

VERMONT BEAT RECORD

Al. Gutterson Starred at Stockholm To-day

IN RUNNING* BROAD JUMP

United States Captured All Three Places in the Pole Vault, Babcock of Columbia Being First and Wright and Nelson Tied for Second.

Stockholm, July 12.—Albert I. Gutterson of the university of Vermont and representing the Boston Athletic association, beat the Olympic record for the running broad jump at the Olympic games here to-day.

Gutterson won the final in the event, his first attempt, cleared seven metres and 60 centimetres (24 feet, 11 inches).

Gutterson won the final in the event, his first attempt, cleared seven metres and 60 centimetres (24 feet, 11 inches).

MOTHER AND CHILD DEAD.

Another Child Is Seriously Ill as Result of Extreme Hot Weather.

Nashua, N. H., July 12.—Mrs. Amanda E. Bills of Jamaica, Vt., died yesterday at the Nashua hospital and her younger child remains at the institution in a dangerous condition.

Her elder child was buried yesterday at Townshend, Vt. All three were stricken with illness brought on by the extreme heat.

The family came from Vermont two months ago, but thought that Mrs. Bills' health would improve here. Mrs. Bills is survived by her husband, Irving E. Bills; the baby; one brother, John Putnam of Jamaica, Vt.; four sisters, Mrs. Etta Hanson of Nashua, Mrs. Mattie Gould of South Wardsboro, Vt., Mrs. Annie Clark of Townshend, Vt., and Mrs. Julia Williams of Townshend; one half brother, Walter H. Putnam of Nashua, and one half sister, Mrs. Flora H. Haskins of Nashua.

SUSPECT MURDER AT LEWISTON.

Body of Biddford Man Found in Rear of Stable.

Lewiston, Me., July 12.—The badly decomposed body of a man, which was later identified as that of "Dolly" Zimeneh of Biddford, was found yesterday in the rear of the Provost stable on Cedar street not far from the river bank.

Sears on the face, together with the fact that the stableman who found the body says that the body was not there Wednesday night, leads the police to believe that the man may have met with foul play.

How the man met his death has not yet been ascertained and Coroner Vaughn, who has the case, will make an investigation and will have the contents of the man's stomach analyzed. A small sum of money, together with a half pint of whiskey, were found in the pockets. The authorities at Biddford have been notified.

FLYING STONES HURT FOUR.

Rioting Last Night in Brighton District of Greater Boston.

Boston, July 12.—Street car rioting broke out in the Brighton district shortly before midnight last night and four passengers and two motormen were struck by flying missiles. Many windows were broken in three different cars.

Mrs. F. Gifford of Newton was struck on the head by a stone and felled to the floor of the car on which she was riding. An unknown man was struck on the elbow by a missile and a motorman was also injured.

Miss Lillian Bolton of Waltham was struck on the arm by a stone and her sister, Miss Clara Bolton, was injured by flying glass.

KEEPS TITLE IN FAMILY.

Eddie Duran Is the Three-Mile Sculling Champion of America.

Toronto, Ont., July 12.—Eddie Duran of Toronto, nephew of the famous Ned Hanlon, easily defeated William Hamer of Boston in a three-mile sculling race on Toronto bay yesterday afternoon, thereby retaining the professional championship of America and winning a purse of \$1,000 a side.

Duran finished about 20 lengths ahead of the challenger and was never pressed after the first mile. The time was very slow. Duran made the mile and a half to the turn in 9:37.25, but took 20:12.25 for the full distance. The weather conditions were perfect.

SHOTS IN STRIKE RIOT.

Two Men Hit by Bullets and Three by Stones at Toledo.

Toledo, Ohio, July 12.—Two men were shot and three others injured by stones in a riot early last evening. When a crowd of union sympathizers attacked a dray on which a number of strike-breakers were riding, some of the men were seriously injured. Fifteen guards, said by the police to be imported strike-breakers, were arrested, charged with shooting with intent to kill. They were released on bail. The riot was a part of several days of disorder between non-union and striking union draymen.

PROVED A WORTHY SON.

Joe Patchen II Took Comstock Purse at Grand Rapids.

