Huerta Shoots Down Men Who Refused to Fight for Him

MUTINEERS LINED UP IN SQUADS

Last Victims, on Way to Ex- ecution, Stumble Over Dead Comrades

Mexico City, March 19.—In squads of a dozen men each 149 mutineers were taken from the federal barracks at Jofutia yesterday, lined up against a stone wall and shot.

It required less than half an hour for the slaughter of the men who rebelled at service in the army of Gen. Huerta. The members of the firing squad worked rapidly and pumped bullets into their former comrades as fast as they were lined up.

Bodies were piled high along the wall when the last mutineers were brought out, and those going to their death stumbled over the forms of those who faced the rifles of the executioners only a few minutes before. With the last mutineer shot the bodies were thrown into one trench.

Huerta has ordered the strictest discipline enforced in all garrisons. A stone wall and a firing squad await the leaders of any rebellious outbreak.

ATTACKS WILSON ON SENATE FLOOR

Jones of Washington Says Carden, British Envoy, Led President to Ask for Open Canal.

Washington, March 19.—The broad charge that President Wilson determined to ask Congress to repeal the Panama canal tolls exemption as a consequence of his recent conference with Sir Lionel Carden, British minister to Mexico, and that the president's action was the culmination of negotiations with Great Britain for the preservation of the Monroe doctrine, threatened by the Mexican situation, was made in the Senate yesterday by Senator Jones, Republican, of Washington.

He was speaking on his pending resolution calling on the president for full information on the tolls controversy.

Senator Jones intimated that a repeal of the tolls exemption will be the price of non-interference in Mexico by other foreign powers.

He further declared that it is reported as one of the conditions that Great Britain will seek reparation of its losses through Confederate bonds issued dur-

Suffered Twenty-One Years— Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day, I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root, and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE, Avoyelles Park, Marksville, La.

Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla, Old-Time Remedy, Makes Pure Blood.

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. The use of external applications for their removal has been proven to be almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure, rich blood, perfects the digestions, and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on Hood's, for nothing else acts like it. Get it from your druggist to-day.—Adv't.

BURNS CONFIDENT OF SOLVING CASE

Tells Reporters at Atlanta That Every Criminal Must Leave a Trail.

Atlanta, Ga., March 19.—The indication that Detective William J. Burns believes Leo M. Frank is innocent of the murder of Mary Phagan, in the light of his present information, was made plain in his talk with newspaper men yesterday.

"Every criminal leaves some sort of trail," was one of his assertions and later he said, "The trail is very plain."

"Notwithstanding the various charges that have been made, I think Solicitor General Dorse has been absolutely honest in this case, and that he never would have prosecuted a man he did not thoroughly believe to be guilty," said Burns.

"But, however keen a man may be, his vision is liable to be distorted."

Though refusing generally to discuss details of the case, Burns said he considered as very important the evidence which H. F. Becker, now of New York, is reported as being able to give.

Becker is ready to testify that the paper on which one of the notes was written was a piece of trash which had been used months before the murder.

"People are too apt to adopt a theory and build their evidence on it," said Burns. "The right course is to get the evidence, then deduce the theory."

He said it is not too late to get at the bottom of the case. On the other hand, he appeared to think conditions at this late day are more favorable to the correct solution than they were at first.

"Sometimes it is better to wait till indignation has subsided and then look at a thing calmly," he said.

Developments in the case are expected to-day on the return from Washington of Attorney Reuben R. Arnold of the defense. While Mr. Arnold did not make the trip in connection with the Frank case, it is said new and sensational affidavits have been placed in his hands.

SENATE LOBBY PROBE HALTED.

De Knight Refuses the Papers Demanded of Him.

Washington, March 19.—The refusal of Clarence De Knight on the advice of his counsel to submit to the Senate lobby investigating committee papers demanded in connection with its inquiry into De Knight's alleged activities as a lobbyist, brought a temporary halt in proceedings yesterday.

