

ALL RECORDS ARE BROKEN

In United States Trade Figures for Fiscal Year

TOTAL VALUE WAS \$4,275,000,000

Increase of \$421,000,000 Over 1912—Largest Export Gain

Washington, Aug. 8.—The trade of the United States in the past fiscal year was greater than in any previous year. Figures just completed show that the total was \$4,275,000,000, greater by \$421,000,000 than last year's record of exports and imports. The balance in favor of the country this year was \$653,000,000. The exports exceeded those of 1912 by \$261,500,000, while the imports increased by only \$159,700,000. The greatest gain in exports was in manufactures ready for consumption, which class showed an increase of \$105,000,000 over 1912. In manufactures for further use in manufacturing an increase of more than \$80,000,000 was shown. The increase in foodstuffs was only a little more than \$1,500,000. Most of the imports were from the United Kingdom, which furnished \$290,000,000, while Germany came next with \$180,000,000; next France with \$137,000,000; Cuba with \$126,000,000; Canada with \$121,000,000; Brazil with \$120,000,000 and Japan with \$92,000,000. Most of the exports went to the United Kingdom, which took goods worth \$397,000,000; Canada, \$415,000,000; Germany, \$332,000,000; France, \$146,000,000; Netherlands, \$126,000,000, and Italy, \$75,000,000.

METEORS MENACE PLANE WHICH IS IN FLIGHT

Two German Aviators Were Up Over Berlin, Germany, in a Show-er of Fire.

Berlin, Germany, Aug. 8.—A new danger for aviators was chronicled yesterday by the German aviator, Victor Stoefler, who reports that his biplane was caught in a shower of meteors Wednesday evening while he was flying with Lieutenant von Bradlow of the Prussian army at an altitude of one mile. He heard the whizz of the meteors, which passed so closely to the flying machine that both aviators say they felt them rush through the air.

Hood's Pills

Best family physic. Do not gripe or cause pain. Purely vegetable, easy to take. 25c.

GRAND TRUNK TO SETTLE BIG SUIT

Rumor Now Seems Confirmed By Statement of Corporation in Supreme Court.

Boston, Aug. 8.—Rumors that the \$1,510,000 suit of John Marsch, the Chicago railroad contractor, against the South New England railroad (Grand Trunk) will be settled here, is confirmed by statements made by the railroad corporation in an answer filed in another suit in which it was summoned as trustee. The answer was filed in the supreme court at the Pemberton square courthouse. Marsch was ordered on Nov. 12 by the railroad to suspend work between Palmer and Blackstone. Willis M. Hanson, a sub-contractor, brought suit in the supreme court in March for damages through Marsch's failure to carry out his agreement. An attachment was made against the Southern New England. The Hanson suit, admitted that Marsch had a contract to build the roadbed, but denies that the contract has been broken or that he is entitled to large sums of money. The company alleges it was entitled to suspend the work and it says that an order has been given to Marsch to proceed with the work. The railroad says it understands that the recently Marsch has given a bond to Hanson to indemnify the latter for any judgment he may obtain against Marsch and that, therefore, there is no occasion for the company to remain longer a party to Hanson's suit. The railroad asks that Hanson's bill be dismissed.

MCCANN ALIVE. Declared That Man Thought To Be Murdered Still Lives. Jefferson City, Mo., Aug. 8.—Jack Bennett of this city Wednesday testified before the state board of pardons and paroles that James P. McCann, for whose murder Seymour Barrington, known as "Lord" Barrington, is serving a life sentence in the penitentiary, is alive. Bennett said he saw McCann on the streets of San Francisco a year after his supposed death. Barrington has asked the board to release him.

AUTO STRUCK BY TRAIN. And John W. Campbell, One of Its Occupants Was Killed.

Chicago, Aug. 8.—John W. Campbell, head of the Windsor Park academy for boys, was instantly killed yesterday and Henry Goldman was seriously hurt when an Illinois Central train struck Campbell's automobile at Melrose park, a suburb. Goldman, who is 28 years old, may die of his injuries.

WARN TURKEY TO LEAVE ADRIANOPLE

The Bulgarian Army Moves on the City As Ex-Allies Sign For Peace.

Constantinople, Aug. 8.—The ambassadors of the six great powers yesterday called at the Porte and warned Turkey to respect the treaty of London. This would provide, among other things, for the Turkish evacuation of Adrianople.

London, Aug. 8.—With peace concluded among the Balkan allies through the interference of Roumania, it became known yesterday that attention is once more turned to Turkey. A special despatch yesterday afternoon from Sofia said that five divisions of the Bulgarian army were in readiness to proceed against the Turks. One of the stipulations imposed by Greece, Serbia and Roumania was that Bulgaria should undertake to dispossess the Turks of Adrianople.

Bucharest, Aug. 8.—The Balkan peace delegates representing Bulgaria, Greece, Greece, Montenegro and Roumania yesterday affixed their signatures to the preliminary treaty of peace, the terms of which were finally agreed to Wednesday night. It was expected that the conference would adjourn before night and that the Bulgarians would be on their way to retake Adrianople from the Turks. By the terms agreed upon Bulgaria, after losing countless thousands of men and millions of dollars, is but little larger than she was when she declared war against Turkey last October. The new frontier starts at a point west of the Struma river and ends at the Mesta river, leaving Bulgaria the towns of Strumitza, Lagos and Xanthi. The territory wrested from Turkey by the Bulgarians in the first war, which the new frontier cuts off, is to be divided among Serbia, Greece and Roumania.