Grand Rapids, Mich., July 12.—Joe Patchen II proved himself a worthy son of a worthy sire yesterday by taking the Comstock purse of \$5,000, 2:11 class being the feature event of the third day of the Grand Rapids grand circuit meeting. He won the race in straight heats, but was forced to make a mark of 2:05 1/2 in so doing. Grand Opera was a close contender, but Joe Patchen II won safely each time. The horses were well bunched behind him and kept him going fast.

REVIVED AFTER 20 MINUTES.

Body Found by Coroner To Contain Sparks of Life.

Rochester, N. Y., July 12.—Coroner F. H. Lattin of Gaines, called in the case of Samuel Bigford of Medina, who went through a bridge at Eagle Harbor yesterday afternoon while attempting to cross with a traction engine, discovered that life was not extinct and revived Bigford after working on him for 20 minutes.

HAS NOT RESIGNED.

Herbert Knox Smith Also Says He Has Nothing to Say.

Washington, D. C., July 12.—Herbert Knox Smith, commissioner of corporations, who has been reported as about to resign that he might be free to join the new party, headed by Roosevelt, returned to Washington to-day. He declared he had not resigned, but to all other inquiries he answered: "I have nothing to say."

ELOPED WITH CHORUS GIRL.

Mascagni, Composer, Wounded by His Wife in Violent Quarrel.

Rome, July 12.—Pietro Mascagni, the composer, was slightly wounded yesterday by his wife, with whom he had a violent quarrel. Mascagni then left his home and eloped with a chorus girl, his wife going in pursuit in a motor car. She did not, however, succeed in locating him.

NOT GUILTY, DORR'S PLEA

When Arraigned To-day for Murder of George E. Marsh

A WEALTHY LYNN MAN

Body of Marsh Was Found on the Outskirts of Lynn Last March, and Dorr Was Arrested at Stockton, Cal., on the Charge.

Salem, Mass., July 12.—William A. Dorr of Stockton, Cal., pleaded not guilty in the superior court here to-day to an indictment charging him with the murder of George E. Marsh, a wealthy Lynn manufacturer, whose body was found on the marshes last March. Dorr was arrested in California and brought back here for trial. The date for the trial was not set at to-day's hearing.

WILL ASSESS DAMAGES.

In Last Step Toward Taking Over of Crawford Notch.

Concord, N. H., July 12.—The last step in the process of turning over to the people of New Hampshire the lands in the Crawford Notch region will be taken next week, when the commission appointed by the state supreme court will begin its series of hearings as to the damage that must be assessed.

The members of the board are former Attorney-General Edwin G. Eastman of Exeter, James E. French of Montpelier, and Herbert Moulton of Lisbon. These gentlemen will award damages to the owners of the property taken over. The state took 3,000 acres of the upper end of Hart's Location, which comprises the most beautiful portion of Crawford Notch.

The commission will meet Monday at the Crawford house, when a view of the premises will be taken and the hearings will be a matter of about a week, the damages will be assessed and the property will be formally and technically taken over into the hands of the state.

FAUST WANTS SALARY.

Former "Jinx Chaser" of Giants to Make Appeal.

Cincinnati, Ohio, July 12.—"Charlie" Faust, who all of last year traveled with the New York national league ball team as their "mascot" but whom Manager McGraw would not allow with the team this year, is in Cincinnati to appeal to the national baseball commission to take up his claim that the management of the Giants owes him a year's salary. It is not likely that there will be any official action by Chairman Herrmann, as Faust was not classed as a ball player.

HAMLET NEARLY WIPED OUT.

Point Tupper in Nova Scotia Swept by Forest Fire.

Halifax, N. S., July 12.—A forest fire yesterday swept the Point Tupper, settlement near the entrance to Port Hawkesbury. The hamlet was nearly wiped out. The heaviest single loss is sustained by the Intercolonial railway, the freight sheds, coal sheds and transfer piers, together with a score of loaded freight cars, were destroyed. This loss is more than \$100,000. The Embree and Dudley hotels, both small houses, and half a dozen frame dwellings, were also burned.

WORKING OF RECALL.

Father of Innovation Describes It at Los Angeles.

Los Angeles, Calif., July 12.—California and its experiments and progress in politics monopolized the program of the National Municipal League session yesterday. Dr. John R. Hayes of Los Angeles, known as the "father of the recall" in this, the first city to adopt such a measure, reviewed the workings of the initiative, referendum and recall. The "fall of the system of party bossism in California" was described by Chester Rowell of Fresno.

