GAY TIMES ARE STILL ON

London Feeling the Effects of the Coronation

KING AND QUEEN PARADE

They Went to St. Paul's To-day to Attend Service of Thanksgiving—The Great Crowds Do Not Abate Their Excitement.

London, June 29.—King George and Queen Mary, accompanied by the Prince of Wales and Princess Mary, made another progress through the capital to-day. Although the procession lacked the ceremonial and military displays of those of last week, the popular interest was not diminished. The object of to-day's procession was to attend the coronation thanksgiving service at St. Paul's and afterwards to lunch with the lord mayor and the corporation at Guildhall.

A Queer Social Function.

One of the queerest social functions of the coronation season was given last night by Sir Philip Burne-Jones, the painter, and Sir Richard and Lady Muriel Paget at the Burne-Jones residence, which was converted for the occasion to resemble an atelier in the Quarter-Latin.

It was styled "small and jolly" and was intended to be a Bohemian contrast to the usual society parties. All the chairs were removed and there were no floral decorations. Formal receptions were dispensed with, and the guests huddled on the floor on rugs, on the staircases or in the back garden, the women smoking "church warden" and the men cigars.

If they wanted refreshments they had to help themselves from a big cask of lager beer which stood in the corner of the room wreathed with greens. It was a free and easy affair, all quaffing beer and joining in the chorus of the "Drinking Song." But the supper somewhat incoherently, was one of epicurean delicacy. It was served on the floor or the stairs or wherever there was room to put a plate.

WOMAN RELATES STORY OF FIGHT

Belle White, Popular Girl of the Village, Related How the "Beartown" Dance Fight Started on March 17.

Manchester, June 29.—The features in the Dupuis case yesterday were the testimony of Belle White, the so-called "belle of the state" to the calling to the stand by the state of two brothers of the respondent, the demand made by Mr. Archibald of the defence on the state's attorney for a letter which he claimed was mailed by one of the boys while they were in Rowden, Can., and the spectacular account of the affair given by the last witness of the day, George Mears, who was one of the fighters at the dance.

Miss White's testimony gave the first light on the beginning of the trouble. She said, in effect, that an argument arose between Thomas Mears, owner of the hall, and Jim Dupuis over a broken stove, and in the course of the argument Dupuis said: "Show me the man who said I broke the stove and I will clean the hall with him."

Amos Moffatt said to his father, the victim of the fray: "They say they can clean the hall, come on and let's help do it," she alleged. They both rushed at Jim and after the witness and Mrs. Mears had remonstrated with the elder Moffatt about getting mixed up in a fight, both women went downstairs. Further testimony revealed little new evidence concerning the fight.

In calling the brothers of the respondent to the stand the state evidently tried to show that they left the state soon after the trouble, fearing the consequences. On cross-examination Mr. Archibald brought forth the fact that they were warned on Sunday afternoon that some of the sandbaggers were laying for them and would use them up and would not use their hands for it either, upon receipt of which information they decided to depart. The state promised to produce the letter tomorrow.

When George Mears was called the whole room braised up. Many had held their seats all day in order to be sure to hear George. When Atty. Gen. Sargent asked if there was any entertainment at the Mears house March 17, George said: "Entertainment! Yes, they got to quarrelling."

He later replied to Mr. Maloney of the defense, who for the first time took an active part in the work, when asked if he was related to Thomas Mears, "I s'pose I'm his own brother." He also informed the attorney that he, Mears, was not a drinking man. Most of the witness' answers were more or less embellished, owing to which the sheriff was kept busy rapping for order, and Judge Taylor, though indulgent in many a smile, threatened to clear the room.

Motoring.

"Why are we stopping?" asked the nervous woman. "To pump up a tire," replied her husband. "You would probably do well to change your chauffeur. I am afraid you have got hold of one of those fresh-air bands."—Washington Star.

WILL STRENGTHEN MEDICAL COLLEGE

Reorganization of Method of Instruction Announced for the Opening of Department Next Fall.

Burlington, June 29.—In connection with commencement at the university of Vermont announcement of important changes in the faculty of the medical department was made, the changes marking a new era in method of instruction. Hereafter, the medical college will not be self-sustaining but will ask the university to contribute toward the support of the department the same as for the other departments.

Dr. J. N. Jenne, Dr. H. C. Tinkham, Dr. J. B. Wheeler and Dr. A. F. A. King of Washington, D. C., will be the only professors to remain on the faculty from this year.

