Samuel Gompers Explains Nockeles' Presence at Conference

ON McNAMARA CONFESSIONS

Knew Nockeles Had Gone Two Days After He Left for the West—Mitchell Believes Union Labor Not Permanently Hurt.

New York, Dec. 5.—President Gompers of the American Federation of Labor, explained yesterday afternoon his part in the conference of labor leaders which Attorney Darrow said was held at Los Angeles before the McNamara defense decided to enter pleas of guilty.

"I was at Atlanta attending the convention of the American Federation of Labor," said Mr. Gompers, "when Mr. Darrow's telegram reached me. It merely asked that some representative come to Los Angeles for a conference. I was exceedingly busy, and after glancing through the message, handed it to someone else.

"It was not until two days later that I learned that Nockeles had gone to Los Angeles, or that anyone had gone. I was given this information by a certain labor leader. Nockeles never reported to me at all. If Darrow told Nockeles that the McNamaras were about to confess, Nockeles never told me.

"When specific charges are brought against the union," added Mr. Gompers, "it will be the duty of the American Federation of Labor to investigate. There has been a lot of vaporizing about all these suspicions. But there has been nothing definite.

In the Los Angeles case you see what labor does when it finds proof of guilt. But of all these hundreds of times not one has ever been proven to have sprung from a neighboring union's council. Until that proof comes I ignore all the accusations as the whisperings of malicious enemies of labor.

Mr. Gompers nervously but emphatically denied again that he had any inkling of the dynamiter's guilt before their confession. Detective William J. Burns has charged that Gompers knew the truth right along and that he deliberately lied about Burns. Gompers yesterday morning would not mention Burns' name as connected with his accusation, but turned his attention to the Nockeles affair.

NOT PERMANENTLY HURT.

John Mitchell Believes Union Labor Will Recover From McNamara Acts.

Rochester, N. Y., Dec. 5.—In discussing the conference of the McNamaras yesterday, John Mitchell, who addressed labor meetings in this city Sunday, said he did not believe the cause of union labor would be permanently hurt by the acts of the McNamaras, nor does he believe, he said, that men higher up in union labor councils were joined in the plot.

FUNDS FOR TIMES VICTIMS.

Two Labor Union Branches Favor Turning Over McNamara Defense Fund.

New York, Dec. 5.—The proposal that the fund of \$100,000 subscribed by labor unions to aid the defense of the McNamara brothers be turned over to the relatives of victims of the Los Angeles Times building disaster was endorsed at a meeting of the Central Labor union of Brooklyn Sunday. The McNamara brothers were severely arraigned, and the sympathy and support of the Brooklyn unions was promised to President Gompers of the national federation.

Milwaukee Socialist District Attorney Seeks to Get Him.

Milwaukee, Wis., Dec. 5.—Ortie McNamigal will be brought here for trial for a local dynamiting in 1910 if he is freed in the West, declared District Attorney Zabel yesterday. Mr. Zabel is a Socialist.

ALMOST LOST HIS FOOT

Operations Did Not Seem To Do Any Good.

After Years of Agony Doctors Advised Amputation.

A Great Triumph for a Great Medicine.

ELKHART, Ind.—"I narrowly escaped losing my foot, because of swelling and sores on my ankle. They discharged a great quantity of matter and some pieces of bone. We tried everything to make the eruptions heal, and had two or three operations, which did not seem to do any good.

"To make a long story short, Hood's Sarsaparilla effected a complete and wonderful cure. The sores healed up, the discharge ceased, the swelling went down, and I could walk as well as anybody. I have had scarcely a sick day since. The cure was perfect and complete. It was a great triumph for Hood's Sarsaparilla over impure blood. The germs certainly got the worst of it from Hood's Sarsaparilla, in my case, and I believe it will cure in all similar cases, so I warmly recommend it." Henry Jenkins.