ROOSEVELT IN OHIO.

Garfield Says There Will Be Ticket for Electors.

Cleveland, O., July 12.—James A. Garfield, a signer of the third party call from Ohio, said yesterday that there will be a full list of Roosevelt electors on the Ohio ballot at the November election. He had just returned from New York and a conference with Colonel Roosevelt. Whether Roosevelt would win in Ohio as an independent or as the head of a third party, he was not prepared to say.

BRONZE TABLET UNVEILED.

Ancient and Honorable Artillery of Boston Attended Service in London.

London, July 12.—Fifty members of the Ancient and Honorable Artillery company of Boston, who are visiting here, accompanied by many members of the Honorable Artillery company of London, spent to-day at Windsor. They marched to the residence of the mayor of Windsor, where Ambassador Whitelaw Reid unveiled the bronze tablet on the house marking the spot where Robert Keayne, the founder of the Boston Artillery company, resided.

JUDGE SEAVER FOUND DEAD IN HIS OFFICE

He Had Been Judge of the Hartford Probate District Since 1886—He was a Veteran of Civil War and Had Received Medal.

Woodstock, July 12.—Thomas O. Seaver, judge of probate for the Hartford district of Windsor county, was found dead in the county courthouse yesterday morning at 9 o'clock by N. J. Whitehill, principal of the White River Junction high school, who was his guest. Judge Seaver was seen to go to the courthouse about twenty minutes before that time, and apparently he was in good health.

On hearing of the death, county court adjourned after State's Attorney Homer Skeels had made the announcement and spoken a few words in eulogy.

Judge Seaver was born in Cavendish in 1838, being the son of Joseph and Evangeline Seaver. He was educated at Norwich university and Union college. He served in the Civil war as colonel of the 3d Vermont Volunteers, and Congress bestowed upon him a medal of honor for gallantry in action, May 10, 1864. He became judge of probate on November 15, 1886.

Colonel Seaver married Nancy J. Spaulding of Hartford, who survives him, and he leaves a son, Kenneth, of Pittsburg, Pa. The funeral will be held Saturday afternoon at three o'clock.

In May, 1897, Colonel Seaver was shot by William W. Lawrence for some fancied grievance, the bullet passing through his body very near the heart. Courage and a strong constitution saved him and he apparently entirely recovered from the wound. Lawrence was sentenced to state prison for 16 years and was later transferred to the asylum at Waterbury.

SAY DEMAND IS JUST.

Western Telephone Company Ordered to Submit New Schedule.

Burlington, July 12.—The state public service commission closed its session yesterday afternoon at the hotel Vermont, Chairman John W. Redmond of Newport and Commissioner Tuttle, Warner and Spear being present. A hearing was held in regard to the giving of night service in Addison county by the Western Telephone company of this state, with headquarters at Jonesville, and the commission was satisfied that the demand for such service was just, but that the service could not be given at the rates now in force. The company was ordered to submit a new schedule at a hearing to be held August 6.

The first hearing was held May 27 and a continuance was taken until July 9, when another continuance was had until yesterday. The Western Telephone company does business in Jonesville, Charlotte and several Addison county towns, and the subscribers have complained because there is at present no night telephone service, and they also claim that rates charged are excessive. Mr. Redmond said yesterday that the opinion of the commission was satisfactory to Attorney-General J. G. Sargent, who presented the petition.

WAS NATIVE OF BARRE.

William Lindsey of Quebec Died Yesterday of Heart Disease.

White River Junction, July 12.—William Lindsey of Quebec village, in the town of Hartford, died yesterday of valvular heart trouble, having been in poor health all the spring. He was a native of Barre but was a long-time resident of the town of Hartford, being a highly respected citizen and of prominent business man. For upwards of 40 years he was connected with the J. C. Parker Manufacturing company of Quebec, having been a member of the firm and superintendent until the company was reorganized a year or so ago. He would have been 80 years old next January. He is survived by a wife and daughter, Mrs. Scott Tinkham. The funeral will be held Saturday at Quebec, Rev. C. Wattle of Shoreham, formerly located at Quebec, officiating. Mr. Lindsey was an attendant at the Congregational church and a member of the Masonic order.

BEN LINDSEY SAID NO.

Prohibitionists Asked Him to Head Their Presidential Ticket.

