Mr. and Mrs. D. W. C. Blanchard observe 55th Wedding Anniversary.

Mr. and Mrs. D. W. C. Blanchard celebrated their 55th wedding anniversary on Saturday evening in a quiet manner, but the occasion was as pleasant as it was unusual. Fifty-five years ago Sunday, De Witt Clinton Blanchard and Miss Ann Welch were married as was then the custom, at the home of the officiating clergyman in West Brookfield, and immediately following the ceremony went to live in a small house about three miles from here, near East Braintree. There they remained for several years till they purchased a farm a few miles from their first residence and where they resided for many years. Later with their advancing years, they returned to their first home, leaving their son to care for the farm. Since that time they have occupied the place where the anniversary was observed Saturday night, in the presence of friends and their two sons, Wallace Blanchard and John Blanchard and families. Mr. and Mrs. Blanchard have also six grandchildren, with whom they take much enjoyment, always being interested in all that pertains to their happiness. Mr. Blanchard has now reached nearly 80 years and his wife is only four years younger, but they are yet in comfortable health and surrounded with much to minister to their comfort and happiness. Mr. Blanchard has been a farmer and drover as well as his son, John Blanchard, has taken up the latter and is doing a large business from this station each week. Wallace Blanchard, the other son, succeeds his father as a farmer, on the place which they left a few years ago. Many congratulations were extended to them on this anniversary and the hope that they will live to pass yet more happy years together.

If All Housekeepers Knew the Advantages of the Crawford Ranges few others would be sold

In the saving of time, trouble and labor and in superior cooking ability, no other range can compare with them.

The Single Damper (patented) is the only perfect fire and oven control; one motion—slide the knob to "kindle," "bake" or "check," and the range does the rest.

The Two Hods in the base (patented) is a wonderful trouble-saving feature. One Hod for ashes, instead of the old, clumsy ash pan; the other Hod for coal.

The Oven with its cup-joint flues is heated all over alike; no "cold corners," no "scorching spots."

The Patented Grates save trouble and money.

Auxiliary Gas Ranges at the end or above the range, if desired.

Ask the Crawford agent to show you and write us for circulars.

AUTO EXPERT IN PERIL

The great automobile industry which is the marvel of the twentieth century, has been developed at a terrific rate of human energy.

The well-known automobile engineer of New York City, C. M. Archer, had a very trying experience, which he relates in a letter as follows: "As a result of overwork in my profession, my health became broken down a year ago. This grew worse and I became very weak and nervous. Then I began to take Vinol and now I am strong and well again."

"Vinol has certainly worked a miracle in my case. It is the greatest body-builder I have ever seen and nothing equals it. You may publish this for the benefit of every man and woman who wants to know the way back to health and strength."

There are many overworked men and women in this town, who ought to take Vinol right now and recover their health and strength while they can. Do not delay another day. We guarantee Vinol to do you good and give back your money if it does not. Red Cross Pharmacy, Burt H. Wells, Prop., Barre, Vt.
