OHIO ELIMINATES 3,341 BAR-ROOMS

Act Which Goes in Effect Nov. 1 Permits Only One for Each 500 People.

Columbus, O., Sept. 19.—Under a new excise law, in effect Nov. 1, 3,341 liquor places out of the 8,485 in the state on May 11 will be closed. The state will lose \$1,000 tax on each saloon or \$3,741,000 in all. The incoming license law restricts saloons to one for every 500 inhabitants. In addition, each county has the right to prohibit saloons altogether in its limits. Of the 88 counties 43 are "wet" and it is to these wet counties that the new law applies in particular. Cleveland will lose 900 saloons, Cincinnati 700, Toledo 290, Youngstown 207, Columbus 196, Dayton 80. There is not one of the 43 wet counties in which the number of saloons will not be reduced. In Auglaize county the saloons will be lessened from 45 to 3; in Clark, from 108 to 4; in Crawford, from 98 to 4; in Putnam, from 26 to 9, and in Tuscarawas, from 84 to 8. These are the outside figures allowable by law. The county license boards have the right to go below these figures if the full number of license applicants, properly certified as to character, etc., do not appear. Under a new city census law which will have 48 saloons, an increase of three over the present number. This is the only place in the state where the saloons will increase in number.

CONTROL COAL PRICES.

Railways Hit in Evidence Given Before New Jersey Legislative Committee.

Jersey City, N. J., Sept. 19.—Testimony to show that the Lackawanna, Erie, Lehigh Valley, Philadelphia and Reading and Central Railroad of New Jersey, directly or indirectly control the anthracite mines in the east, was given at the opening session here yesterday of the New Jersey legislative committee, appointed to investigate the alleged hard coal combine. There was put in evidence a circular alleged to have been issued confidentially at Philadelphia last spring which specifies the prices to be charged for coal in the following season. Charles J. Roe of Jersey City, counsel to the committee, said he would establish that the railroads named, not only controlled the mines but, through subsidiary companies, were actually engaged in coal mining. Harry L. Bellis, an investigator in the department of justice and of the Pennsylvania public utilities commission, gave testimony tending to show that the prices of coal were the result of an agreement between the railroads.

ATTRACTIVE WOMEN

Bright Eyes and Color in Lips and Cheeks Impossible Without Rich, Red Blood.

The brightest day for every girl and every woman is the day when she looks well, feels well and is well. For every woman who does not enjoy these bright days of good health there is this cheering news. Your aching back, the dizziness, languor and weakness that leaves you trembling and breathless after any exertion, those attacks of faintness and headache that make everything blurred, in fact any condition of ill health caused by thin, weak blood, can be banished just as soon as you make up your mind to build up your blood with Dr. Williams' Pink Pills. Dr. Williams' Pink Pills enrich the blood and this new blood carries health, nourishment and strength to every part of the body. Why not start now by getting a box of Dr. Williams' Pink Pills from your druggist?

ANNOUNCEMENT

OUR COMPLETE FALL DISPLAY IS NOW READY.

AFTER MUCH CAREFUL STUDY OF THE VARIOUS DISPLAYS IN NEW YORK, TWO OF THE LEADING HOUSES WERE SELECTED AND CONTROL OF THE SALE OF THEIR GOODS SECURED.

NEW YORK MILLINERY IS NOW SHOWN EXCLUSIVELY AT THIS STORE AND WITH SELLING PRIVILEGES SECURED, A DISPLAY COMBINING CORRECT STYLE AND INDIVIDUALITY MAY BE SEEN AT THIS STORE, AND AT PRICES WHICH WILL BE A PLEASANT SURPRISE TO YOU.

THE DISPLAY SATURDAY AFTERNOON AND EVENING WILL BE AS COMPLETE AS WE HAVE TIME TO MAKE IT WITH THE AMOUNT OF WORK ON HAND.

THE INSPECTION OF OUR CUSTOMERS, THEIR FRIENDS AND THE LADIES OF THIS VICINITY IS RESPECTFULLY REQUESTED ON SATURDAY, SEPTEMBER TWENTIETH.

