SOUTH ROYALTON.

Effects of Flood Still Visible—One Gully 18 Feet Deep.

Workers are busy filling the wash-out near Rocky Ledge farm and have already made it possible for teams to go from this village to Royalton Center on that side of the river. The gully at the end of the Royalton bridge is still a problem. This gully is about 18 feet deep. Many walked or drove to the place Sunday to see it. The shop belonging to Mr. Hiebs, at the end of the bridge, had a narrow escape from being washed away. One side and a part of the ends were completely undermined. The force of the water drove a log under in such a manner that it acts as a prop under the side of the building.

A CHILD'S WASTE CLOGGED BOWELS

Makes It Cross, Peevish, Restless and Feverish—If Tongue Is Coated, Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, like grown-ups, coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen, mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the flog, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

IVES FIGHTING RAILROAD RATES

Argues Against Alleged Excessive Charges Westward Before Board.

Washington, April 4.—An important case, affecting the jobbing trade in Boston, as against Chicago, St. Louis and other distributing centers in the west, was argued before the interstate commerce commission. It is charged that the present basis for making freight rates between seaboard territory and Colorado and Utah constitutes an unjust discrimination against Boston and therefore is in violation of the interstate commerce law.

D. O. Ives of the Boston Chamber of Commerce, spoke at some length before the commission. He told how a shipment of certain goods from Eastport, Me., to Denver, if made to Boston and then from Boston by the most direct route to Denver, would be subject to a rate of 45 cents from Eastport to St. Louis and \$1.02 from St. Louis to Denver. This discrimination is caused by the fact that the rates break on St. Louis and do not break on Boston.

Many examples like this were cited and commanded the attention of the commission. The case was taken under advisement.

KENDALL SWEARS TO BRIBE CHARGES

Makes Affidavit as Part of Evidence Against State Senator Stephen J. Stillwell.

New York, April 4.—George H. Kendall, president of the New York Bank Note company, turned over to Deputy State Attorney-General Kennedy yesterday documentary evidence which Kendall says will prove that state Senator Stephen J. Stillwell tried to induce him to offer a bribe of \$3,500 to have certain stock exchange bills reported out of legislative committee.

The two men spent a good part of the morning in Mr. Kendall's office getting the evidence into legal shape. It included an affidavit from the account Kendall gave Gov. Sulzer of Stillwell's alleged activities; an affidavit by three of Kendall's employees as to alleged telephone conversations with Stillwell, and letters and a telegram purporting to be from Stillwell and bearing on his alleged efforts to procure money for his legislative services.

Kendall also related to the deputy attorney general what he says Stillwell told him of the alleged use of a "big barrel of money" by the New York Stock Exchange to defeat certain legislation.

Mustard Aids Digestion

Most of us eat mustard because we like it, not because we are conscious of needing it. But pure mustard does more than sharpen the appetite and make food taste good; it supplies just the stimulant nearly everyone needs to increase the flow of the digestive fluids. Make sure of getting pure mustard.

Stickney & Poor's Mustard

It's the finely pulverized flour of carefully blended seeds from which the hulls have been separated, leaving only the spicy kernels. It's STRONG because it's PURE. Add flour to it, if you prefer it mild. It's cheaper to do that yourself than to buy inferior brands, paying the price of pure mustard for a mixture of flour and mustard. Almost every grocery sells it in 3 and 1/2 lb. cans at 10c and 25c. Write for our book of recipes; you will be delighted with it.

Among the other Stickney & Poor Products are: Pepper, Cinnamon, Cloves, Ginger, Mace, Fennel, Sage, Savory, Marjoram, Celery Salt, Curry Powder, Paprika, Tapioca, Nutmeg, Cassia, Allspice, Whole Mixed Spice, Pastry Spice, Turmeric, Thyme, Soda, Cream of Tartar, Rice Flour, Potato Flour, Sausage Seasoning, Poultry Seasoning and Flavoring Extracts.

If you just say "Stickney & Poor's" when ordering, your grocer will give it to you. But—be sure to SAY IT. STICKNEY & POOR SPICE CO., 184 State Street, Boston.
