Tapeworm

Sickness, headache, dizziness, may indicate a dangerous tapeworm. Tapeworms cause bad breath, loss of appetite, and a general feeling of weakness. They also cause a sharp pain in the stomach, and a general feeling of uneasiness. Dr. F. J. Moore, Auburn, Maine.

WAITSFIELD

Many from Out of Town Attended Funeral of Mrs. Ida M. Parker.

The funeral of Mrs. Ida M. Parker, who died in Castleton, Friday, April 11, was held here Tuesday at the home of Mrs. Alma McAllister, the sister of her late husband, Frederick Parker. Many beautiful flowers attested the love and sympathy of relatives and friends. Rev. William A. Beale, pastor of the Congregational church, officiated. The bearers were D. H. Skinner, Rome McAllister, O. M. Jones, Herbert Colby and her two sons, Verne and Earle Parker. Those present from out of town were Mrs. W. H. B. Perry and son and Miss Shaw, Waterbury; George Colby, Bristol; Mr. and Mrs. Herbert Colby, Boston; Mr. and Mrs. J. L. Spaulding, Mr. and Mrs. O. M. Jones, Miss Mildred Jones, Warren; her daughter, Miss Ruth Parker of Castleton normal school; her son, Earle, who started from southwestern Kentucky upon learning of his mother's critical condition, but was unable to reach here till Monday night. Mrs. Parker has been suffering for many months with cancer of the stomach, and had had numerous hemorrhages, in one of which she died. Interment was in Itasca cemetery beside her husband. Miss Ruth will return to Castleton, where she graduates in June.

Henry Bushnell has been confined to his bed several days this week with an attack of acute indigestion.

Rev. and Mrs. J. H. Bennett have returned from the Methodist conference, and are packing their goods, preparatory to going to their parish in Wilder.

Miss Leilla Smith, who has been spending the winter in Barre, returned Monday.

Mrs. Fred Day, who has returned from Fanny Allen hospital in Burlington, is much improved from her recent operation and is able to walk out.

RANDOLPH

Elijah Flint and daughter, Perkins Flint and Mrs. Clarence Webster went Wednesday morning to Northfield to attend the funeral of Mrs. Rose Loveland. Miss Blanche Sparhawk, Miss Edith Marcott and Mrs. L. S. Brigham gave a very pleasant musical at the pit house on Tuesday evening, when the program was as follows: About 125 persons accepted the invitation extended by the ladies and listened to the following program: Duet, Intermezzo, by Miss Marcott, and Mrs. Brigham; "A Song at Dawn," by Miss Blanche Sparhawk; cornet solo, Serenade, Glenn Bailey; duet, "Passage Bird's Farewell," Mrs. Chase and Miss Sparhawk; song, "My Love Comes on the Skies," Miss Wendenmuth; piano solos, "Scottish Legend and Canonetta," Miss Marcott; flute solo, "Song Without Words," Rev. W. T. Sparhawk; duet, "Schubert's Serenade," by Miss Sparhawk and Miss Wendenmuth; song, "The Rose I Give Thee," Mrs. Chase; flute solos, Gavotte and La Pappillon, Rev. Sparhawk; songs, "Knowledge," and "My Little Love," Miss Wendenmuth; songs, "April Weather," and "The Open Secret," Miss Sparhawk; duet, "Walton and Narcissus," by Miss Marcott and Mrs. Brigham. The program throughout was well rendered and much enjoyed.

Rev. W. S. Smithers will occupy the pulpit of the Federated church on Sunday morning, as it is impossible for the pastor assigned to this place to get here for that time. He will be expected here next week.

Mrs. Ellen Lattimer went to Bethel Wednesday to meet the superintendent of the Rochester railroad in consultation in regard to damages which the late high water did, which was caused by the railroad.

Mrs. Eva Derby of Chicago, who has been the guest of Mr. and Mrs. George Drew, went to Woodstock Wednesday for a short visit, before returning home.

A Marvel for Sore Feet—Acts Right Off.

Send at Once for Free Trial Package

Sore Feet? Never After Using TIZ.

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does.