Enid, Okla., July 12.—"I have made promises to the Progressive party, making acceptance impossible," telegraphed Judge Ben Lindsey of Denver from Enid yesterday to George L. Thompson and others at the national prohibition convention at Atlantic City, N. J., in reply to a telegram which the Colorado man said he received, inquiring whether he would accept the prohibition nomination for president.

His reply led to gossip among friends here, renewing reports that Judge Lindsey would be named for vice-president by the Progressive Chicago convention in August, but he declined to make any statement concerning this.

SEEKING STOLEN HORSE.

Traced As Far As Milton From St. Albans—Description of Animal.

Burlington, July 12.—J. A. Everts of St. Albans was in the city yesterday, endeavoring to find a horse said to have been stolen June 20. The animal has been traced as far as Milton, and is described as a bay horse with dark tail and mane, tail lashed, and with a kite-shaped white strip in the face and a white spot on the back from saddle. The horse is 11 years old and weighs about 1,000 pounds. With the animal was taken a McClellan russet army style saddle.

Several Buildings Destroyed.

Rethel, July 12.—During a severe thunderstorm Wednesday night the large barn on the Charles Twitchell farm in Stockbridge was struck by lightning and burned with 15 tons of hay. The owner is A. H. Harrington of Gayville, and the tenant, Mr. Raymond, who lately brought his family from Rochester. The wind favored the house, which was not burned. A small barn on the Clogston place in Barnard was burned. A vacant house and the out buildings on the J. Perham place in Brookfield were burned. A barn on Frank Rand's farm in Royalton was struck and a fire started, which was put out.

GIRL'S DEATH FROM BURNS

Rosalie Samson, Aged 3, of Fairfield Pond the Victim

SHE PLAYED WITH MATCHES

Little Daughter of Mr. and Mrs. Ouida Samson Sustained Her Injuries on Wednesday, and She Died of the Burns Yesterday.

St. Albans, July 12.—Rosalie, aged three years, the daughter of Mr. and Mrs. Ouida Samson of Fairfield Pond, died yesterday from the effects of burns suffered the day before while she was playing with matches.

ONE INCH OF RAIN FELL IN BOSTON

Drouth Broken When Storms Converged Yesterday, and Mercury Dropped at the Same Time.

Boston, July 12.—Thunder storms passing over the city from different directions yesterday were accompanied by a downpour of nearly an inch of rain, breaking the drouth which has prevailed since June 6. The mercury, dropping from 80 degrees at noon to under 70 following the rain, marked a break in the hot spell.

Thirteen deaths have been caused by the heat during the last seven days. Several fires were set about the city by lightning yesterday and much damage done to crops by the heavy rain. Clear and cooler weather was promised for to-day by the weather bureau.

The unusually severe electrical disturbance, accompanied by heavy rain and high wind, caused much damage in certain Massachusetts, Rhode Island and southwestern Maine yesterday. Lightning bolts brought death to two children in Greater Boston, stumped several score persons, shattered or burned church steeples and towers of buildings in Wakefield, Lynn, Kennebunk, Me., Biddford, Me., and other places; struck houses in a score of cities and towns, uprooted trees and by burning out fuses interrupted telephone, telegraph, electric light and street railway service in Biddford, R. L., and elsewhere. For the farmers, the storm which broke the drouth of from four to six weeks was not an unmixed joy. In some places, particularly in Maine, the parched crops were destroyed by the violence of the downpour. In many places in New England, the drouth remains practically unbroken, particularly in Massachusetts.

Several times when the disorder was at its height the chairman brought about tranquility by starting a song or by having someone start a prayer. The night session adjourned with everyone apparently in a contented frame of mind. The platform as originally presented by the resolutions committee was changed in several particulars. Some of the delegates contended there was "not enough prohibition" in the document, so several strong phrases were added on that subject. Then came the elimination of the plank declaring for a separation of state and church and declaring against the use of public moneys for sectarian schools and churches.

Mr. Hinshaw, the new chairman of the party, is an attorney in Portland and is president of the Intercollegiate Prohibition association. When adjournment was taken last night, Eugene W. Clafin of Arizona, the presidential candidate of four years ago, was being most generally discussed as the probable candidate this year. Mr. Clafin was given an ovation yesterday afternoon.

DEAD FISH CLOG INDUSTRY.

Vermont Marble Company at Proctor Had to Close Yesterday.