MRS. NELSON-CHURCH THIRTEENTH SEASON 30 NORTH MAIN ST. OVER BARRE DAILY TIMES OFFICE

WALL STREET ASKS GUARD

Wants Federal Regiment Put on Governor's Island

A PROTECTION AGAINST MOB

Papers Are Signed by the Leaders of Finance

New York, Sept. 19.—Five hundred Wall street bankers, brokers and merchants, offering as a chief reason the statement that some day New York's financial district may fall into the hands of a mob, yesterday forwarded to United States Senator O'Gorman a request that the government build new barracks on Governor's Island suitable for quartering a regiment of the regular army. Governor's Island, owned by the government and situated in New York's inner harbor, is only 12 minutes away from the sub-treasury on Wall street. The bank presidents, brokers and others who signed the resolution now on its way to Washington point out that in case of an earthquake a body of regular troops could render invaluable aid in protecting financial institutions, including the sub-treasury. Regular troops would also be effective in the event of mob outbreaks, say the petitioners. The petition was circulated by Charles E. Warren, president of the Lincoln National bank, who declared that Wall street at present would be helpless in the hands of a mob. Governor's Island, he believes, should have a garrison that would stand ready to respond to a call from Wall street because troops stationed there could reach the financial district quicker than could militia from any of the city's armories.

TAFT MAY BE MADE DEAN

He Is Everywhere Suggested as Successor to Rogers in Yale Law School.

New Haven, Conn., Sept. 19.—The acceptance by Dean Henry Wade Rogers of the Yale law school, of the tender of appointment as judge of the United States circuit court by President Wilson, to take the place of Judge Walter C. Noyes of New London, who has resigned, will leave the deanship vacant. While no statement is made at Yale university as yet as to a successor to Dean Rogers, the name of former President William H. Taft, now Kent professor of law in Yale college, is mentioned on all sides. Dean Rogers' appointment is yet to be confirmed by the Senate. The dean is still at his summer home in New Jersey. Professor Taft and his family arrived home from Murray Bay, Ont., on Wednesday.

SUSPECT PRINCESS SOPHIA IS SUICIDE

Found Dead in Her Room—The Palace Attaches Admit Self-Destruction Possible.

Heidelberg, Sept. 19.—Princess Sophia of Saxe-Weimar-Eisenach was found dead yesterday in her room in the palace of her father, the duke of Saxe-Weimar-Eisenach. Heart failure was the official explanation given out, but attaches of the palace admitted there was a possibility the princess killed herself. She was known to be in love with a young Berlin banker, who wanted to marry her, but the duke opposed the match.

HUSBAND DEAD; WIFE INJURED

Greenfield Killed in Auto Collision at Spencer, Mass.

Spencer, Mass., Sept. 19.—Arthur Greenfield, 69, of Paterson, N. J., was killed and Mrs. Greenfield severely hurt yesterday when their small touring car toppled over just outside the town after a collision, it is claimed, with a larger automobile that was trying to pass them. Two other occupants were thrown out but were unharmed. Lewis Almond of Baltimore, chauffeur of the larger car, was arrested charged with reckless driving and assault. He was released on \$500 bonds, furnished by the owner of the car, Douglas H. Thomas of Baltimore.

JAIL FOR WIFE DESERTERS.

New Law Goes into Effect in State of Pennsylvania.

Philadelphia, Sept. 19.—When six deserting husbands were sentenced Wednesday to three months' work breaking stones at the house of correction by Judge Breby, there was put into operation for the first time in Pennsylvania a law passed by the last legislature which the court declared would materially reduce the cases of wife desertion in this state. The law empowers the court to commit recalcitrant husbands to the house of correction, there to be placed at some profitable employment at hard labor and provides that sixty-five cents a day shall be deducted from the earnings and paid to the wife. The minimum sentence is three months, but this may be extended to six months if the husband shows no willingness to otherwise support his wife. Heretofore the only punishment within the power of the court in this state was a jail sentence, leaving the man's wife and family to be taken care of, in many instances, by charity.

BANDITS KILL JEWELER

And Fatally Injure Second, Then Escape.