Thousands of intelligent and economical men and women have come to know by experience the great value of Hood's Sarsaparilla, and to regard it as "common sense" to use this proprietary medicine in many diseases and ailments.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than twenty different ingredients, which are the very remedies successful physicians prescribe for the same diseases and ailments, but are not all found in any other medicine. There is no real substitute for Hood's Sarsaparilla. It urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

TURKEY WANTS TO SHARE PERSIAN LOOT

Prepares to Move Army Corps in Response to Action of Russia.

Berlin, Dec. 5.—A special news dispatch from Constantinople says that Turkey, in response to Russia's action in Persia, is preparing to send the 6th army corps toward the Persian frontier.

Turkey, the dispatch adds, has been endeavoring to establish a hold on northwestern Persia in the vicinity of the lake and town of Urumiah in the province of Azerbaijan. She desires to share in the eventual partition of Persia, which Russia regards as a strategic menace.

It is thought in Constantinople that Russia's vigorous following up of the Shuster incident has been perhaps influenced by the difficulties caused to Turkey through the Turco-Italian war.

BOOM ENGINEERS.

New York, Dec. 5.—The American Society of Mechanical Engineers, which has 4,000 members, believes the engineer should rank with the lawyer and the financier as a leader of public affairs.

The convention will last four days, the principal subjects to be discussed being cement, textiles, machine shops and administration of industrial establishments.

STOKES IMPROVING.

Millionaire Will Be Unable to Go to Court for Week.

New York, Dec. 5.—W. E. D. Stokes, whose attack of acute indigestion has prevented the continuation of his testimony at the trial of Ethel Conrad and Lillian Graham, the show girls, who shot him last summer, spent a fairly good night at his apartments and was reported a little better yesterday. His condition is still serious, however, and it may be a week before he will be well enough to go into court.

His counsel planned to go on with the case as usual yesterday, calling the remaining witnesses for the prosecution. When they have finished either the defense will call its witnesses or adjournment will be taken until Mr. Stokes can conclude his testimony. Aside from the remainder of the complainant's testimony, it is understood that the prosecution has little more evidence to offer.

RECOMMENDS DOTY'S REMOVAL.

Commissioner to Investigate Says Doty Is Inefficient.

Alhany, N. Y., Dec. 5.—The removal of Dr. Alhaz H. Doty, health officer of the port of New York, is recommended in the report made to Governor Dix, by Charles N. Bulger, who was appointed by the governor to investigate the business of the office of the health officer.

Commissioner Bulger finds that the methods of keeping accounts and records of business transactions in the health office are "primitive and obsolete, unsystematic." The history of the business administration of the state's quarantine," he says, "is replete with evidence of gross incompetency and inexcusable negligence."

He declares Dr. Doty failed utterly to maintain an efficient quarantine and cites instances in which he "recklessly permitted" steamship passengers to leave after being exposed to cholera and other diseases.

Martin Asks Impeachment of Littleton

MANN ASKS INVESTIGATION

Of American Anti-Trust League—Littleton's Speech in Own Behalf Vigorously Cheered by Both Republicans and Democrats.

Washington, Dec. 5.—Investigation of the operations of the American Anti-Trust league was demanded by Republican Leader Mann in the House of Representatives yesterday afternoon, after a remarkable speech by Representative Martin W. Littleton of New York, who charged Henry B. Martin, secretary of the league, with attempting to defame him.

Round after round of applause punctuated Littleton's 75-minute defense of his integrity and Republicans and Democrats assured him of their confidence.

In the meantime Martin handed Speaker Clark a memorial and petition asking that Littleton be impeached on the ground that he "co-operated and conspired with the heads of the steel trust" to prevent the continuance of the steel inquiry.

This memorial was not presented to the House.

Littleton in his speech assailed Martin and others as being in a conspiracy to use the steel investigating committee to depress the values of stocks in Wall street.

A resolution of Republican Leader Mann, appointing a committee to investigate the attack on Mr. Littleton, was referred to the rules committee.