The final peace agreement was brought only through the positive stand taken by Roumania. Up to Wednesday Bulgaria resisted the demands of the allies, but when Roumania threatened to station troops in Sofia by Saturday if Bulgaria failed to yield, Czar Ferdinand's envoys gave in.

R. C. OGDEN DEAD. Veteran New York Merchant Passes Away At Summer Home.

Kennebunkport, Me., Aug. 8.—Robert C. Ogden, the retired New York merchant, who died late Wednesday night of a complication of diseases, at the age of 77, had his daughters, grandchildren and brother at his bedside when he passed away. With him at his summer home, "The Billows," on Arundel Point, where he has spent his summers for the past 30 years, were his daughters, Mrs. Alexander Purvis and Mrs. George Crarey and the latter's husband, Dr. Crarey, his grandchildren, Robert and Miss Ruth Ogden, and his brother, Willis Ogden.

Fire Loss in Boston \$40,000.

Boston, Aug. 8.—Fire of unknown origin yesterday afternoon damaged the stable of the Henry Siegel department store to the extent of \$40,000. Seventy-five horses were rescued.

BENEDICTS DEFEATED

But They Put Up Interesting Exhibition Against Italian A. C.

THREE PITCHERS USED BY LOSERS

Joe Weafer Had Harvest in Less Than Three Innings

Under the competent supervision of umpire Burt Cheeseman, a former Eastern league ball player, the long anticipated ball game between the Italian A. C. and the newly organized married men's team, comprised of local diamond stars recently enrolled in the ranks of the benedicts, staged at the Berlin street grounds yesterday afternoon, came fully up to expectation and proved to be the most successful impromptu baseball game of the season. The game was taken by the Italians by a score of 9 to 4.

Not before this season have as many spectacular and brilliant fielding features been perpetrated. Among those who contributed were Williams, Tomasi, Pickering, McKenzie and Bottig, who electrified the stands with his general work at the last way station. The outstanding feature of the game was the remarkable twirling of Joe Weafer, who fanned seven batters in less than three boxes. Had Manager Douglass ushered Weafer onto the mound at the outset of the game the result would have shown an appreciable difference. Douglass pitched the last two innings and Scampini four innings for the married men. The score:

Drugs and Kodaks

IN THE FIELD OF SPORTS

The Pine Tree racing circuit is proving a big success this season as it has in the past. The management of the circuit have for years conducted excellent races and have always had their entry sheets filled with speedsters from prominent stables. The circuit will be brought to a close just before the grand circuit meet at Rockingham, N. H., on Aug. 17. Jimmy Lathrop, the athletic trainer at the University of Wisconsin, says that one of his proteges, Gold, who has been doing wonderful stunts in the pole vault, is somewhat of a versatile track man. When he came out to try for the track team he cleared over 22 feet in the broad jump. In other lines he is also proficient. Howard Drew, the Springfield, Mass., colored lad, is going out after the Olympic record for the 200-meter race. He is to race soon at Yonkers. The present holder of the record is Ralph Craig. With Drew in excellent form he should have but little difficulty in breaking the record. By the form that Larry Lajoie has been showing since his return to the game following his rumored dismissal from service, he will be good for many more seasons. Lajoie is looked upon as one of the most timely hitters in the league. An important baseball deal was transacted in the National league this week. Larry McLean, one of the best catchers in the league, was traded to the New York Giants for Crandall, the pitcher. McLean has been with the Cards for several years. Huggins made the trade in view of his desire to build up a pitching staff. Crandall is a pitcher of more than fair ability. McLaughlin, the former Harvard baseball captain, may reconsider several offers to join professional baseball. Early this season he was playing with Woonsocket. He is now pitching for Greenfield in the Twin State league. The Greenfield club is playing great ball now and is in fair way of landing the pennant. Martin, the former Tufts pitcher and best twirler in the college world, is playing with Bellows Falls. Martin was given a tryout with the Philadelphia Athletics. Keegan, the former Norwich player, has dropped completely out of sight of late. Brown, the late Yale pitcher, is play-

HUERTA'S STAND AGAINST LIND

A Bold Game on Formers Part—Belief Grows That Envoy Will Fall. Mexico City, Aug. 8.—President Huerta's prestige among Mexicans in the capital undoubtedly has been strengthened by what is regarded as his defiance of the United States in declaring John Lind persona non grata. Even those lukewarm in support of the administration profess admiration for the soldier-president who dared to talk back to Washington although not all agree as to the wisdom of his course and many consider he acted precipitately in view of the officially defined intentions of Washington. Speculation is divided as to whether Lind will be recalled or permitted to continue as far as he can in the face of Huerta's defiance. Conservative Mexicans believe Huerta will not drive Lind from the country, but be content with ignoring him, except perhaps for subjecting him to surveillance in order to see he does nothing possible of being construed as mixing in the politics of the country. Unless there is a radical change in sentiment Lind will not get an opportunity of talking with Huerta or any official of the government, even if permitted to remain in the capital.

PLITT ACCUSES 'INNER CIRCLE'

Becker's Former Aid Will Tell Grand Jury Who Received Graft. New York, Aug. 8.—Charles B. Plitt, jr., formerly known as a press agent for Charles Becker and a police informer, will go before the grand jury, probably early next week, to give testimony against three high police officials, who according to Plitt, comprised the "inner circle" to whom his former chief, Lieutenant Becker, paid over a large part of the graft collected by him. District Attorney Whitman and his assistants have found three supporting witnesses. One of the men "higher up" is now at police headquarters, where he occupies an important position. Another is an inspector.
