

# BATTS

For those who make their own comforts **The Maish Laminated Cotton Down Batts** are made in one piece. With these Batts all the tedious piecing of narrow strips is done away with.

Just spread out the covering, unroll the Batt and the comfort is complete, uniform in thickness at every part.

The only way a comfort can be made at home that will be anything like the Maish in loftiness, lightness and warmth is by the use of these Maish Batts. They are different from the ordinary batt.

We have these Batts in extra, medium and summer thicknesses, one piece 72 x 90. Ask to see these Batts.

## We Can Help You Solve Some, Not All, of the High Cost of Living

Chemical analysis will show that MILK is one of the cheapest articles of food in the market. Our pasteurized Sweet Skimmed Milk or Butter-milk has two-thirds as much nourishment as whole Sweet Milk, so all you can use of these goods in your cooking or otherwise furnishes good, wholesome, muscle-making nourishment at less than one-half what it costs in many other kinds of food you are buying. Eggs, while a little more expensive, are a very prominent article of food, and we are in position to give you good value for your money. While we wouldn't want to be called a liar if you found one that was not quite as fresh as it ought to be, we are candling all our Eggs with an electrical device and it is very seldom that one not usable gets by our light. TRY THESE GOODS.

## Our Early Showing of Furs!

This is the weather that makes us think of Small Furs and Fur Coats. On account of the three months' fur strike the fur manufacturers are a little slow on their deliveries, but we received last week a large shipment of Fur Sets, and Separate Scarfs and Muffs, as well as some of our best Fur Coat values. While the fur situation is such that we cannot tell what the price on duplicate orders will be, we are starting the season with some of the best fur values we have ever put out. These are Furs that were bought six months ago, and at the old price, and while they last we shall give the trade the benefit of our early purchases.

### Ladies' and Misses' Junior Dresses

We have just received another lot of those Junior Serge Dresses. These are Dresses that come in sizes such as 15 and 17 years; are Dresses that are made to fit little women and young ladies that wear their skirts at the top of the shoe length.

At \$4.50 is one of the best Dress values we have ever put out. Same is made of an all-wool serge, finished with an all-wool shepherd plaid combination. Colors, blue, red and brown.

In the better qualities are Dresses that are tailored in the best possible manner and made of the best all-wool American Woolen Mills goods. The prices range from \$4.50 to \$14.00.

New Ideal Patterns for November came by express this morning. These all have seams allowed, at 10c each.

## Sanitary Conditions PREVAIL HERE

Everything is kept under glass, away from people's hands, flies, germs, dust, etc. We take particular pains in handling our meats and fresh fish. We do not run any meat carts or fish carts from house to house, as it is impossible to keep meats screened so as to comply with the Vermont state law, and carry meat from house to house for everyone to pick out the piece they want.

It is much better for you to come to the store, choose your own cut (where we give a 5 per. cent discount, besides a rebate check which is one of the largest given in the city) or phone your order and we will cut and wrap it neatly in good clean paper and deliver free to any part of the city.

In our meat and fish departments we are provided with handy running water and clean towels for the ones that handle your eatables.

Clean, fresh goods and low prices keep us busy.

You don't get that fishy smell when you visit our fish department, do you? There's a reason.