Former Rear Admiral Bowles, president of the Fore River Shipbuilding company, examined with relation to his efforts to prevent the exclusion of railroad-owned ships through the canal, admitted that he had engaged De Knight.

TO RESUME NEGOTIATIONS

Huerta Forced by the In- creasing Seriousness of Situation

TO REOPEN UNOF- FICIAL EXCHANGES

With John Lind, the Person- al Representative of Pres- ident Wilson

Mexico City, March 19.—Forced by the increasing seriousness of the situation in Mexico from a financial rather than a military viewpoint, President Huerta at last appears to be ready to resume negotiations with John Lind, President Wilson's representative, if reports current are true.

Minister of Foreign Affairs Rojas was directed to re-open unofficial diplomatic exchanges with Lind and for that purpose went to Vera Cruz, it is said.

Every effort was made to keep the meeting secret.

Huerta summoned to the palace 60 of the wealthiest Mexicans in the capital and intimated that indirect financial support would be agreeable in view of the campaign against the rebels.

He also asked for horses, for even a hundred cannot be expected from Japan and Europe. He suggested the men form a military society and that insignia be worn to identify them as being on the government's side.

NEITHER GOT FALL IN 2 HRS. 27 MIN.

Jim Poulos and John Marino Wrestled Into Small Hours of the Morning at the Barre Opera House.

At an interesting hour this morning, Jim Poulos, the "Greek Demon" of Chicago and John Marino of Worcester ceased wrestling and Referee Joe Plooff of Winook announced that the combatants had grappled with each other only to a draw. That such was the issue was evident enough to a half-handful of mat fans who had watched the pair struggle at the Barre opera house for two hours and 27 minutes without a fall. It was evident, also, that a pair of light heavyweights or a pair of bear cubs, for that matter, cannot begin the game at 10 o'clock, wrestle two and one-half hours, and finish in time to allow decent people to be abed. Even the sport itself was good enough for the gladiators begins to pall as the morning watches come in.

Poulos and the Worcester Italian were fairly evenly matched as to science, but the latter outweighed the Demon slightly, and seemed to have the better of the argument. He kept up a running fire of comedy during the bout and also managed to keep his wind, which was the marvellous part of it all. Frequently the men who wrestled kicked and pulled each other's hair. And to some who watched it looked like bad business, but the match was interesting withal and afforded the audience a good bit of sport—a good long bit.

Promoter J. E. Powers, who brought the men down from Burlington, told the audience he wasn't at all daunted by the small gate and promised he would fetch another bout into the opera house. Young Creteau and Dannie Peduzzi wrestled to two falls for the preliminary event. Creteau won the first on a full Nelson and the second fall went to Peduzzi on a head chancery and arm hold.

CONTROLLED BY CHICAGO.

Argentine Beef Supply Largely Directed from This Country.

Washington, March 19.—That Argentina's beef industry, which sends millions of pounds of meat into the United States monthly under the new tariff law, is dominated by Chicago slaughtering and packing companies which "do by far the major portion of the entire business" is described in a "farmer's bulletin" issued yesterday by the department of agriculture.

That Argentine beef has caused a reduction in the prices of meat in the United States has been generally supposed.

The department bulletin remarks, however, that "it is not assumed that the American controlled companies in Argentina are using Argentine beef to beat down the prices of Chicago beef."

At the present time, the bulletin says, there are nine establishments in Argentina slaughtering, chilling or freezing and exporting beef, located in or near Buenos Aires, and five of these companies are owned or operated by Chicago houses.

In summarizing the conclusion of the bulletin it is shown that imported Argentine dressed beef adds to the national supply of the United States, at the present rate, a little over one per cent.

"While some of this meat," the bulletin adds, "has come from British refrigerators at Buenos Aires, a great deal of it has been consigned by the Buenos Aires frigorificos of the Chicago slaughtering and packing companies to themselves in New York or wherever they please to send it by rail."

According to the bulletin, nine million pounds of Argentine beef are being imported into the United States monthly.