Dr. John W. Scane of Montreal has resigned as professor of physiology; Dean Tinkham has resigned as professor of anatomy and Dr. John McCrae of Montreal has resigned as professor of pathology. All the resignations were made in the interest of the reorganization of the staff, so that the college may be placed on the same modern basis as are other good medical colleges.

The following elections to the staff have been made: Dr. T. S. Brown of this city, professor of anatomy and histology; Dr. David Marvin of Essex Junction, professor of material-medicine and pharmacology; Dr. Frank K. Jackson of this city, professor of physiology; Dr. B. H. Stone of this city, professor of pathology and bacteriology; Dr. J. N. Jenne of this city, professor of clinical medicine and therapeutics; Dr. C. H. Beecher of this city, professor of medicine; Dr. H. C. Tinkham of this city, professor of clinical surgery; Dr. C. S. Caverly of Rutland, professor of hygiene; Dr. John B. Wheeler of this city, professor of surgery; and Dr. A. F. A. King of Washington, D. C., professor of obstetrics.

Dr. Beecher will succeed Dr. A. O. J. Kelley of Philadelphia, while Dr. Wheeler and Dr. King will succeed themselves. There will also be additional instructors, assistants and laboratory men, whose names will be announced later. The professors named will form an executive faculty of the college.

"During the last ten years," said can Tinkham last evening, "there have been many changes and advances made in medicine and surgery, and in order to keep the college thoroughly abreast of the times we have found it necessary to add new laboratory and science courses. The professors who will devote their whole time to the college will teach the science branches."

Dean Tinkham added that the close relation existing between the college and the Mary Fletcher hospital made it possible to organize and develop clinical instruction, making that branch of teaching an exceptionally strong one. President's Inauguration Oct. 5 and 6. At the corporation dinner yesterday afternoon following the university graduation it was announced that President-elect Benton will be inaugurated on October 5 and 6. President-elect Benton was again a speaker at the corporation dinner, being given splendid recognition by the 250 alumni gathered at the Van Ness house. Other speakers were Acting President Elias Lyman, Governor Mend. ex-Gov. J. G. McCullough and George B. Wheeler, president of the graduating class.

TWO YEARS IN PRISON.

For Frank Stokes Yho Assaulted Granville Thompson Last January.

Middlebury, June 29.—After an all-night session the jury in the case of State vs. Frank Needham, charged with having in his possession parts of the carcasses of three deer, the hides of which he sold, announced that they were unable to agree. Judge Waterman thereupon discharged the jurors for the term.

For an assault with intent to kill, on Granville Thompson last January at Starkboro Frank Stokes was sentenced yesterday to serve not less than two and a half years nor more than three years at the state prison at Windsor.

MCKINNON WAS HELD.

While His Companion, Smith, Was Released After Hearing.

White River Junction, June 29.—Albert B. McKinnon, aged 21, of Somerville, Mass., and J. Russell Smith, aged 21, of North Cambridge, who were arrested here Tuesday, charged with passing worthless checks, were brought before Judge Barrah in the police court yesterday morning. Town Grand Juror David A. Pingree appeared for the state, Raymond J. Trainor for the prisoners.

Upon the complaint charging McKinnon with obtaining money under false pretences, by passing worthless checks, Atty. Trainor waived examination and McKinnon was bound over in \$700 and committed to the Windsor county jail at Woodstock.

In the case of J. Russell Smith it was apparent from the beginning that the young man was an innocent victim of circumstances and his lawyer demanded a hearing. There was no evidence to hold Smith and he was discharged.

Russell Smith holds letters from Chief J. H. Ober, H. W. Morgan, manager of a detective agency in Boston, and Raymond J. Trainor of this place stating that he was in no way implicated.

IN 500-FT. FALL BUT HE LIVES

Remarkable Escape From Death For Aviator Joyce

IN CHICAGO PARK TODAY.

Fall Was Softened by Telephone and Trolley Wires, Which Biplane Broke and Then Crashed Through a Baseball Backstop.

Chicago, June 29.—A most remarkable escape from death was experienced by John J. Joyce, an aviator, who fell five hundred feet in a biplane at Hawthorne park to-day. Joyce's injuries were comparatively slight, one of his ankles being sprained and his face being scratched in the passage through numerous obstructions.

In its precipitous descent, Joyce's biplane struck five telephone wires and one trolley wire, breaking through all of them and then landing on a heavy wooden backstop on a baseball diamond. The momentum of the machine was sufficient to send it crashing through this latter obstruction also, finally bringing up with a crash on the ground. The biplane, was demolished.