A resolution of condolence on the death of Representative Madison of Kansas was adopted.

Bills and resolutions in large numbers poured into the hopper on the speaker's table as soon as the House met yesterday. Two measures to abolish the commerce court were presented, by Representative Sams (Dem., of Tennessee) and Representative La Follette (Repub. of Washington).

Measures for the repeal of the Canadian reciprocity bill were offered by Representatives Hanna and Helgeson, both of North Dakota.

Representative Henry, chairman of the rules committee, introduced his much-discussed bill to strengthen the Sherman anti-trust law, define specific offenses against it and provide "felony" stripes for its violation.

Representative Sulzer of New York offered a bill to put sugar on the free list.

Representative Norris, the Nebraska insurgent, joined the Democratic idea of open caucuses, proposed by Democratic Leader Underwood. Mr. Norris introduced a resolution prohibiting the use of the House chamber for a secret caucus by any party.

Victor Berger, Socialist, representative from Milwaukee, introduced a resolution to repeal the Sherman anti-trust law and provide for government ownership of any concern which controls more than 40 per cent. of trade in any commodity.

Two bills creating the rank of vice-admiral in the navy were introduced by Representative Roberts of Massachusetts and Representative Bates of Pennsylvania. Republican members of the naval affairs committee.

LONGWORTH TALKS

Son-in-Law of Roosevelt Discourages Latter's Candidacy.

Washington, Dec. 5.—Representative Nicholas Longworth of Ohio, after spending a day with his father-in-law, former President Roosevelt, made this announcement yesterday: "Like all real friends of Mr. Roosevelt, I am discouraging and will continue to discourage any effort to make him the Republican nominee for president in the convention of 1912."

Mr. Longworth's statement was made in reply to Chairman Brown of the Republican executive committee of Ohio, who said the state preferred Roosevelt to Taft or La Follette.

TARIFF BOARD FUND.

Congress Is Asked for Funds to Maintain Body.

Washington, Dec. 5.—In the department estimates submitted to Congress yesterday, \$225,000 is asked for the maintenance of the tariff board for the coming fiscal year. Democrats of the House who fought the creation of the board have announced their intention to carry on tariff revision independently of its recommendations, and are reported to be planning an attack upon this appropriation. The estimates include also a request for \$75,000 for the administration's economic commission, which has been seeking to bring about reform in the conduct of business in the various govern-

CITY ELECTION OF LOS ANGELES HANGS IN DOUBT

Confession of the McNamaras Brings Chaos—Vote of Women May Decide.

Los Angeles, Cal., Dec. 5.—This city is holding what will be the most momentous municipality election in its history. The ballot is being taken to-day.

Socialism and prohibition are the main issues and over the whole situation lies the shadow of the McNamara dynamiting case, with its stunning climax of confessions.

Job Harriman, Socialist, and former mayor of Los Angeles, is the candidate for mayor with a full Socialist ticket behind him.

On the other side is the "good government" ticket, headed by Mayor George Alexander, which, from top to bottom, yielded first place in the choice of the voters at the primaries on Oct. 31. At that time Harriman received a plurality of more than 6,100 over Alexander.

But the startling end of the McNamara trial has thrown everything into chaos. The confusion resulting from the confession of the dynamiters has left voters in a daze and the outcome of the balloting to-day is a guess. Its decision lies in the hands of 180,000 voters, of whom 85,000 are women who have never cast a ballot.

SHIRTSWAIST MEN PLACED ON TRIAL

Harris & Blanck Face Manslaughter Charge—Echo of Ash Building Fire.

New York, Dec. 5.—The trial of Isaao Harris and Max Blanck, proprietors of the Triangle Waist company, who were charged with manslaughter in the first and second degrees after the fire in their factory on March 25 wiped out 140 lives, began here yesterday. There are seven indictments against them charging six counts. The charge on which they are to be tried first is the killing of Margaret Schwartz, one of their operatives.

