# ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The annual field meeting of the Green Mountain Club will be held on Killington peak August 18.

C. E. Somerville of St. Johnsbury lost 80 fancy bred hens which the family was unable to save, so suddenly did the rash of water come upon the place Monday.

William Tobin of South Dorset, a veteran of the Civil war, died July 11. He attended the Gettysburg reunion, but outdid his strength and was in the hospital there several days. Comrades enabled him to reach home, but he was in a very weak condition and did not rally.

The immense glue pot, made of cast iron, weighing 500 pounds, and used on the second floor of the Nelson & Hall Co. mill in Montgomery, burst with a terrific explosion last Wednesday afternoon and shot through the roof into the air 20 feet, tearing a hole in the roof six feet square and falling back on the building with sufficient force to break a 10-inch beam. Several men were working nearby, but aside from the damage to the building and the total destruction of the glue pot, no damage was done.

# ARE YOUR KIDNEYS WELL?

Many Barre People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Weak kidneys remove impurities. Weak kidneys allow impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, if you are nervous, dizzy or worn out.

Begin treating your kidneys at once! Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Doctor testimony. Mrs. David Peacor, 8 Harrington St., Barre, Vt., says: "We have used Doan's Kidney Pills in our family with the most excellent results and I do not hesitate to publicly endorse them."

Remember the name—Doan's—and take no other.

# U. S. FORESTERS HELP PALESTINE.

Application Made to Secure Help in Planting Trees.

An agricultural colony in Palestine has just applied to the United States forest service for help in planting trees to bind the drifting sands of the Mediterranean. The colony is near Jaffa, or Yafa, the ancient Joppa of the Bible, and there is being developed in connection with it a seaside resort, with hotel, villas, bath houses, and gardens.

The experts of the service point out that the reclamation of such wastes is not a serious problem in the eastern United States because the prevailing winds are from the land and the sand is blown into the sea.

On the west coast the situation is more serious. The most notable example of reclaimed sand areas there is furnished by Golden Gate Park, San Francisco, where grasses, acacias, and later, trees and shrubs have converted sand wastes into pleasure grounds of great beauty.

The attention of the Palestine colony is called to the wonderful reclamation of the lands, France, where a wealth-producing forest of maritime pine, the source of the French turpentine, has been grown to take the place of shifting dunes. The American foresters also give the address of the French seaman who furnished this government with the maritime pine seed which has been used in planting experiments on the Florida national forests, near the Gulf coast.

# "Bob White" Liked Music.

"A baby quail was captured and brought to the house. The large cage provided for him stood upon a square of oilcloth and this was little Bob White's ranch. Here was his food, his basin of water, and the sandpile where he took his daily dust bath.

The door of his house was always open, but he seldom wandered beyond the limits of his own domain.

"One thing invariably tempted this little reclusive to venture forth, this was the sound of music. Like a small boy he would creep to the door, and when the tones of the piano reached his quick ear, he started on a run, and the quick patting of his tiny feet announced his approach. He would circle about the piano and, with a fluff-fluff of his short wings, mount to the keyboard. The little square corner at its end was his opera chair, where he cuddled down contentedly as long as the music continued, at times expressing his appreciation by a contented soft, purring sound."
