DO YOU WANT A GOOD SPONGE?

We mean one that will not tear to pieces, with little use, but will outlast several of the cheaper grades of the same size. It is quality in a Sponge that counts. We have a fine lot of Florida Sheep Wool Sponges, at reasonable prices, unbleached for general use, and bleached for toilet use. We also have cheaper grades, but always advise our customers that the best is the cheapest for them to buy.

Lodge Granite City, No. 153, Scandinavian Brotherhood of America, held its regular meeting at Eagles' hall Saturday evening, with a large attendance. Fifteen new members were initiated into the new lodge and ten more were balloted on for the next meeting. An enjoyable social time was held after the meeting and a nice supper was served. Lodge Granite City, No. 153, of S. B. A. meets every first and third Saturday of every month in Eagles' hall, Worthen block.

Mr. and Mrs. A. G. LaPoint were very much surprised yesterday, when about twenty of the members of Brooks Relief corps of Montpelier, arrived at his home with them plants and other tokens of remembrance. The occasion was the 45th anniversary of their marriage. Mr. and Mrs. LaPoint were married in the Dr. Will Bralley house, then owned by A. G. Fisher, and left the city by stage, as at that time there were no trains in Barre. They have spent all their married life here. Mrs. LaPoint is recovering from her recent accident.

Wendell H. French, known to many Barre people as "Winnie," died at his home in Somerville, Mass., last Thursday morning. Mr. French was the son of Nehemiah and Susan French of Barre. He went to Boston 25 years ago and had been engaged in the grocery business there. He leaves a wife, one son, Earl, three sisters, Mrs. C. B. Granger of Randolph, Mass., Mrs. C. H. Kenerson of this city and Mrs. Ralph Hooker Cabot, and one uncle, John H. Jones of this city.

Late Sabbath sleepers were disturbed at 8:30 o'clock yesterday morning, when a fire alarm from box 13 at the Blackwell street intersection of North Main street. All of the fire fighting apparatus at the central station was out of quarters in jig time, but the services of the regulars were not even needed when they arrive at the large building occupied by H. Marin as a blacksmith shop and several tenants who was believed to have been a chimney fire was already subsided. The structure is located just south of the Blackwell street crossing and when someone saw smoke issuing from a chimney the next move was to turn in an alarm. The all-out signal was given as soon as the true nature of the alarm had been ascertained.

Notice.
Saturday, May 17, was our last day for redeeming rebate checks. Positively no deviations. C. N. Kenyon & Co.

Women Demand Service in the Store

Good service does not consist in size of stock, in variety and assortment alone, but has to do with the way the goods are kept and shown, and especially with the selling methods and the treatment of the individual woman who comes into the store. Women every season are buying more of their dresses, suits, coats and wraps ready to put on. They can get much more becoming things—better styles, lower prices. We not only make it a study to have the things that are new, and the season's most popular styles, but we demand that every customer shall have the best of attention and service. Every day brings new summer goods into our store. These are the things that are new, and what you will want in a few weeks. The earlier you make your selection, the larger the assortment.

Ladies' Separate Skirts

We have just received another lot of those popular wool Skirts such as serges, Panamas and novelties. These are Skirts at a popular price and that are made up in styles equal to the very expensive ones.
At \$2.98 is a special all wool serge Skirt that is made in one of the season's best styles. This is an extra Skirt value.

At \$5.50 we can give you a large range of very popular Skirt styles. These are Skirts that are made from the very best of materials and the styles are the season's best. Colors are blues and blacks.

At \$7.50 are some fine serge and chiffon Panama Skirts.

At one-half price are a few odd Black Voile Skirts. These are an extra Skirt value and made from the fine Altman Voile.

Ladies' Linen Suits

We have just received some very good Linen Suit values that are surely the season's best. These are Suits that are made by people who make wool suits, and they carry the style and value of the season's best Suit values. They come in all the popular shades, as well as White.

Ladies' Silk Dresses

For the coming week we are putting out a lot of Colored Silk Dresses that are extra good values. These are a lot of Dresses that are made up in foulard, a fine messaline. These are Dresses that are made in the season's best style and are our regular \$12.50 Dress. In this special sale we are putting these Dresses out at \$10.00. If you want an extra good Silk Dress value, you should see these at only \$10.00.

Silks

Bulgarian Silks for trimmings are very good and as the style goes these are very pretty.

We also carry Drapery Silks, the kinds used for kimonos. These at 59c per yard.

Our very best seller is a yard-wide all pure Silk Messaline that we carry in 17 different colors, no doubt the best assortment to be found, and we sell these at \$1.00 per yard.

