

HOUSE TO HAVE PROBE

A Special Committee of Seven Appointed with Garrett as Chairman

McMICHAELS, SPY, LOSES GOVT. JOB

Wm. Whitman Explains All About Wool to Senate Committee

Washington, July 10.—A lobby investigation of extraordinary scope was authorized by the House yesterday to supplement the Senate probe.

During the day, J. H. McMichaels, charged by Mulhall with being a spy at the capitol in the employ of the National Association of Manufacturers, was removed from the government rolls.

William Whitman of Massachusetts, whom many members of Congress regard as the arch dictator of woolen tariffs for many years, faced the batteries of the Government lobby investigation committee yesterday after a wait of about a month, during which the sensations of the sugar and "Mulhall" lobbies have developed.

Mr. Whitman's opening testimony was largely a rehearsal of the character of work done in his mills, Senator Reed of Missouri, acting as chief inquisitor. The testimony brought out that some of the cotton mills in which Mr. Whitman is interested spin "almost any numbers" of yarn, the larger proportion being below number fifty.

His output of cotton yarns is between 340,000 and 600,000 pounds a week. The total capacity of his woolcombing plant at the Arlington Mills is 400,000 pounds a week, and of his worsted-yarn machines 250,000 pounds for each of two mills.

While disclaiming that currency reform is a partisan question, Chairman Glass made it clear to the Republicans that the Democrats have charge of the department of justice investigation of the bill.

Those voting against having any sessions of the full committee were Chairman Glass and Representatives Korbly of Indiana, Brown of West Virginia, Wilson of Florida and Weaver of Oklahoma, all Democrats.

The meeting gave the Republicans their first official spurt at the "basis" bill, as it is designated by the president.

Senator Reed insisted upon the most exhaustive description he could extract of the composition of the National Association of Wool Manufacturers, learning that it had about one hundred members representing about 150 mills.

Senator Reed read the by-laws of the association into the record. Mr. Whitman remarked that he didn't think he ever had seen or read them and Senator Nelson called upon Reed to take note of this remark.

Senator Reed used up an hour with questions concerning the by-laws, finally requesting Mr. Whitman to ascertain the period during which various secretaries of the association had held office.

Mr. Whitman remarked that he didn't think he ever had seen or read them and Senator Nelson called upon Reed to take note of this remark.

Loss of Appetite

Is loss of vitality, vigor or tone, and is often a forerunner of prostrating disease.

It is serious and especially so to people that must keep up and doing or get behindhand.

The best medicine to take for it is the great constitutional remedy Hood's Sarsaparilla

Which purifies and enriches the blood and builds up the whole system. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Public Meetings ON CURRENCY BILL

Plan Adopted by Full Committee, but Democratic Conferences Will Be Secret.

Washington, July 10.—Open, public committee meetings, but secret Democratic conferences, will be held.

This was the program adopted yesterday for consideration in the House of the administration currency reform bill.

By a vote of 11 to 5 the banking committee, which met all together on the bill for the first time, voted for open meetings of the full committee.

But by a straight party vote it defeated a plan proposed by the Republicans for joint non-partisan consideration of the bill.

Those voting against having any sessions of the full committee were Chairman Glass and Representatives Korbly of Indiana, Brown of West Virginia, Wilson of Florida and Weaver of Oklahoma, all Democrats.

The meeting gave the Republicans their first official spurt at the "basis" bill, as it is designated by the president.

While disclaiming that currency reform is a partisan question, Chairman Glass made it clear to the Republicans that the Democrats have charge of the department of justice investigation of the bill.

SUITOR HELD FOR MURDER

Wilkesbarre Coroner Reports Autopsy Shows No Motive for Crime

AND BALKS AT POLICE THEORY

Pretty Girl's Other Suitor Denies Knowledge of Crime

Wilkesbarre, Pa., July 10.—The police and county authorities who are trying to solve the mystery surrounding the death of Miss Alice Crispell, 18 years old, whose body was found floating in Harvey's lake on Monday, are to-day without a tangible clue, though theories are not lacking.

Herbert Johns, the mine worker, who was the last person seen with the girl and who is in jail on suspicion, adheres to the details of the story in which he asserts his innocence.

Friends of the Crispell family are divided as to whether the girl was murdered or fell accidentally into the lake.

The result of the autopsy was made known yesterday by Coroner Marley and Dr. Higgins, and only deepened the mystery.