Grand Rapids, Mich., Sept. 19.—Two robbers entered the jewelry store of J. J. Thompson last night and commanded the clerks to throw up their hands and when they refused opened fire. John A. Thompson and Ed Smith fell dead and Paul Townsend probably is fatally wounded. The bandits escaped.

DAILY CALENDAR

Today is a good day to give your family a present that will give them pleasure every day in the year.

See your newsdealer and arrange to have the Boston Daily and Sunday Globe in your home regularly.

It pleases the women. The children enjoy it. You will find the Globe a continual source of pleasure and profit.

Be sure to read next Sunday's Boston Globe. The Boston Daily Globe. The Boston Sunday Globe. Make the Globe your Boston newspaper.

GIRLS' WEIGHTED BODY IN RIVER

Police Believe That Alice Hopper Was Murdered and Then Thrown in Water.

Newark, N. J., Sept. 19.—The body of Alice Hopper, 16 years old, who had been missing since Saturday night from her home in Kearny, N. J., has been found in the Passaic river at Harrison, her skirts weighted with stones. William Tolson, chief of police of Kearny, and the girl's relatives declared that she had been murdered and her body cast into the river. Miss Hopper was an unusually pretty girl and seemed older than her years. She left her home at 8 o'clock Saturday night to mail several letters, among them being invitations to a party she was about to give. That was the last her relatives saw of her. At 1 o'clock Sunday morning, five hours afterward, two policemen on a nearby boat heard the screams of a girl or a woman. But there was no one in sight and they were unable to trace the origin of the cries. A physician who called at the morgue in Harrison last night said he believed the girl had been the victim of an attack, but an official examination will be made to-day.

DENIES T. R. RECEIVED ORDER

Secretary Harper Admits, However, That His Employer Knows of Special Envoy Plans.

Washington, Sept. 19.—Although denying that President Wilson and Secretary of State Bryan have asked Theodore Roosevelt to act as special ambassador of this country to request Great Britain and Germany to reconsider their refusal to participate officially in the Panama-Pacific exposition at San Francisco, Secretary Harper, Roosevelt's private secretary, yesterday intimated the proposition was not news to the former president. "Mr. Roosevelt has not been requested to serve as a special representative of this government for the purpose mentioned or for any other purpose," said Secretary Harper yesterday. "If such an offer is put up to him, however, I imagine that it will be done late to-day and that Mr. Roosevelt will immediately give his answer."

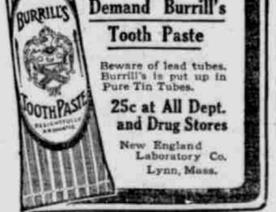

Wilson to Name Folk Solicitor.

Washington, Sept. 19.—Former Gov. Folk of Missouri will be appointed solicitor in the state department, it became known yesterday. It is understood President Wilson will send in his nomination at once.

A Wonderful New Dentifrice BURRELL'S TOOTH PASTE

Pure white—delightful to taste—a perfect cleanser—comes out flat on your brush. BURRELL'S PASTE makes the teeth cleaner, whiter and more beautiful than ever. It tastes different and more pleasant than similar preparations, and above all it is absolutely pure.

Topics of the Home and Household.

Unused silver will keep bright if laid away in a box of flour.

Dingy overshoes can be made to shine if wiped off with a cloth wrung out of ammonia water.

If oake is heavy, it can be used for puddling by adding milk and raisins or varied in other ways.

A little vinegar put into water in which eggs are poached will keep them white and prevent them from spreading.

To prevent custard dishes or cups from cracking when pouring boiled custard into them, place the dish or cup on a damp cloth.

Always put a piece of muslin round the band underneath the ribbon or silk when trimming a hat. This saves the hatpins from breaking the straw.

When making apple pie the flavor is much improved and the apples will keep in good color if a few drops of lemon juice are squeezed over the apples just before the crust is put on.

