"Comfortable, ISN'T IT?"

Comfort in a chair is more than skin deep. The things you don't see are most important.

First, springs are made in many grades—cheap ones, poorly tempered, are too hard or too soft, so that you perch on a hump or are buried in the cushion. A comfortable chair must have strong steel springs well tied together.

The padding must be of good material that doesn't get lumpy.

The cover must not be fussy or quickly soiled. These things enter into the cost of that comfortable chair. They need not make it expensive.

Take time to come in now and find out a lot about chairs. You'll want one sure.

YOUR SATISFACTION

Depends not wholly upon price and style; you want quality. You want to know that you are going to get your money back in wear. When we sell you goods, we stand back of your purchase. We sell you goods at but a trifle more than the cost of delivery to our trade. Our year's profit is but a small per cent.; you get all the Dry Goods values that we know how to give you. We show you the largest line of Dry Goods and Garments in this part of Vermont and ask you for a liberal share of your business. Lots of high-class novelties to select from. Largest stock that we have ever opened is now on our tables and counters.

Novelties

We are paying more attention to novelties in Dress Goods and Trimmings than in past seasons. We are taking care of a much better class of trade. This has increased our business; it has given the trade a chance to buy novelties here at home that has been hard to find even in large city stores.

New Vestings in silk in Persian and Bulgarian effects. These for trimmings for cuffs and collars.

New Bulgarian Voiles in both light and dark combinations. Trimmings to go with these.

Fancy Buttons to match trimmings in colors for coats or dresses.

New Persian Lace Flouncings, with edges to match. Ornaments in braid make beautiful effects on these fine trimmings.

Silk Crepe De Chine is so popular that it is very hard to buy any colors. These we have at present and a profusion of Laces and Ornaments to properly combine these silks into beautiful costumes.

Novelties

Where we are carrying so many new ideas in novelties we ask you to see these new things, as that is the only way that you would see many of these new ideas. Lots of kinds are too perishable to be left in open sight on our counters. We want you to see them.

Before this you have, no doubt, satisfied yourself that we have about the best selected lot of Lace and Silk Neckwear to be found in Vermont. These are very carefully selected and priced very low, so that many 25c Lace Collars are good 50c values. For 50c you buy a Collar that you would expect to pay quite a bit more for.

Ladies' and Misses' Separate Coats

Nearly every express now brings new values into the department. We can show you model after model and not show the same Coat twice, and there are so many good models it is hard to tell which is the best.

At \$10.00 we are putting out a line of Coats that are made up in the plain and novelty cloths, that are very good values.
