We Are Anxious to Please You

When we as merchants go into a place to buy merchandise, we like to go in where we feel they want to see us, and we know that our trade feels about the same. We want you to feel when you come in here that we are pleased to see you, and feel free to ask for anything you wish to see, and if for any reason whatsoever you are not used just as courteous, whether you buy or not, please report same and we will see that it does not happen again. We are here to please you and answer any questions you may want to ask. Come in and see the new merchandise.

Ladies' House Dresses

Our early showing of Ladies' Spring House Dresses are the popular Good Service make. These are a make of Dresses that we know are made a little better than almost any make that is put out.

Every one of these Dresses is made with a good full skirt. Every seam finished. No raw seams. Then, too, they have a style about them that you do not get in many makes of House Dresses.

The Apron Dress at \$1.00 is a Dress that has been very popular for the last two seasons. It is made of a good quality percale, mostly in black and white checks.

At \$1.25 are some good House Dresses that are made in a good style, both in percales and check gingham.

At \$1.50 are two good models of the Good Service make of House Dresses; in percale and gingham.

In the better quality and one that has a little more style, are some very good models at \$2.00 and \$2.50. Take some of these models home to see how nicely they fit.

Children's Wash Dresses

There is but very few ladies who enjoy sitting down and making Children's Dresses, when they can buy them all ready made for but a fraction more than they will pay for the material.

Our line of new Wash Dresses is made by people who know just how to make these garments. Every Dress is made just as well as you yourself would make them, and they have got a degree of style that is different.

We have sold Children's Dresses for a number of seasons, but we were never able to give you so good a Dress at 50c as we are putting out this season.

When you can get a good styled Dress, in sizes from 6 to 14 years, at from 50c to \$1.50 each, you cannot afford to spend too much time making them. These Dresses are made of the best of materials, such as percales and gingham.

Wash Goods

We are showing a good assortment of Gingham at 8c per yard, small checks and stripes.

At 10c we have a full assortment of Amoskeag Gingham. These come in plain colors, checks and stripes.

At 12 1-2c selected patterns of Bates Gingham. These come in the new 1912 designs.

At 25c is our line of 1912 imported Scotch Gingham. These come in double and single fold. The double-fold are the finest. In fact, are 33c grades at 25c per yard.

Our new Cotton Foulards are copies of Silk Foulards and look very nearly as well. They have a mercerized finish that gives them a silk-like luster. The price is 15c per yard.

1912 Yard-Wide Percales in both light and dark grounds, new designs and a new cloth, at 10c per yard.

Best 1912 Percales in the new colorings. These are very fine and soft. A few of them have side borders. These are 12 1-2c.

Wash Goods

Mercerized Poplins are very pretty and in the new colors are much used. In this cloth we have the new dark and light Wisteria colors.

Mercerized Plisses. These are for waists, dresses, kimonos and children's clothes. They are on the order of seersuckers, only a great deal finer, and are very desirable. Our best trade is buying freely from these styles.

Silks

We are after your Silk trade. If you want either wide or narrow Messalines, we have them from 40c up to \$1.00. We have seventeen colors in a yard-wide quality.

At \$1.35 a yard-wide Brainerd & Armstrong Black Messaline that we are having a sale on at 87c per yard, good heavy weight.

Every day we are now receiving new models in Suits and Coats. We were never in so good shape to give you extra good values on these garments as now. See our new values in Silk Kimonos just received.

"The Taylor Nursery" The 20th Century Baby Bed

The Taylor Nursery is the one baby bed that helps care for the baby night and day.

With her baby in a Taylor Nursery, the mother can go to sleep with the knowledge that the little one is perfectly safe, and if nursing or other attention is required, this can be given by the mother sitting up in her own bed. She need not get out of bed, and run the risk of catching colds. The mother can take care of the baby and remain in bed herself.

The Taylor Nursery is a generous-sized bed for babies from the time of their birth up to four years and over. It is fully three and one-half feet long and two feet three inches wide. It is more serviceable than basket, crib or cradle, or any sleeping couch whatever. It does all that a nurse could do for you by bringing baby to your bedside. And it offers a sanitary sleeping place that guards baby's health as well as your own.

At the head is attached a steel notched frame, which holds the bed lever at any desired height. The foot of the bed being free from attachment permits placing the Taylor Nursery over the regular bed, where it takes up no extra space in the bedroom.

In these days of small bedrooms there is seldom room for a bed for mother and another for baby, yet the two beds are necessary.

The Taylor Nursery has been called a twentieth century trundle bed. Instead of going under the regular bed, though, it goes over or alongside, if that position is preferred.

If the mother's bed is covered with mosquito netting, the Nursery being also under the netting, baby can be cared for with the least possible trouble, and without any danger of being mosquito bitten.

In the daytime, the Taylor Nursery may be moved to any part of the house or out on the porch.

Let baby sleep outdoors in the Taylor Nursery. The cost of a Taylor Nursery is \$15.00.

This includes the special \$5.00 offer of mattress and safety hood. We do not sell the Taylor Nursery without these extras.