Graham mush is made exactly like Indian meal mush, in principle. Sift through the fingers into boiling salted water the graham meal slowly until the mixture is as thick as can be beaten, warm or cold, as desired, and can be fried, make into croquettes or almost any kind of use that the fancy and a little ingenuity may devise. Serve either with bowls of milk or with sugar and cream. It is also good with syrup and butter. In fact the simple mushes are desirable in many ways, and always, if made from good and clean meals, hearty, healthful and appetizing to normally vigorous persons.

Fall Hats.

The sugar-scoop hat of black velvet will be a typical fall style. It has no clearly defined crown and the greatest height is at the back. The tilt is down toward the nose, and a bandeau is frequently the means to the end. In a hat shaped like the length from front to back is emphasized by a horizontal line of the feathers. The brim flares up decidedly at the side. The jockey's cap is now shown in green velvet, the brim turned up at the back and extending out in front. Wired loops rise at the back.

A visor cap has a satin extension in front, a low crown and loops of ribbon at each side pointing backward.

Habit of Being Good Looking.

Are you known by your acquaintances as a good looking young woman? Do they call you a pretty girl. Or do they say of you "She is so homely"? Go and look in the mirror and ask yourself frankly if you are as nice looking as you could be. If your hair is thin it is no excuse for your thinning top of your head. If your skin is sallid and full of blackheads and pimples, you have been neglecting yourself, says Mme. Jeanne La Place in Woman's World for September. If you are too fat, or too thin, or your clothes do not look pretty on you, do not give up hope. What you really need is a good shower bath to awaken you to activity. You can be as attractive and charming as the friends you envy. But perhaps you think attractiveness and charm are not a part of beauty. They are so much a part that they are beauty in themselves. Frequent bathing, clean, and pretty clothing, becomingly arranged hair, a clear, rosy complexion, bright, happy eyes, these charms are yours if you are willing to try for them. Let me whisper a few secrets in your ear. But to be perfectly frank with you, they are not secrets, because everyone has heard them over and over so much we do not consider them seriously. If your hair is thin, give your scalp a good massage every day, and use a good hair tonic. Study to arrange the hair in the most becoming fashion. Brush it often, and keep it clean. If you have pimples and blackheads perhaps you are not getting enough exercise, enough fresh air and out of doors. Maybe you are not eating enough fruits, and too much meats and pastries. Wash the face thoroughly clean before going to bed. Green soap is a wonderful cure for pimples and blackheads. You can acquire good habits, you know, as well as bad ones. Brush your hair and comb it every evening. Give your scalp a good massage and give it a sun and air bath often. Take a few minutes each day to manicure your finger nails. You can do it yourself, with a little practice, and it is these little attentions that make up the really good looking woman. Take a tepid warm bath every day, and if you are strong enough to bear the shock, a cold shower bath after the warm bath will be like a tonic to you. These things give you energy, and put you in good humor, and that is a big factor in looking pretty. Study your defects and build them up, smile and laugh all you can. They are wonderful beautifiers. The real secret of it all is that being charming, being attractive, well dressed, and even good-looking, are habits. You may have to school yourself and be persistent to acquire these habits, but they are worth while. Try it yourself, and you will agree with me. Get yourself and others used to thinking of you as a charming and good-looking woman. Dorothy Dexter.

SUICIDE AGREEMENT.

Carried Out by Visitors from Massachusetts in Arkansas.

Glenwood, Ark., Sept. 19.—J. T. Turner, a real estate dealer, his wife and a Miss Carter, who came here recently from Massachusetts, carried out a suicide agreement here Wednesday. When neighbors forced an entrance into the Turner home they found the women dead and Turner dying. All had taken poison. Turner was still living late Wednesday night, but physicians said death was a matter of hours. A note signed by Turner, left in the room where the three were found, read: "There is no use asking questions. We are all tired of living and wanted to go together."

ANOTHER NEW COMET.

"A Remarkable Celestial Body" Likely to Prove of Absorbing Interest.