There is absolutely no indication of cause for any one wanting to put the girl out of the way," said the coroner.

"There are bruises on both sides of the forehead that look like teeth marks, although the wounds could have been inflicted by a jagged stone or by falling. Personally I do not incline to the murder theory."

County Detective Holman and State Trooper Freeman have not arrested Harrison Cann, the rival for the suitor of Alice. The police admit that they have not yet made up their minds about his part in the tragedy.

Cann is being closely watched and cannot escape. He says he welcomes an arrest and does not fear the consequences.

Cann's name came out when the letter written last Sunday by Johns to Miss Crispell was made known Tuesday. Johns speaks of Cann and intimates that Johns and Cann were to swim Harvey's lake on the Fourth, the winner to wed the girl.

From this the police tried to work up a theory that Cann was defeated in the love test and might have sought revenge after the girl and Johns parted for the night.

PRIEST BARS SLIT SKIRTS AT ALTAR

Says Church Is Neither a Ball Room Nor Recreation Pier.

Meriden, Conn., July 10.—Meriden was much agitated yesterday and there was much speculation as to whether there would be a falling out in the congregation of St. Rose's Catholic church, following the announcement of the Rev. James Conlon that women who he believes to be immodestly or too scantily clad would be barred from the sacrament of the altar.

Fr. Conlon said he believed it was his duty to refuse holy communion to women in slit skirts or girls wearing low or peek-a-boo waists.

"The church is neither a ball room nor a recreation pier," he said, "I have no objection to women wearing cool, decent clothes, but it is time to call a halt when they appear in things that are mere apologies for sleeves, a wisp of cloth and a yard of nothing."

LIVES LOST. And Much Damage Done By Storm in Illinois.

Aurora, Ill., July 10.—Several lives were lost and a number of persons injured, houses were set afire, cities were left in darkness and hundreds of farm buildings were flattened by the gale which swept across this section of the country late Tuesday afternoon.

The news of the havoc began to creep into Aurora yesterday.

David Frazier, traveling salesman of Geneva and Richard Wallenberg, a farmer, were killed. Lightning killed two men at Elgin.

AGAIN PLAYS GOLF. President Once More on the Dartmouth College Links.

Hanover, N. H., July 10.—President Wilson again climbed up and down the Dartmouth college links yesterday, spending the forenoon at golf.

He was in good playing form, and drove long and high over some of the difficult bunkers, keeping in bogy on a good many holes. Doctor Grayson, his physician, accompanied him. No one else was on the course except the secret service men and chauffeurs, who took turns as caddies.

Glover Gets the Decision. New York, July 10.—Mike Glover, the Boston welterweight, outpointed Gus Platt of England in a ten-round bout last night.

ECZEMA ALMOST COVERED BODY

Commenced with Little Pimples, Itched and Burned So Scratched and Made Sores. Cross and Fretful. Could Not Sleep. Cuticura Soap and Ointment Cured.

7 Hartwell St., Southbridge, Mass.—"Our son commenced with little pimples all over his body. They said it was eczema. The pimples looked like small insect bites and almost covered his body. They came to a head from which water would run. They itched and burned so badly that my son scratched them and made sores. His clothing irritated the eczema and he was cross and fretful. He could not sleep nights and would cry and say they burned and itched all the time. I tried— but it did not relieve him, and some— but it seemed to make him worse. I then used Cuticura Soap and Ointment and the first night I used them he seemed to be so relieved he slept a little. I first washed the affected parts with Cuticura Soap and then applied Cuticura Ointment twice daily. At the end of the first week he was much better and at the end of the second week he was completely cured. Every mark was gone." (Signed) Mrs. W. B. Potter, Nov. 12, 1912.

For treating poor complexion, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. A single application of the home rule remedy, even if it were only to get the skin free, with 22-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

HOUSE OF LORDS MAY GO ON LEGISLATIVE STRIKE

Final Unionist Attempt to Defeat Home Rule by Overthrowing the Veto Act.

London, July 10.—A fresh Unionist attempt to place a further obstacle in the way of enactment of the home rule bill for Ireland was announced by the Marquis of Lansdowne, leader of the Unionist party in the house of lords, in that chamber yesterday afternoon.

When the bill is submitted to the house of lords for second reading on Monday Lord Lansdowne will move "that this house declines to proceed with the consideration of the bill until it has been submitted to the judgment of the country."