The accident was caused by the engine of the biplane going dead while Joyce was giving his exhibition high in the air.

VIOLENT STORM ABOUT VERGENNES

One Barn Unroofed and Trees Were Uprooted, While Glass Was Broken in Many of the Houses.

Vergennes, June 29.—About 11 o'clock yesterday a storm of cyclonic violence struck the east part of the towns of Pantou and Addison, doing considerable damage. The course of the storm was nearly west to east and covered about a half a mile in width. In passing over the farm of Mrs. F. E. Sears in Pantou, it unroofed a barn, carried away a post from the corner of the piazza, breaking the glass in a bay window and also the glass in a similar window in the house on the farm of Cassius Warner. Trees were uprooted in its course and fences blown down. In crossing Otter creek eye witnesses report that water was thrown above the tree tops.

During the electric storm, which passed over this vicinity Tuesday night, lightning struck a hay and horse barn belonging to Oliver Tatro in Ferrisburg, killing a horse valued at \$250.

Mr. Tatro was awakened by the storm and immediately after the crash, looked around to see if any of the buildings were struck and on fire, but failing to see any evidence of it he retired to rest. On going to the barn in the morning he noticed that the gable end of the barn had been struck and found the horse dead in the stall.

The mate of the horse was standing in the next stall and was apparently unharmed, but on driving him it was discovered that the concussion had rendered him perfectly deaf. The damage to the barn is about \$50.

TWO MEN FELL

And Henry Boynton Was Quite Badly Hurt at Burlington.

Burlington, June 29.—In an accident yesterday afternoon, three men who were employed in making alterations on the Baldwin Refrigerator company's plant were injured. The accident happened when a staging was being lowered. The frame split and allowed the ledger board to fall precipitating two men, Henry Boynton and Bert Spear, to the ground, a distance of 12 feet, while Philip Perrotti saved himself by clinging to a rope. Boynton is apparently the most seriously injured as he is suffering from a broken leg as well as from severe bruises. He, with Perrotti, was taken to the Mary Fletcher hospital. No broken bones were revealed in an examination of the latter man, or in the case of Spear, who was taken to his home. Both are in considerable pain, however, from their bruises.

MAY NOT LEAVE VERMONT.

Porter Screen Company May Reconsider Its Determination.

Winooski, June 29.—That the Porter Screen company will not leave Winooski for the present at any rate is believed by the fact that there is a million feet of lumber to be shipped here soon. The steamer Oregon of the Atlantic Coast Lumber Co. has in its cargo this amount which will be shipped very soon. The lumber is North Carolina pine and will arrive at New London next Monday from which place it will be shipped over the Central Vermont at the rate of 20 carloads a day. The shipment will require 100 cars. Last year the screen company made about 400 carloads and it is expected that the shipment this year will equal it.

The Central Vermont Railway company will soon build a trestle into the coal yards of the American Woolen company at Winooski. The trestle will be about 600 feet long and 20 feet high with the switch at the west end of the yard. Several carloads of piles and heavy timbers have arrived and the steam pile driver is expected to-day or to-morrow. The present coal track will be raised about three feet. It is also reported that the Central Vermont is contemplating certain changes to the Winooski railroad station. The building will be moved back to allow a platform on the track side about four feet wider than the present one. A steam heating apparatus is also to be installed.

HAD KNIFE READY IF GUN FAILED

John J. Rogge of St. Albans Intended to Be Sure That Death Would Come to Him Last Evening.

St. Albans, June 28.—John J. Rogge ended his life here last night by shooting himself through the right temple, dying instantly. No one heard the fatal shot. Rogge told his man to go to supper and when the man returned Rogge was lying face downward upon the floor of the barn, the blood gushing from a gaping wound in his temple, while the gun with one chamber empty and a heavy, sharp butcher knife lay beside him. He had the knife at hand in case the gun failed. The fact that he had frequently threatened to kill himself showed conclusively that his death was premeditated.

Rogge was 56 years old and came here from Fairfield six months ago, going into the kettle and hide business. He had been in bad health for several months and this, with poor business is supposed to have urged him to his last rash act. He is survived by a son and a divorced wife in Boston.

MADE RICH FIND.

Matteawan, N. Y., Man Uncovered \$40,000 in His Own Cellar.