"UNITED GATHERERS" BEAT "GRAVEDIGGERS"

While Multitude Looked on in Admira- tion of the Awful Slaughter—Good Sum Netted for Hospital Campaign.

A burlesque basketball game, an admixture of frivolity and seriousness, one of the "gratest" athletic contests in the annals of sport in Barre, was staged in the Church street gymnasium last evening by the personnel of Capt. Tom Mercer's team No. 4, of the corps of the hospital campaign workers. The game resulted in an 18 to 13 victory for the quintet playing under the caption of the United Gatherers, captained, by Joe Weafer, a past master in this line of sport, the other team, the Grave-diggers, being marshaled by Louis Quimby, a former Claremont high school player. The burlesque game had been anticipated with considerable interest and enthusiasm since the project was launched a few days ago and last night's impromptu efforts in the old church structure were marked with great success.

The approval of the public of this unique game was much in evidence.

The game was preceded by a grand street parade. The principals of the cast composing Capt. Mercer's team were transformed into many characters. The fun-makers gathered at Depot square shortly after 7:30 o'clock. The parade was headed by a coterie of sheriffs, followed by the Barre Citizens' band, who were followed by the assemblage of players.

It was a matter of some moments before admittance could be secured to the hall by the band and players. The attendance that gathered to watch the fun-makers reached such figures as never before have taxed the capacity of the hall, somewhat over 400 persons having seated themselves in the gallery around the hall the game was started. The head officiator of the game was Will Reynolds, whose efficient and impartial rulings were never for a minute met with criticism either by the players or the spectators. The game was not exceedingly speedy during the first session.

When this period ended the score was 6 to 3 in favor of the United Gatherers. This period was interrupted on several occasions by persistent and uncalled for remarks of "Hen Lundy" Guthrie and Emma Hastings. The conduct was accounted for by "Chief of Police" Tobin and "Sheriff" Mills, who were detailed from some local headquarters to preserve order in the hall. For various reasons several unruly spectators were ejected from the hall by this pair of law keepers.

During intermission the spectators were afforded several pleasing acts. "Morning Si" Murray appeared in a club-swinging act. His prowess in this art was a revelation to the audience.

The jinxed Tom Mercer brought the house down with his rendition of "Whiskey." He also sang "Where the River Shannon Flows." Much laughter was provoked during intermission by the auctioning of a prize Rose Buff Orington pullet. The pullet was a prize-winner at poultry shows during the winter. "Bo" Douglas assumed the duties of the auctioneer and did justice to himself and courted the envy of local auctioneers.

He also sang "Where the River Shannon Flows." Much laughter was provoked during intermission by the auctioning of a prize Rose Buff Orington pullet. The pullet was a prize-winner at poultry shows during the winter. "Bo" Douglas assumed the duties of the auctioneer and did justice to himself and courted the envy of local auctioneers.

The concert movements of the Grave-diggers proved futile before the slaughtering attacks of the United Gatherers. The music during this session proved fatal. During the early moments, Capt. Weafer of the United Gatherers succumbed under the excruciating strain. He fell in a swoon in the middle of the floor and was promptly attended by "Dr. Pill" Jackson. Actuated by his orders, Capt. Weafer was removed from the hall on a stretcher by hospital attendants William Robertson and Edson Landers. Towards the close of the game fatigue overtook "Jim Thorpe" Calkin, who was likewise borne from the hall.

When the final whistle was blown, the United Gatherers were in the lead by the score of 18 to 1. Their victory was attributed to the stamina of Capt. Weafer and "Pop" Eaton. Weafer's floor work figured largely in the scoring, while Eaton's stonewall defense worked as of such high order that the Grave-diggers scored only with difficulty. Mercer's effective guarding held the score to a low figure in the first period. Quimby, Murray and Douglas were the mainstays of the Grave-diggers. Most of their scoring was done by these men.