Rutland, July 12.—The entire plant of the Vermont Marble company at Proctor was shut down yesterday morning by reason of thousands of dead fish, washed down by Otter creek, getting into the dam and shutting off the supply of water. Ten wagon loads of suckers, bass, heads, dace, pickerel, perch, bass, sunfish, and a few trout, had been carted away and buried by noon. No one knows what caused mortality among the finny tribe. Three theories are advanced: That poisonous gases were generated in the water from the effect of the heat on sewage; the electrification of the water by the severe thunder storm; the stranding of the fish by reduction of the creek's stream to a mere thread of water by the drouth.

MOVED CHURCH TOWER.

Lightning Struck in Several Places in Lynn.

Lynn, Mass., July 12.—Lightning struck in several places in Lynn during the storm yesterday. Ripping through the steeple of the Trinity Methodist Episcopal church on Boston street, it caused part of the steeple to fall off and burned part of the roof. The roof was governed by an old Hanseatic principle graven on the town hall at Lubbeck. The little flag is easily bound to the staff, but it costs much to haul it down again with honor.

The emperor went on to say that he could claim that, during his reign, the honor of the German flag had never been insulted from any quarter; then, addressing himself to the Hamburg merchants, contained a pointed reference in question was as follows: "As you all know, gentlemen, the flag must wave in honor, and it must not be recklessly spread to the breezes or hoisted where we are not sure that we can defend it. You will understand why I have practiced self-restraint in spreading the German flag at places where many persons perhaps long to see it floating."

The German navy's surveying ship Planet had discovered in the vicinity of the Philippines the deepest known spot in the ocean, 9,780 meters, or four hundred and six feet more than six miles. This record sounding was made, according to a cable account received at the admiralty here, about forty sea miles off the north coast of Mindanao. The greatest depth hitherto known, 9,335 meters—just under six miles—was found by the United States cable steamer Neris in 1901 to the south of the island of Guam.

Woman suffragists, the Socialists and other advocates of the equal-pay-for-equal-work doctrine are much wrought up over an plan of the imperial postal department, just announced, whereby 8,500 male employees are to be replaced by women on the score of economy. It is estimated that a yearly saving of about 6,000,000 marks, or practically \$1,500,000, will be effected. The salary of some 3,000 of the posts to be filled with women will be 750 marks a year. This makes \$14.88 a month.

TIM WOODRUFF LEADS.

Full Committee of Third Party Men in King's County.

New York, July 12.—A hall in Brooklyn, last night was filled to capacity by a large and enthusiastic crowd at a meeting which former Lieut.-Gov. Timothy L. Woodruff had called for the launching of the third party.

The business of the meeting was the appointment of a provisional committee made up of twenty men from each of the twenty-three assembly districts of Kings county. The full list of 400 names was made up and the committee was authorized to meet Tuesday, July 23, to form a permanent organization.

The manner in which the national progressive party shall be organized in New York state was announced last night following a meeting here yesterday of local and up-to-date followers of Colonel Roosevelt's third party idea.

The plans were adopted in the form of a resolution drawn up by a committee appointed by William H. Hotchkiss, former superintendent of insurance, and now provisional head of the new party in New York.

It was emphatically brought out at the start of the resolution that the new party shall be "a separate and distinct political organization," and that it shall place in nomination candidates for every elective office in nation, state, county and city.

As to the choice of delegates to the national convention, it was resolved that the forty-three delegates should be chosen by congressional districts, "except that in counties containing two or more complete congressional districts, the delegates representing such congressional districts may be chosen at large." This would apply to New York City.

The delegates from the state at large will number two, and will be chosen by the forty-three district delegates. It was resolved "that assembly district chairmen or some other person elected by the assembly district convention be a member of the state committee of the national progressive party and that the state committee, thus constituted, shall formulate rules for the further conduct of the party."

OVERTHREW ADMINISTRATION.

Prohibs. Choose Hinshaw of Oregon for National Chairman.

Atlantic City, N. J., July 12.—After a day of almost constant wrangling, interspersed now and then with hymns and prayers, the national prohibition convention last night overthrew the existing administration and elected Virgil G. Hinshaw of Portland, Ore., national chairman for the party.

The convention voted down a proposed plank in the platform, demanding that the separation of church and state be perpetual and that no public money should be appropriated to sectarian churches and schools.

