AFTER-EASTER VALUES

Cold weather has set spring trading back. Next week will be the week of busy stores and large sales. We all have large stocks, well selected; we are making better prices than you will get in other cities; we are giving you the best service to be had, and next week will be your best time to select from these large new spring stocks. If it is ready-to-wear garments, the assortment is best now; if it is goods to make up, you will have no time to spare before warmer weather will be with us.

Ladies' Tailored Suits

This is the weather that makes everyone think of a Spring Suit or Coat. The variety of models that is shown is the best and the largest range of different models we have ever seen.

The light Suit will be very good this season, while the Navy Blue seems to hold first place.

We can show you some of the best and the largest range of these popular Suits we have ever been able to show.

We are putting on sale one lot of Light and Medium Colored Suits that we carried from last season at one-half price to close.

These Suits at half price are not Suits that are out of style, they are just as good style as any. In fact, you could not tell many of them from this season's models.

These are Suits with a coat that is made the same length and a skirt that is of as good a fullness as the present season's models.

If you want a medium-priced Suit, you can get a Suit that sold at \$20.00 in this clean-up sale at just one-half price, or for only \$10.00.

There are a few Suits in these odd models that sold at \$27.50 and \$30.00, to clean up the lot at only one-half price.

At one-half price are a few old Coats carried over from last season. Are good models that are not much different from this season's.