The Unionists believe they have discovered a flaw in the parliament act, which provides for the passage of bills over the heads of the peers within a specified period.

ROOSEVELT AT KANSAS CITY. Colonel Makes Brief Speech From Car Steps.

Kansas City, Mo., July 10.—Theodore Roosevelt, accompanied by his sons, en route to Arizona, arrived here Tuesday night and ten minutes later departed for the West. In a brief address, delivered from the car steps, Colonel Roosevelt said:

"I have been mulling busy in the last eighteen months and I am now going to Arizona for a month's rest. I find myself in a dilemma, as I do not want to talk politics, and it is difficult for me to talk at all without discussing politics. However, I will say this much: The principles for which I stand must prevail. They mean justice to every man, woman and child, and I must continue to fight for them."

It is reported from Nicholas Roosevelt of Flagstaff, Ariz., that Colonel Theodore Roosevelt had changed his plans, and it is not now known where he will cross the Grand Canyon of the Colorado or what his itinerary will be after he enters Arizona. Colonel Roosevelt also wished it announced, according to Nicholas Roosevelt, that he will do no hunting while he is in Arizona.

2 PROSECUTORS' EYES ON LAMAR. Federal and Local District Attorneys Are Studying His Case.

Washington, July 10.—Attorney General McReynolds admitted yesterday that the United States district attorney in New York is studying the impersonations of David Lamar, the "wolf of Wall street," with a view to possible action.

"The law is obscure and there have been no decisions on the peculiar points involved," McReynolds said. "The problem is whether congressmen are state or federal officers."

New York, July 10.—District Attorney Whitman also is watching the lobby investigation at Washington. It was learned yesterday, to see if any action was warranted against Lamar. Lauterbach under section 928 of the penal code, which makes it a crime for one person to impersonate another for the purpose of soliciting money or procuring an agreement under which profit might accrue.

BIRD WILL MAKE ANOTHER TRY

Will Be Progressive Candidate For Governor in Massachusetts This Fall.

East Walpole, Mass., July 10.—Charles Sumner Bird, the Progressive candidate for governor of the state at the last election, last night announced that he had been authorized to place his nomination in circulation as candidate for the same party in the present year.

He was overwhelmingly defeated at the polls last election.

13,000 ATTENT CONVENTION. Rev. F. R. Clark Again Elected to the Presidency.

Los Angeles, Calif., July 10.—With nearly 13,000 delegates attending from all parts of the world, the twenty-sixth International Christian Endeavor convention opened here last night.

Greetings were received from President Wilson and Secretary of State Bryan.

Rev. F. R. Clark was re-elected president and all other officers were also re-elected.

IN THE FIELD OF SPORTS

Marty O'Toole, the Pittsburg pitcher, is making rapid recovery from the effects of a recent operation for appendicitis. Had the operation been delayed 24 hours peritonitis would have set in, which would probably have had fatal results. It is a foregone conclusion that he will not be able to play again this season. O'Toole's bride of a few months is recovering from a similar operation in Pittsburg.

Charles Murphy has protested the game forfeited by the Chicago team to the Cards last Sunday at Chicago, when Umpires Brennan and Eagan averred that Evers' men were stalling. Murphy professed charges of incompetence and neglect of duty on the part of the indicator holders.

Maine, one of the best pitchers on the Buffalo payroll, has caused many flattering offers to be made to the Buffalo club. Many are the scouts who have looked Maine over and advised their employers to buy. The Buffalo club, though, has agreed to sell him to the Boston club. The Boston club also has first call on the return of Bues, Gowdy, Jackson and other Bisons.

Chief Meyers of the Giants turned in a rather peculiar day's work for himself on Monday. He was struck out by Pitcher Stack of the Dodgers and on the same day stole a base. These feats occur but at stated intervals, which are very few and far between.

George Brickley, the Everett high school athlete, is not to join the Athletics until fall. This will deprive him of any look in on the world's series that comes in contact with the club to retain position with the club.

Tris Speaker, the star Boston outfielder, is hitting better than ever this season. On Monday he passed the century hit mark.

Halstrom, the Vermont player, who is covering first for Lowell in the New England league, is one of the league's best hitters. He is batting now for .327.

