Lots of Cold Nights So Far this October

with prospects fair of lots more right in line. The call for winter goods so far has been the heaviest for twenty years. We are not having July weather now and it is a great help to the dry goods trade that we are not.

The following are goods that we put up to the trade as a little the best that they can buy. We have reason for thinking so. We warrant every one of them just right or your money back.

Dr. Denton's Sleeping Garments

Lots to be said about these Sleeping Garments. First, they are the warmest kind of a Sleeping Garment. They save a child many colds. The child cannot kick out on cold nights. They are cheaper than any garment of the kind can be made at home and they are always the same.

Dr. Denton's Sleeping Garments come in two grades, in sizes from 0 to 12, and we keep them all. We sold these Garments when they were to be had in only two stores in Vermont. Prices from 50c up.

Munsing Underwear

We thought liberally this season of Munsing Underwear. At the same time, we cannot anticipate six months ahead just what sizes will sell best. For that reason, it should appeal to you as a pretty good plan to buy just a day before your size is sold out. We can and do keep getting more, but some times it is not quite quick enough. We carry several makes of Underwear and always try to have our trade use the Munsing.

Munsing Underwear Samples

These are from our Saturday's sale. As there are no two alike, we don't care to put these Samples in with our regular stock. Then, again, one-third off on the price of these Samples makes other kinds look dear in price. We prefer to sell them this week. Customers that got them at this sale Saturday got the best bargains in Underwear that they ever saw, for the reason that they are all the "Plume" brand, that means quality not to be found in other lines.

In these Samples are Combination Suits, Cover and Drawers, Petticoats the finest in the land, Night Robes trimmed with finest embroideries and Laces on very soft, fine muslins. Made for the swell trade, and now you can buy these Samples at one-third off the regular selling price—a \$1.25 Sample for 84c. A bargain.

Ladies' Fur Coats

We have just got our full line of Fur Coats ready for your inspection. Here is a line of Garments that the Vermont weather creates a demand for.

This season we can show you the largest and best line of these warm Coats we have ever had.

This season we have the Fur Coats in odd sizes. This is a size that will fit more people than the regular sizes, as they come much more full over the hips and are a little shorter waisted than the regular sizes, thus giving room and comfort to the wearer.

This line of Coats is made of all the popular furs of the season, the pony and marmot being the leading furs.

Ask to see our Misses' Junior Coats in the pony skin furs. Here is a Coat for small women that is sure to please.

See our special value in a Ladies' Driving Coat.

Ladies' Small Furs

Ladies' Furs in all the popular fur of the season are to be found in our Fur Department.

The medium-priced Fur we sell quantities of is the opossum, which comes in the natural gray and in the Isabella, and black blend. This Fur has more real service for the price than any other Fur we sell.

The Fur we sell quantities of every season is one that has more real style and beauty than any other fur and it is the fox. Here is a Fur that while it does not have quite as much service, is one of the most handsome Furs that are sold.

See the special Fox Muff we are putting out this season at \$10.00. Is a large flat muff in a fine fluffy fur. Comes in both the Isabella and sable blend.

See our special values in Jap Mink, Beaver, Electric Seal, Pony and Marmot. Can match your Fur Coats to a Muff of most any kind of Fur.

CORSETS—Do you keep posted as to the new shapes for Fall being brought onto the market by R. & G. and Nemo Corset manufacturers? There is no quicker way to see and examine these Corsets than at our Corset department. You do not have to buy.

LOOKED LIKE A RUNAWAY.

People on East Montpelier Road and Merchant Street Given a Scare Late Saturday Afternoon.

About 5 o'clock Saturday afternoon, a team was seen coming down the hill onto Merchant street at breakneck speed. Children ran for their lives, while hens and chickens scattered in every direction. The driver, however, had perfect control, and as he turned the corner of Main and Merchant street brought the frenzied steed to a standstill; he quickly entered the drug store and as he came out he held up to the full view of the crowd which had gathered to learn the cause of so much turmoil, a package of Peerless Headache Remedy, saying: "This is the only remedy that gives me any relief when I have one of those splitting headaches. I was induced to try one Columbus day, and say, boys, they are the real thing for a headache." Barre Drug Co., sole agents for Peerless Headache Remedy.