Much of the amusement and entertainment is due to Charles Mills, who had charge of the make-ups of the players. This is how they lined up:

United Gatherers. Grave-diggers.
Weafer lg. Farrell
Craig f. Murray
Rulfo c. Calogini
Mercer, Hastings lg. Douglas
Eaton rg. Quimby

Score—United Gatherers 18, Grave-diggers 13. Field goals—Weafer 4, Rulfo 3, Craig 2, Douglas 3, Quimby 2, Murray, Foul—Murray. Referee—Will Reynolds (Taft). Timer—Dr. Joe Jackson. Time—20-m halves.

READY FOR SOUTHERN TRIP.

University of Vermont Ball Team Is Shaping Up Well.

Burlington, March 19.—The University of Vermont baseball team will leave Monday noon for the annual southern trip. Twelve men are included in the squad to go to the south to meet the college teams and get into condition for the long schedule to come. Coach George Winters has cut down the squad for the second time from twenty-eight to eighteen men and the final cut will not be made until Saturday night.

The material this year is very promising and it is proving an extremely hard matter to pick the best of the material. Aside from the batteries the team will be almost entirely made up of new faces. With Malcolm, last year's varsity twirler, Gallagher the postfielder, Spear, last year's St. Albans high south-paw and Denning formerly of Dean academy, the pitching end of the game is well looked after and with Mayforth catching, no trouble is felt on that score. First base however, is a problem although several candidates are out for the position. Captain Berry will of course hold down an outfield berth and Gallagher may play in the out garden when not pitching.

Great Tribute Paid to Priest.

Chicago, March 19.—A great throng followed the funeral cortege yesterday of Rev. Maurice Dorney, the "priest of the stock yards." Millionaires, political leaders, judges, clergymen and the poor gathered around his bier.

GREATFUL PRAISE BY LOVING MOTHER

Tells How Father John's Medi- cine Brought Health to Her Little Boy

"I am grateful for Father John's Medicine," says Mrs. Margarette Murphy of Chicago, in a recent letter. "My little boy was two years old when he was first taken sick, and I took him to many doctors, but not one did him any good. He is past five years old now. He is all

better now, thanks to Father John's Medicine. He had pneumonia twice and whooping cough. Soon after he began to take Father John's Medicine I knew he was mending. I am very thankful for Father John's Medicine. We all take it now. It is a blessing in my home. I will never be without it." (Signed) MRS. MARGARETTE MURPHY, 3010 Quinn street, Chicago, Ill.

Careful mothers have no fear in using Father John's Medicine, because it is safe for the little ones as well as the older members of the family, and because it is free from alcohol or dangerous drugs in any form. It treats colds by building up the body and giving new strength to ward off the disease. Get a bottle to-day.—Adv't.

IN THE FIELD OF SPORTS

Leon P. Tuck of Malden, Mass., has been elected to act as captain of the Dartmouth college hockey team next season. Tuck is one of the best all- round athletes at Dartmouth, playing a strong game at football, hockey and baseball.

Connie Mack, manager of the Mack- ens, denies the stories circulated that he and Dannie Murphy had trouble. Ac- cording to Mack, Murphy was released outright at his own request.

Eddie O'Connor, Brown's coach, will handle Oxford's runners while they are practicing at Providence for the Penn- sylvania relay meet.

Dr. Al Sharpe of Cornell thinks that freshmen should be allowed to play on varsity athletic teams.

Because of the destruction of the Mis- souri Athletic club at St. Louis, the re- lay races between Cornell and Princeton, and Pennsylvania and Illinois A. C. were called off last Saturday night.

Dean Briggs, chairman of the com- mittee on athletics at Harvard college, has announced that players and coaches will be barred from the bench during the progress of games this season. He said that it was desired that the team should be thrown upon their own re- sponsibility and that the exigencies of the game should be met by the captains instead of the coaches. The baseball squad has held its first outdoor practice.

Johnny Evers says that Walter Mar- anville, the Boston shortstop, will pipe a better playing mate than Joe Tinker, who has been regarded as one of the best short
