PERRY & CAMP

75 North Main Street Barre, Vermont

New Lot of \$5.50 Folding Go-Carts In

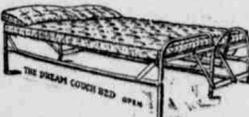

Our record to date this season, six dozen. More Sulkies have also arrived. They are the naggiest thing seen on the street.

We are offering the balance of our **Go-Baskets** like cut, at 1-3 off the usual price.

Shirt Waist Boxes

We are overstocked for this season of year and are therefore giving 10 and 10 per cent discount to move them. This means on a box formerly selling for \$2.50 sale price would be \$2.02 1-2. Several slightly soiled tops 1-2 price.

A Word About the Dream Couch Bed

It is the most perfect bed that we know anything about. The following reasons will tell you why we think so. It has head and foot rails on both halves. As a couch it has the same width and height as a full size regulation couch and is vastly more easy. It is opened and closed by a slight pressure of the foot on the lever. Works so easy any kid can do it. When couch is opened both halves are of equal length, width and height, making a complete, even and continuous spring connecting in center.

Mattresses are filled with felted cotton, making a soft, durable bed to rest upon.

The branch train over the Central Vermont road which leaves the local station at 12:05 a. m., was delayed several hours this morning by the loss of a drive wheel which was discovered near Tabor's crossing. The train proceeded as far as the car barns without the wheel and then came to a halt. Passengers aboard completed the trip into Montpelier by shank's mare and many who aimed to make the main line connection engaged automobile transportation to the Junction after reaching the capital. Barre passengers aboard telephoned to this city for automobiles and returned home at a late hour. The missing drive wheel was afterwards discovered near the M. & W. tracks at Tabor's where it had rolled after becoming detached. The train did not return to Barre until a few minutes before 5 o'clock this morning.
