Skirt. It is made in one of the season's best styles and comes in all colors and black.

At \$5.50 is a good value in a Panama Skirt, both in blacks and colors.

At \$5.75 we have got an unusually strong line of separate Skirts in both colors and black. These are made in both plain cloths and mixtures.

At \$7.50 and \$8.75 are a number of very good values in the season's best styles.

The Voile Skirt is more popular than ever. These are sold mostly in blacks. We only carry the Altman quality, which is a hard twisted yarn that will not sag or pull.

## PROVING A BUSY SEASON

Although the weather conditions seem to be against an early spring business, this season thus far has proven for us the best season we have had in the history of our business. The principal reason for this extra good season's business is that we had the spring stock early and then we have kept in close touch with the market, and market conditions, and as soon as there was something a little different came out that was right, we are able to get it. The demand for ready made garments in every line is growing stronger every season, and as a result of this demand we are getting a better style and a better made garment every season. See our new values in muslin and lingerie dresses just received in colors and white.

### Ladies' Coats and Suits

Nearly every express brings new values of Suits or Coats into our department. This week we have received a large invoice of separate Coats in colors and black. These are the season's latest cuts and are a little under price.

The separate line of Coats that we have just received to sell at \$10.00 are made of a good quality, all wool serge, and are made with the plain and sailor collars and finished with braid.

At \$12.00 are some of the best values in separate Coats we have ever put out. These are a few mixtures in a regular \$16.50 quality and also a line of plain colors in an extra good quality.

At \$15.00 are a lot of Coats in blues and blacks that are made in the latest spring styles and are a regular \$18.00 Coat. These come in the extra large sizes as well as small. They are made with the medium and sailor collars.

In the better grades are some sample Coats that will interest those who want a nobby separate Coat.

## "E-Z" Hammock

The Easiest, Most Comfortable Hammock Made.

The E-C combines in one article the best features found in the ordinary style of Bed Hammocks, and also several new ones.

The body part is made in either Khaki, Green or White, of a strong heavy canvas.

The Back or Windshield has a bar at the top which keeps the canvas smooth and prevents sagging. By a simple adjustment the Windshield may be lowered, the bar making a suitable arm rest. These are both very desirable features.

The seat or bed portion is National spring fabric, galvanized links, attached to a tubing truss frame by helicals, making a very strong, resilient hammock, so easy to the occupant, that from this feature the hammock takes its name.

The E-Z is furnished with soft pad mattress, tufted, covered with either Khaki, Green or Red cloth, as preferred, and has a deep valance, giving a handsome decorative appearance that is very attractive.

There is no canvas under the National Spring bottom to catch and hold dust or dirt.

The truss underbody is curved upwards near each end, so that if desired the hammock may be placed upon the floor and used as a cot.

We anticipate a large sale on this Hammock. We now have this Hammock displayed on our floor on a tube frame, that affords an opportunity of trying the Hammock and realize the comfort obtained. A cordial invitation is extended to one and all to call and inspect.

A little cool just now to talk Hammocks, but get one now and be all ready for the next hot wave.

We also have the best assortment of high-grade Swing Hammocks that we have ever carried. These also are displayed and ready for your inspection.