Johnny Titus is one of the luckiest men of the season in negotiating his contract with the Boston Red Sox. He has purchased Grover, the Rockport, Mass., pitcher, to add to his list of the twirlers. Grover was formerly with the Pittsburg Nationals. This season he has been playing in the South Atlantic league. He will not report to the Tigers until at the close of the South Atlantic season.

Before the Boston Braves leave their stampering grounds, having entertained their western brethren, many are looking forward to finding the Stallings aggression in fifth position.

Jack Knight's name will soon be closely associated with that of some old friends, Rube Vickers, the former Barre pitcher, when records are gleaned to discover who has the honor of entering the big leagues and leave the same show most frequently. Vickers was said to have entered and left the big league more than any other pitcher in baseball.

Manager Chas. G. Anderson announced this week he had sold Jack Borton to Jersey City and that he has also purchased shortstop Knight. The former Boston Athletic, Washington and New York infielder will be used to fill the gap caused by the loss of Borton. Knight has been hitting strongly in the International league.

The Cincinnati Reds have bought Bob Ingersoll from the Vancouver club of the Northwestern league. Ingersoll is one of the best pitchers in the Northwestern league. The price sacrificed for him was \$3,000. He will be delivered to the Reds in the fall.

Thomas Daley, the star catcher of the Lowell New England league club, according to a recent announcement, has been bought by the Boston Red Sox. The Boston club has also bought shortstop Scott from the Youngstown, O., team.

Bretton of the Kansas City club is the best hitter of the season in the American association. He has a mark of .364. Rossman, a former big leaguer, is batting for .311. Altizer, another former leaguer, is clipping the pellet for .298.

Stankard, who played with Barre in the opening season of the old Northern league, has been sold by Holyoke of the Eastern association to the Springfield club of the same league. Stankard has been fielding and hitting good all season.

The Boston Nationals have first claim on Pitcher Laque of the Long Branch team, an independent club.

Jim Thorpe, the Carlisle Indian, is still a member of the Giant team, and is closely studying the game under the wing of Johnny McGraw. McGraw must think considerably of his possibilities or else he would have tagged him for the canning factory long before this.

No wonder the Athletics are leading in the American league race. What must a pitcher have to face when he is confronted with the following array of batting talent who are pounding the pill for over 300: Collins, Thomas, Melnes, Strunk, Baker and Oldring.

President Navin of the Tigers has denied that he is to let infielder Vitt go, but says that he may let pitcher Zamloch go to the Providence club in the International league.

Pitcher Leon Ames seems to be pitching better ball for the Cincinnati team than he did for the Giants. Ames was not utilized enough while with the Giants to show his true worth.

One of the most promising pitchers in the Tri-State league is O'Connor of Harrisburg. O'Connor has so far headed the pitchers of the league, having won 12 out of 15 games.

Holyoke has sent pitcher Shellenberger to the Greenfield club of the Twin State league.

Manager Fred Clarke of the Pirates is reconciled to the sad fact that the Pirates will have to worry along without the services of Home W. Wagner, one of the greatest players the national game has ever known. Wagner is troubled with an injured knee that deprives him of doing justice to the club. Clarke has already started on a scouting expedition in quest of someone to fill in Wagner's place. Neither Butler nor others on the playing staff are competent enough to hold the position down.

REST AND HEALTH TO MOTHER AND CHILD. Mrs. Winslow's SOOTHING SYRUP has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE SUFFERING WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALWAYS ALAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely HARMLESS. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

B. V. D. or Melt

Sweltering days mean horrors to the man who wears the old-fashioned close fitting underwear.

The B. V. D. man can smile and be comfortable because B. V. D. is cool, light and loose-fitting. A good wearing garment, and only

50 cents

Moore & Owens, BARRE'S LEADING CLOTHIERS

North Main Street, Barre, Vt.

ASSAILANTS' BULLETS PROVE FATAL TO RIVAL

Chief of Police Accused Governor Asbert and Congressman Arias Before He Died.

Havana, July 10.—Gen. Armando Rivas, chief of the national police, who was shot during a revolver duel with Governor Asbert and Congressman Arias, died early yesterday.

In spite of the assertions made immediately after the shooting that the affair had no political significance, it appeared yesterday that the killing of Riva might yet lead to serious complications. Politicians are now endeavoring to shift the responsibility from Governor Asbert to Arias, in the belief that the latter may escape on the plea of being immune because he is a member of Congress.

