ADVICE TO BOYS AND GIRLS.

Save your pennies and send them to the Hyde Park Savings Bank.

That bank receives either pennies, dimes or dollars.

Why?

Because it wishes to encourage the children to be frugal and to have a little bank account of their own, even though the initial deposit is the smallest possible sum.

Children who commence an account on a penny, a nickel, or a dime, often grow into capitalists later on.

The way to become a capitalist is to commence now to save the pennies.

WORDS FROM HOME

Statements That May Be Investigated—

Testimony of Barre Citizens.

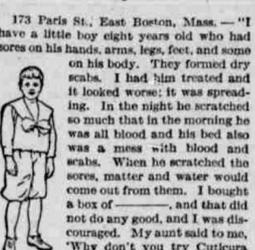

When a Barre citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far-away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Barre resident. No stronger proof of merit can be had.

W. J. Beckley, Hill and Liberty streets, Barre, Vt., says: "I have no hesitation in recommending Doan's Kidney Pills. I have used this remedy for kidney complaint and a lame and aching back, and it has done me a great deal of good. About three years ago my kidneys gave me considerable annoyance, but since I used Doan's Kidney Pills I have been free from this trouble. I give Doan's Kidney Pills great credit for this improvement."

For sale by all dealers. Price 50 cents. Foster-McLurg Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SKIN TROUBLE ON HANDS, ARMS, LEGS

And Feet. Some on Body. Formed Dry Scabs. When He Scratched Water Would Come Out. Cuticura Soap and Ointment Stopped the Itching and Cured Him.

173 Paris St., East Boston, Mass.—"I have a little boy eight years old who had sores on his hands, arms, legs, feet, and sores on his body. They formed dry scabs. I had him treated and it looked worse; it was spreading. In the night he scratched so much that in the morning he was all blood and his bed also was a mess with blood and scabs. When he scratched the sores, matter and water would come out from them. I bought a box of Cuticura Ointment and Soap. I was discouraged. My aunt said to me, 'Why don't you try Cuticura Ointment and Soap?' She said it would stop that itch and give it a chance to heal. The next day I got a box of Cuticura Ointment and a cake of Cuticura Soap. 'I gave him a good bath with the Cuticura Soap and put the Cuticura Ointment on him all over where the sores were. He slept that night all night. I only had to use two boxes of Cuticura Ointment and two cakes of Cuticura Soap and he was all cured and has never had scabs since.' (Signed) Mrs. John J. Girtler, Jan. 20, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Soap-Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

Only Registered Graduates

This store is in charge of three registered graduate pharmacists. A noteworthy distinction, which means your prescriptions get careful attention.

Come to us for all your medicines and drug store goods, and you will also have a full trust and confidence as to the value of our service to you, and the knowledge that here you get exactly what the doctor orders—put up in the right manner and containing real medicines for real results.

Furthermore, we think that our prices for prescription work are practically the lowest in this locality. Why this is so, is readily understood when you know that we do a good volume of business on a small profit basis.

We are willing to share our profits with every customer who enters our store. At all times we sell the finest drugs and medicines produced, and charge you a very nominal profit on the absolute cost of these high quality drugs.

Regardless of argument, controversy, or belief, there is no drug store in this locality, no matter where located—how big—or how pretensions it may be, that can sell you better drugs, or handle prescriptions more scientifically, and charge you a lower price—than we do.