Mr. Hinshaw, the new national chairman of the party, was a conspicuous selection as between Charles R. Jones of Illinois, the present chairman, and W. G. Calderwood of Minnesota, the leading insurgent early in the day won their fight to have the chairman elected by the convention, instead of appointed by the national committee. Mr. Hinshaw's election came on the fifth ballot last night, after both Jones and Calderwood had withdrawn. Between ballots on the national chairmanship, the convention devoted its time to the adoption of a platform.

The delegates were in a turmoil most of the time and occasionally there came cries of "gag rule" and "Tammany tactics" from several of the delegations. "Don't be Republicans or Democrats; let's have harmony," shouted the permanent chairman during one of the disturbances.

Several times when the disorder was at its height the chairman brought about tranquility by starting a song or by having someone start a prayer. The night session adjourned with everyone apparently in a contented frame of mind. The platform as originally presented by the resolutions committee was changed in several particulars. Some of the delegates contended there was "not enough prohibition" in the document, so several strong phrases were added on that subject. Then came the elimination of the plank declaring for a separation of state and church and declaring against the use of public moneys for sectarian schools and churches.

Mr. Hinshaw, the new chairman of the party, is an attorney in Portland and is president of the Intercollegiate Prohibition association. When adjournment was taken last night, Eugene W. Clafin of Arizona, the presidential candidate of four years ago, was being most generally discussed as the probable candidate this year. Mr. Clafin was given an ovation yesterday afternoon.

DAMAGE BY LIGHTNING.

Farmhouse Near Northfield and Other Buildings Near Brookfield Burned.

Northfield, July 12.—During Wednesday night's storm, lightning struck the house on the M. L. Field farm, used by New-country people as a summer home, and the resulting fire burned the structure to the ground. The house had only recently been sold by D. W. Smith, and he was occupying a tent nearby. Three young men, representing the new owners of the property, were living in the house at the time, and they lost all their personal effects. The loss is covered by insurance.

ABLE TO LEAVE HOSPITAL.

H. P. Smith, Who Was Injured in Railroad Accident.

H. P. Smith, who was injured in the wreck on the Central Vermont railroad June 15, when a freight engine turned turtle near the Willey street underpass, was able to leave the City hospital yesterday. Mr. Smith has been at the hospital for the past four weeks and has been around for the past few days. He is slowly recuperating from the serious injuries inflicted in the accident. He will stop at Montpelier for about three weeks, then leaving for his home in Ohio. When Smith was first taken to the hospital, his recovery was doubtful, the report being that his back was broken. His injuries were mainly bruises about the body and legs.

Weather Forecast.

Generally fair to-night and Saturday. Light to moderate north to east winds.

ALLEGED YEGG BEHIND BARS

Ottawa Irish Now Held at Chelsea from Trial

WAS ARRESTED IN NEW YORK

At First the Prisoner Denied Identity, But Finally He Gave In and Agreed to Return to Vermont, Being Brought Yesterday.

Chelsea, July 12.—Sheriff B. H. Adams of this town returned yesterday from New York and lodged in jail here a prisoner alleged to be one of the most dangerous and clever yeggmen that has ever operated in Vermont.

This man is known to the police and yeggmen of the country as Ottawa Irish, but has traveled under many aliases. Under the name of William Driscoll, alias William Norris, alias Thomas Gallagher, alias Ottawa Irish, alias Slike, he was indicted last May by a special grand jury in Orange county for burglary committed at the store of George Wilbur in Williamstown last August and also for burglary at the store of W. G. Kezer in West Fairlee, the store of G. A. Fifield in Thetford Center, and the larceny of a horse from Frank Wise in Thetford in November, 1910.

Driscoll was arrested at New York last Saturday through the efforts of the Wood-Morgan, detective agency, which was employed by Vermont officials.

He was living under the name of Albert Leary at the time. State's Attorney Stanley C. Wilson of Chelsea was notified by telephone of the arrest and left Saturday night with Sheriff Adams to secure the prisoner.

Driscoll refused to come without requisition papers, so the state's attorney secured the papers from Governor Dix at Albany after a hearing had first been held in the third district magistrate's court in New York, at which Driscoll was held without bail to await requisition.

At this hearing the prisoner was identified as Ottawa Irish by J. H. Ober, chief of police of White River Junction, and H. W