For a thin, durable summer Silk in plain colors we have a 27-inch Directoire Silk that is for many purposes better than plain Jap silks. These at 29c are equal to Suesine silks, so much advertised.

Plain Brocaded Silks are the correct style for evening wear. These at \$1.19 per yard. Very pretty; lots of style.

Silks

This is a silk season. Silks cost but little more than cotton goods and the amount for a dress is so small that the extra cost per yard hardly shows in the made-up waist or dress.

Silks are about the lightest weight close woven goods to be had. They make cool dresses and the trade likes them.

Now we ask you to see what you can buy here at very low prices. Kinds that are new kinds, that latest styled made-up dresses are made from.

At 49c our 60 different styles all pure Silk, 18-inches wide, you cannot duplicate these values in large cities. They all want 10c per yard more.

Yard-wide Japanese Wash Silks are the rage for children and ladies. We have these at 87c and \$1.00 so wide that it takes but a little to make a garment.

We have some of the best Rain Coat values we have shown this season. These are a Rubberized and an English Rofeberry Cloth that are made in the season's best style and are guaranteed for three seasons. See these Rain Coat values.

All football clubs interested in forming a football league, send representatives to a meeting to be held in the Barre Rangers' pavilion Saturday night, May 24.

Irving Potter of Boston, who is to give a Shakespearean reading at Goddard's cinema to-morrow night, arrived in the city this morning. Mr. Potter's selection will be "The Merchant of Venice."

The banks of Barre will appreciate it very much if depositors will bring in their deposit books for verification, according to law, as advertised elsewhere in this paper. It is desirable that as many as possible be brought in during the next week.

The Barre Woman's club will meet on Tuesday afternoon at 2:30. There will be a demonstration and food sale by the household economics department. Each lady is asked to bring fork, spoon and plate. It is hoped there will be a large attendance. It will be a guest day.

Montpelier high school and Goddard seminary will clash in the first of their series of diamond struggles at Intercity park to-morrow afternoon. The Goddard chances of winning are somewhat hampered by the injury to Capt. Peterson at Hardwick on Saturday. Feeley, the regular catcher, is unable to go behind the bat, owing to injuries.

SOCIALISTS START TOWN.
Oklahoma Experiment to Test Theory of Common Ownership.
Muskegee, Okla., May 19.—The Socialists of Oklahoma have undertaken to carry out in complete detail the doctrine of communistic welfare. To that end they have bought the town site of Milton and will establish their colony. Already more than 100 lots have been sold in the town site and several homes have started. Milton is in the Choctaw nation, on the Fort Smith and Western railroad, four miles from Bokoshe. The town site consists of 200 acres of land. No member of the colony will be permitted to own more than two lots, one for a home and one for a place of business. The town site was bought from Walter

Lairs, a young Choctaw Indian, who, as a part of the contract for the sale of the land, agrees to turn over to the colony without cost a coal mine which has been developed on land adjoining the town site.
The lots are selling at \$50 to \$100 each. One hundred were sold the first day they were placed on the market. Dr. S. T. Peet of Muskegee is in charge of the promotion of the town site.
Each resident is to be entitled to own as an individual his home and place of business, unless the business is of an industrial nature, when it is made the joint property of the members of the colony. The coal mine is to be worked on that basis. A contract has already been made with the Fort Scott and Western railroad to take all of the coal the mine will produce.
Much attention is to be paid to the development of small tracts adjoining the colony, and this is to be a community interest. Berry culture, fruit growing of all kinds, as well as truck farming, will be developed to a high degree. There

will be a cannery, owned in common, to take care of the surplus fruits.
Common ownership will be maintained in every line where it is possible to do so and in every industry in which the members have a common interest. It is expected gradually to extend it to include cotton gins and mills and the establishment of small factories, for which colonists will furnish the fuel from their own mine and the labor from their own number.
It is planned to make this the center of Socialism in the state and prove that the theories of Socialists are practical and can be operated to the profit and comfort of the participants. The Socialist-Democrat, the official newspaper of the Socialists in the state, now published

at Oklahoma City, will be moved to Milton if present plans materialize.
There are now practically 50,000 Socialist voters in the state. In the last general election their vote showed an increase of 100 per cent. over the vote they cast in the preceding general election. In addition to a state organ they have established local newspapers in fifty-seven of the seventy-seven counties in the state and expect to have more. They do not own their own printshops to print these papers. Local editors supply articles of interest to that locality and they are sent to the central plant at Girard, Kan., where all of the papers are printed; but there is a separate newspaper for each of the fifty-seven counties.