Mrs. F. J. Androcks, Jamaica, Long Island, found this out. She says: "I tried so many different remedies, but none seem to draw out the inflammation and poisons like TIZ has done for me. TIZ cleans out every pore and glorifies the feet—your feet."

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

Remember thousands of other people have experimented with substitutes for TIZ without getting relief until they used the genuine. So when anyone asks you to experiment, tell him you won't be the goat—you want the genuine TIZ.

TIZ is for sale at all drug stores, department and general stores at 25 cents per box, or it will be sent you direct. Money back if TIZ doesn't do all we say. For a free trial package write to-day to Walter Luther Dodge & Co., Chicago Ill.—Advt.

MONTPELIER

City Council and Citizens Consider the Dust Nuisance.

The city council and about 30 citizens of this place met last night to talk over the dust question and what shall be done to minimize it this summer. It was the general consensus of opinion that it would be better not to use oil on the principal streets, but to be more free in the use of the street sprinkler. Nothing was definitely decided and a later meeting will be called. A government expert may be brought here for a month to give advice and see how it works out.

The sum of \$59 has been collected in Montpelier for the aid of flood sufferers. This is purely a voluntary gift, as no soliciting has been done. Of this amount, \$25 was given by the Woman's club.

A daughter was born yesterday at Heaton hospital to Mr. and Mrs. A. E. Niles.

"Shifting Sands."

Scoop had been assigned to cover the lecture of a noted French orator. The hall in which the lecture was delivered was very warm and comfortable, and Scoop went to sleep. At the close of the lecture he woke up with a start, and as he pulled himself together his hazy mind caught the words "shifting sands."

That was sufficient for Scoop. Arriving at the office, he straightway proceeded to the "dope room," where he spent a good half hour reading about shifting sands.

When the French orator opened the paper next morning, he found himself credited with having given a long talk on shifting sands the night before. Jamming the paper into his pocket, the Frenchman went with long strides to the editor and demanded an explanation for the story.

"What is the matter?" asked the editor. "Doesn't the article cover the subject fully?"

"Cover ze subject, indeed!" replied the Frenchman. "I said nothing about ze shifting sands, except dat zay would be the subject on which I lecture next week!"—Judge.

BETTER BASES NEEDED.

Cheap Granite Stock in Them Cheapens the Monument.

Competent authorities on art are agreed that the greater number of the cheaper large monuments are artistic failures by reason of the absence of harmony and proportion between their several parts. It is a safe assertion that the greater number of the common three and four piece monuments are spoiled by their bases. Most of them have too much base or too many bases and the matter is made worse by the common practice of using a cheaper material for the base. One can walk through any large cemetery and count scores of monuments that are made hideous from an artistic point of view by having cheap rock faced bases placed under fine hammered or polished dies. The cheap subterfuge of boosting up a small die on two or three big bases, to gratify the customer's or the dealer's desire to give more height or more feet of stone for the money, is making many monuments caricatures of design. It is encouraging to note that there is an increasing number of the finer new monuments of the better class that either dispense with the lower base entirely or make it of the same material and finish as the die, and a hardly perceptible extension of the die, as one illustrated here. Some of the better designed of the large rock-faced tablets, massive sarcophagi and a number of fine types of crosses are being erected without any bases at all, and the improvement in appearance and in harmony with the surroundings is strikingly evident. Many a fine die is spoiled by being set on big cheap bases of some other material. Some ridiculous effects in design frequently result from this over-basing of monuments, and many examples can be found in the cemeteries where the bases and the cap are several feet greater in height than the die. This leads to the natural inquiry as to which is the monument, the base or the die, and the fine effect of the newer baseless monuments calls up the related query as to just why is a base, any way? A base that has any excuse for existence should be identical in material and finish with the die, and should not overshadow the die in size or importance. The same can be said of the cap, which is often too heavy or not in harmony with the die. It should be remembered that the die is the monument. The practice of building up cheap bases like a series of steps just to give more height to the monument is making a vast number of ridiculous looking monuments, and is responsible to a great degree for the oft-repeated statement by artists and other well-informed laymen that there is no art in our cemetery monuments. The base should be a harmonious member of the monument or should be dispensed with entirely.—From Monumental News.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.