Chicago, Sept. 19.—Another new comet, the second to be discovered this month, has been located definitely in the Constellation Pices, west of the star Omega, according to an announcement made yesterday by Professor E. E. Barnard of the Yerkes observatory at Williams Bay, Wis. Professor Barnard terms the new comet "A remarkable celestial body" and declares it is likely to prove of absorbing interest because it exhibits peculiarities not heretofore observed in comets. It was discovered Sept. 6 by Neujmin, a European astronomer. The first comet was found by Rev. Joel Metcalf, on Sept. 1. The new heavenly body will not become visible to the naked eye, but can be seen through a five-inch telescope, according to Professor Barnard. It is said to differ from the Metcalf comet by being periodic.

The Homer Fitts Co. LA FRANCE SHOP

We sold you your first pair of LA FRANCE because they looked good and fitted perfectly. You keep on buying LA FRANCE because they look better and fit more perfectly for a longer time than the other kinds.

MAY ATTACK 'PHONE COMBINE AS MONOPOLY

Department of Justice Now Considering Action Against Bell Corporations.

Washington, Sept. 19.—Whether to attack the American Telephone and Telegraph company—the so-called Bell Telephone Trust—under the Sherman anti-trust law, is now being considered by Attorney General McReynolds. More complaints from independent telephone interests that the big company is crushing competition have been received recently by the attorney general, who indicated yesterday that he must soon decide whether the department of justice would await the conclusion of the pending telephone inquiry by the interstate commerce commission or undertake an investigation with the purpose of bringing a civil suit if the facts warrant such action. The interstate commerce commission's inquiry, undertaken at the request of former Attorney General Wickersham, probably will require two or three years. The commission's investigation is designed to develop a governmental policy involving a decision ultimately whether the telephone should be owned and operated by the government, or competition enforced under the Sherman law, or the situation regulated by commissions as railroads are. Complaints to the department of justice allege that the Bell company acquires control of local telephone companies and then refuses to connect its long distance lines with competitors. The federal government can intervene only on long distance business crossing state lines. The question is extremely difficult because the Sherman law has never been applied to the telephone in a court decision and the intricate questions of law involved are expected to be settled by the suit brought by Attorney General McReynolds against the Bell company and its subsidiaries on the Pacific coast.

STILL VIRTUAL OWNER.

New Haven Road Practically in Possession of Trolley Lines.

Boston, Sept. 19.—The New York, New Haven & Hartford virtually remains the owner of Massachusetts trolley property which the supreme court of the state ordered it to dispose of in 1908, according to testimony given yesterday at the hearing before the Massachusetts public service commission on the New Haven roads petition to issue \$67,000,000 debenture bonds. This fact was developed during the examination of E. D. Robbins, general counsel for the road, by H. L. Brown, counsel for the commission. Mr. Robbins said that the New York, New Haven & Hartford road sold its holding in the trolley companies to the New England Investment & Securities Co., by which it was transferred to the New England Navigation Co., and later turned over to the Billard Co. The entire stock of the Billard Co. is held by the New Haven. Commissioner George W. Anderson inquired whether the commission was asked to authorize a bond issue for floating indebtedness, which would include the New Haven's holdings in the Billard Co., and if so, would not the commission be authorizing such an issue in defiance of the Massachusetts court (Commonwealth v. Billard), argued that the New Haven had disposed of its Massachusetts trolley holdings as required by law, as the laws of Connecticut allow the New Haven to own and control stock of other corporations.

A Prosperous Outlook Ahead.

Memorial manufacturers throughout the entire country report a good volume of business looked for fall, and in some centers plants are being operated to the limit of capacity. Labor is remarkably well employed and no good workman needs be idle. This condition is certainly indicative of a most prosperous closing of the year 1913, which as a whole will go into history as one in which the volume of business exceeded that of any previous year. That retailers must be enjoying a corresponding season of prosperity is the only logical deduction, and while increased gross sales do not always mean an increase in profit, yet the absence of such increase should be speedily investigated and conditions remedied. State and national conventions have done so much during the past years to educate the average retailer in matters of cost computing that there is no excuse for any one underestimating, and the careful observation of a policy which insures a fair profit should be most rigidly adhered to.—From Granite, Marble and Bronze.

Advertisement for McElwain shoes, featuring the text 'This is the name of the world's largest manufacturer of shoes' and 'McELWAIN' in large letters. Includes a small logo with 'THE McELWAIN MARK'.
