FOR SMART DRESSERS

Each season some one kind of dress goods has the lead over the others. As soon as you get away from whipcords and serges for tailored suits then comes materials for dresses. This season Silks have come up like a flash for street and party dresses. They have a clever look that other materials never have. Can we show you kinds that we believe to be right for style, serviceable in wear and rightly priced?

SILKS

This has been a Silk season. More sold than for years. Better values for the money, and the quantity for a dress being so small that the cost of silk is but little if any more than for wool goods. The following are some of the best values that you will see this season.

As a leader we are selling a genuine Japanese Striped 50c Wash Silk for 25c per yard. Do not send for samples—come and see the goods.

We have all of the best colors in our yard-wide Cameo Silk. These are great values, width considered, at the price, 39c per yard.

We have a Silk Dot at 19c per yard and Directoire Silks, the same as Suesine, at 29c per yard.

Yard-wide Lining Satin at 87c per yard and yard-wide Messaline, heavy grade, at \$1.00 per yard.

Double width Crepe de Chine at \$1.25 is our new and best seller for thin party dresses.

SILKS

Yard-wide Wash Silks have been very popular and hard to get. We have been out of them half of the time this season. This is a new lot and comes in new width stripes and sells for 75c. If what you want, call at once. These will sell very quickly.

Changeable Chiffon Taffeta has been big so far. These we have in a very nice quality at \$1.25 per yard. These are lots heavier and better than the ones we have been selling for \$1.00.

Black Silks are very cheap. Yes, over 10 per cent, cheaper than ever before. We are selling a Black Messaline nearly a yard wide for 87c per yard. You never saw this grade less than \$1.00.

We have in stock to-day a full line of colors in our \$1.35 Brainerd & Armstrong Messaline. We have colors in these Silks that others do not carry.

LADIES' THIN DRESSES

We have now got our full line of Ladies' Thin Summer Dresses. This is a line of Dresses that are made by the Waldorf people, and the "Good Service" make. These are Dresses that have got the style and are cut on the lines that will fit nicely.

At \$2.50 is a fine Dress made of a colored madras, is made square neck and is finished with wide sailor collar effect, and piped with plain goods.

At \$3.00 are a number of different styles in Dresses that are made of fast colored materials, such as lawns and barred muslins. These are the "Good Service" make.

At \$4.50 and \$4.75 are a number of very popular Dresses that are made of the best of wash materials, in new and extremely pretty designs.

In the better qualities at from \$5.00 to \$7.75, we have some of the best values in the Waldorf make of Dresses we have ever shown. They are entirely different. See the line.

LADIES' SEPARATE SKIRTS

The demand for Separate Skirts seems to increase every day, not only in the Wash Skirts, but the Wool Skirts, both in the Mohairs, Serges and Panamas. We have an unusually large showing of Separate Skirts at present.

The very popular M. & C. line is a line of Skirts that for style and value is the best line that comes into the state to-day.

For Skirts that will sell at from \$3.98 to \$10.00, you cannot find a line of Skirts that are their equal.

We have just received a number of good values in the Mohair and Cecilian Skirts from those people, and they are very good values.

Our full line of Wash Skirts is now on display, and never did we sell so many so early in the season as we have sold in the last ten days. See this line of Skirts. Prices from \$1.25 to \$5.00.

No one can talk to you about anything in the hosiery and underwear line better than Black Cat Hosiery and Musing Underwear.

EVER CHANGING DISPLAY

— OF —
CORRECT MILLINERY

New ideas are oftentimes introduced in mid-season, making their appearance very modestly at first, then gradually blossoming out into a full-fledged fashion. This is then reproduced in countless varieties and when exhausted disappears by degrees, to make room for another style.

Better Values--Later Styles

The leading grocer and provision merchants allow you a 5 per cent. discount if you carry home your purchases.

If you climb a flight of stairs and purchase your millinery from me, you save 10 to 30 per cent. This is possible because of the saving in expense my low rent location enables me to make during the months in which there is little or no business.

On Sale This Week
50 TRIMMED HATS
\$2.98

The backward season makes it necessary to close out many trimmed hats. These hats were formerly marked \$3.50 \$4.00 and \$4.50 and would cost elsewhere from \$4.00 to \$6.00.

If you are not acquainted with this store we both lose money.