Matteawan, N. Y., June 29.—Dr. Arthur R. Tiel of this village went into the cellar of his home yesterday afternoon and found in an old homemade vault under the ground, some \$40,000 in money and securities. The treasure is believed to have been placed there by William H. Badeau, who boarded at the Tiel home and died several months ago.

In looking over Badeau's papers there was found a roughly drawn plan of the cellar on which was indicated a square with the word "vault" written nearby. Dr. Tiel took the plan, went to the cellar and searched the fortune. After Badeau died it was found he had left an estate of over a half million dollars. No one had known of the treasure buried in the Tiel cellar. Badeau was a bachelor and had been connected with a New York firm dealing in photograph supplies. He retired several years ago.

When Miss Mattie Watson entered Mrs. Poland's apartment this morning she found the aged woman reclining on a couch. A physician was called, but death ensued in a few minutes.

MISSED TRAIN WITH \$400,000

But Robbers Held Up Another and Rifled Mail Car.

AMOUNT STOLEN NOT KNOWN

Two Men Blew Up Safe in Mail Car After Stopping Train at West Fork, Oregon, An Isolated Station on the Southern Pacific Railroad.

Glendale, Oregon, June 29.—Apparently mistaking the first section of the north bound passenger train on the Southern Pacific railway for a south bound train, which was said to be carrying a shipment of \$400,000 in gold dust, two robbers held up the north bound train last night near West Fork, which is an isolated station.

After stopping the train, the robbers rifled the mail car, blowing up the safe. They made away with the registered mail, but the amount taken cannot be ascertained. The train carried the cash from southern Oregon post offices to Eugene, which is the city depository. Posses are out hunting for the robbers to-day.

As a result of the hearing, held in city court this morning, of the case of Mrs. Josephine Locasso, charged with keeping with intent to sell, the respondent was bound over to the county court under bail of \$550 which was furnished. A raid was made at the house occupied by Mrs. Locasso on Railroad street and small quantity of beer was seized. State's Attorney Carver prosecuted the case and M. M. Gordon defended the woman.

One witness testified to having purchased liquor at the house and one other testified that he was at the house with a companion when the raid was made and had just finished drinking two glasses of beer when the officers entered. He said he did not pay for the beer.

These two boys are Napoleon LeClair and Clarence Holmes.

Mrs. Pelton yesterday made complaint to Grand Juror E. R. Davis that she had lost a five dollar bill and a business drawer in a pitcher on the table and, opening the drawer he took out the money from the wallet.

He said he hid the money and later divided it with the LeClair and Holmes boys. He said that he had 60 cents of the money hidden under a rock beside the river near Berlin street, and this morning took the officer to the place where he claimed the money was, but could not find it.

HE DISLIKED RELATIVES

And Was Offended at the Town of Lyndonville

TESTIFIED THE WITNESSES.

Many People Go On the Stand in Caledonia County Court in Behalf of Frank Lynch, Who is Being Sued to Recover Cobleigh Gifts.

St. Johnsbury, June 29.—Some of the most important witnesses for the defence have been on the stand during the last two days in the Cobleigh gift case in Caledonia county court. Zimri Cobleigh of Waltham, Mass., an old man 82 years of age, and the only surviving brother of Eber W. Cobleigh, whose gifts to Frank C. Lynch are the objects of this suit, testified about his brother's affairs, substantially corroborating the defendant's story that Eber Cobleigh disliked his relatives, was offended at the town of Lyndonville, in his right mind, willed and did give Mr. Lynch \$4,000 in bonds and \$2,000 in money.

Harlan Cobleigh, the nephew, of West Burke, who procured the appointment of Luther B. Harris, one of the nominal plaintiffs of this suit, as special administrator, was the next witness called by the defence. Several witnesses have already testified that Eber Cobleigh had said that Harlan refused to take the \$100 in settlement of all claims against the estate and that he further stated he would have \$10,000 or nothing. Harlan Cobleigh affirmed the testimony about the \$100, but denied the last of it, about the \$10,000.

Dr. W. E. Blake of Lyndonville was called and testified regarding his attendance upon Mr. Cobleigh and how handsomely he was rewarded with a gift of \$2,000 in bonds. The so-called "touched up" handwriting on the bonds was pretty largely the plaintiff's point of action in the cross-examination. Dr. Blake testified that he helped fill out the assignment.

The defence offered the receipts of the rest of the heirs, except Harlan Cobleigh, wherein it tended to show that all had received \$100 each in full settlement of their