On his deathbed, however, Riva charged that Asbert fired the fatal shot and public feeling against the governor is running high. The shooting is said to have been a direct result of Riva's crusade against gambling in political clubs.

SUES IN MASSACHUSETTS. First Case Against the Titanic To Be Brought in That State.

Boston, Mass., July 10.—The first suit brought in the Massachusetts courts for loss of life on the steamer Titanic was entered in the superior court yesterday by counsel for Mrs. Mtrie Wiseman of Quebec, for the benefit of herself and six children seeking to recover \$50,000 from the Oceanic Steam Navigation Co., Limited, for the loss of her husband, Philippe Wiseman.

She claims the steamer was insufficiently equipped with life preservers and was being pushed for speed in the face of warnings against icebergs.

She also claims that the Lord Campbell act entitles her to prosecute the suit in this state.

They Travelled 10,000 Miles To Wed. Boston, July 10.—After having met but once previously, Wolfgang Betkele, a wealthy Berlin farmer, and Miss Ethel Dias of Paraguay, daughter of a South American merchant, travelled a total of 10,000 miles to wed.

M. J. YOUNG OUT ON BAIL. Boston Dynamiter Gets Liberty Pending Appeal.

Leavenworth, Kan., July 10.—Michael J. Young of Boston and Charles Wachmeister of Detroit, two convicted at the recent dynamite conspiracy trial at Indianapolis, were released from the federal penitentiary yesterday when notice was received by the officials here that their bonds had been approved by the government.

They left immediately for their respective homes. Only ten of the 33 convicted men brought here in January from Indianapolis, when the famous hearing of the McNamara and others allegedly had been concerned in the dynamiting of the Los Angeles Times office and other buildings through the country remain in prison.

The government holds over \$40,000 in bonds for the men's release, pending appeals next fall.

SPRING WHEAT CROP FALLS OFF

Indicated Yield Is Only 218,000,000 Bushels.

Washington, July 10.—The government made public yesterday its figures of the condition of the cereal crops on July 1.

The condition of winter wheat was 81.6. The crop was estimated at 483,000,000 bushels.

The condition of spring wheat, 73.8, showed a decrease of 19.7 points from the figures for June 1. The indicated production was 218,000,000 bushels.

Wheat remaining on farms on July 1 was estimated at 49 per cent. of last year's crop, or 35,515,000 bushels.

Corn area was estimated at 106,844,000 acres, and the condition on July 1 was 86.9. The indicated production was 2,971,000,000 bushels.

The condition of all wheat was set at 78.6, against a ten year average of 81.9. Oats condition was put at 76.3. The indicated production was 1,031,000,000 bushels.

The amount of wheat on the farms on July 1, 1912, was 28,876,000 bushels and on July 1, 1911, 34,071,000 bushels.

The area of corn last year was 107,083,000 acres, against 105,825,000 acres in 1911, and 104,035,900 acres in 1910. The condition at this time last year was 81.5. The ten-year average is 84. The crop of last year amounted to 3,125,000,000 bushels, against 2,531,481,000 bushels in 1911.

Oats condition on June 1, 1913, was 87. At this time last year the condition of the crop was 89.5. The production last year was 1,418,357,000 bushels, against 922,298,000 in 1911.

BRIDGE BURNS ACROSS RIVER. Over a Thousand Persons Are Isolated on Island.

Newburyport, Mass., July 10.—Nearly 1,000 cottages and the same number of natives are isolated on Plum Island today as a result of the burning of the Essex county drawbridge over Plum Island. The fire is thought to have been incendiary.

Trolley and telephone service is interrupted and the residents can leave only by boats. The bridge was 30 years old and formerly used as a toll bridge.

POINCARRE RECEIVES LOWELL. Harvard's President at the Palace of the Elysee.

Paris, July 10.—Dr. Abbott Lawrence Lowell, president of Harvard university, was received in audience by President Raymond Poincarre yesterday afternoon at the palace of the Elysee. He was introduced by Ambassador Myron T. Z. Herrick.

PARISIAN SAGE FOR THE HAIR

If your hair is too dry—brittle—colorless—thin—stringy—or falling out—use Parisian Sage—now—at once.

It stops itching scalp, cleanses the hair of dust and excessive oils, removes dandruff with one application, and makes the hair doubly beautiful—soft—fluffy—abundant. Try a 50c. bottle to-day.

It will not only save your hair and make it grow, but give it the beauty you desire.
