AMUSEMENT NOTES.

"Baby Mine" at Opera House To-night is a Laughing Hit.

The Wm. A. Brady (Ltd.) production of "Baby Mine," which comes to the opera house to-night, October 20, easily proved itself the most potential laughing hit ever recorded in New York City, where, for a solid year—an unprecedented run for a comedy—it convulsed capacity audiences at Daly's.

Newspaper critics with one accord have vied with one another in order to give vent to their expressions of unstinted delight. In fact, they have openly declared that in no other instance has a play hit so suddenly and so effectively won all classes of theatergoers as has "Baby Mine."

"Baby Mine" is now being enjoyed by capacity audiences at Sir Charles Wyndham's Criterion theatre, London, and arrangements have been completed for early productions in Paris, Berlin, Vienna, St. Petersburg, Australia and South America.

SLEPT SIX WEEKS

When the strange case of the Iowa woman who had slept constantly for 43 days was reported, many people who could not sleep at all wished that they might have a similar experience.

You would be surprised to know how many people there are right around here who hardly ever get more than two or three hours' sleep at night, owing to bad health, general weakness and worn-out condition. Miss Louise Ludwig, Newark, N. J., who went through all this, has written a letter saying:

"Having felt weak, tired and badly rundown, with little appetite, and inability to sleep well, I began to take Vinol, which I had heard was the best remedy for that condition. It has done me great good by building up my strength, improving my appetite and enabling me to sleep soundly."

If you are worn out and weak and want new strength so you can eat well, sleep well, and be well, Vinol, our delicious cod liver and iron remedy, is what you need, and we guarantee it to satisfy you. Red Cross Pharmacy, Burt B. Wells, Prop., Barre, Vt.

YOU CAN'T FOOL THE BABY.

When he's chafed—when his tender skin stings and itches from prickly heat—then he wants Comfort Powder and he will be fretful till he gets it. He knows how good it makes him feel, and that's more than some mothers know. Cheap talcums are fit only for cheap babies—and there are no such babies. Comfort Powder is no more like ordinary talcums than cream is like skimmed milk. Talcums irritate—Comfort Powder heals. The genuine bears E. S. Sykes' signature.

Notice the Two Hods in the Base of the Crawford Ranges

One is an Ash Hod into which the ashes fall through a chute—all of them—and are easily emptied. The other Hod is for Coal. This feature saves lots of trouble and is patented.

Then there is the wonderful Single Damper (patented); slide the knob to "kindle," "bake" or "check," the range does the rest.

The Oven has cup-joint heat it flues that heat it all over alike.

The Patented Grates save coal and trouble.

Ask the Crawford Agent to show you and write us for circular.