The court corridors were jammed with witnesses, friends, the parents of the girl victims and the employes who escaped. The state will summon 58 witnesses. Before the attorneys began to pick a jury, Assistant District Attorney Roubin read a list of names of insurance companies all over the country and in Europe that were interested in the case. He proposed, he said, to challenge any man that knew of these companies or had an interest in any of them.

THE PACKERS' LAST CARD.

Counsel Asks Full Bench of Supreme Court for Delay in Trial.

Washington, D. C., Dec. 5.—John S. Miller and Levy Mayer, counsel for the Chicago beef packers, arrived in Washington yesterday to play their last card, it is believed, in the fight to obtain a stay in the trial of the packers on charges of having criminally violated the Sherman anti-trust law. This move was a sequel of the trip Mr. Miller and Mr. Mayer made to Washington Nov. 23, to get Chief Justice White to grant a stay. The chief justice informed them that the subject was of too much importance for him to pass upon individually and counsel announced they would go before the entire bench with their petition. Yesterday was the first opportunity to present the matter to the court. It was not expected that the packers' motion would come before the court until late in the afternoon on account of the probability that the tribunal would be busy early in the day announcing opinions.

Counsel for the packers had prepared a brief in support of their petition in which much reliance was placed upon the action of the court in granting a stay of trial until the constitutionality of the federal anti-lottery act was passed upon several years ago. "If, in order to ascertain the constitutionality of the anti-lottery act," it was argued in the brief, this court, both upon original application for habeas corpus, and by appeal, undertook to exercise jurisdiction, we respectfully urge that the ascertainment of the validity of the anti-trust statute calls for the same procedure."

Attorney-General Wickersham prepared a brief in opposition to the motion of the packers. He said that a stay had not been granted by the supreme court of the United States where it was sought merely for the purpose of delaying the trial.

BOY DENIES MURDER.

He Mystifies the Chicago Police in His Determination.

Chicago, Dec. 5.—By stubbornly protesting innocence of any knowledge of the manner of his cousin's death, Hyman Rosenthal, 13 years old, has turned a police case which otherwise would have been easy for solution into a mystery.

In answer to calls from neighbors, the police rushed to a house on the northwest side Sunday, to find Paul Franzel, also 13 years old, dead from a bullet wound in the back. In an adjoining room the Rosenthal lad sat calmly reading a newspaper. Questioned by the police, he persistently reiterated that he knew nothing of the shooting. The Franzel boy's body had been covered with a rug.

The only other person in the house at the time was Amos Rokvoza, 68 years old, Franzel's uncle. He was upstairs, Rokvoza is deaf and told the police that he did not hear the shot. The Rosenthal boy was arrested.

RACE WAR IN OKLAHOMA.

White Man Killed, Negro Lynched and Others Wounded at Mannford.

Tulsa, Okla., Dec. 5.—Mannford, a town of 600 people, twenty miles from here, resembled an armed camp Sunday night. A race war is feared owing to a series of events in which a white man, Fred A. Evans, was killed, another, Roly Johnson, was seriously wounded, a negro, "Bud" Walker, was lynched and his brother wounded.

Evans and Johnson were held up by three negroes Saturday night. They resisted and a battle ensued. Later a posse captured the negro, "Bud" Walker, riddled him with bullets and hung his body to a telegraph pole. The negro's brother escaped, but was captured Sunday and taken to Sapulpa from Claremore.

The funeral of Fred Evans Sunday was attended by almost the entire population. Every male inhabitant carried a gun.

EMPEROR HAILED.

George Drives Through Bombay, Cheered by Children.

Bombay, Dec. 5.—Yesterday young India greeted its emperor and the sovereigns drove to the exhibition grounds. A feature of the drive was the presence upon the back of the royal carriage of an Indian carrying in one hand a gold umbrella and in the other an Oriental fan.

Twenty-five thousand children acclaimed the rulers and sang the national anthem in English, Gujarati, Marathi and Urdu.
