PUBLICITY FOR DEBATE

Tolls Exemption Discussion Will Be in Open Session

BEFORE SENATE COMMITTEE

Senator McCumber, Republican, Speaks in Favor of Repeal Bill

Washington, April 7.—Publicity for the debate on the bills to repeal exemption for American ships passing through the Panama canal was determined upon by the Senate committee which to-day will begin the consideration of the controversy.

Senator O'Gorman decided on an open session. How long the committee will debate before making its report, no one would predict. Senator McCumber, a Republican, addressed the Senate yesterday in support of the repeal bill. The galleries applauded as McCumber sat down and several Democrats crossed the chamber to congratulate him.

175,000 WOMEN TO VOTE.

Eight Feminine Candidates for Aldermanic Honors in Chicago.

Chicago, April 7.—It is expected that 175,000 women will vote at the municipal election here to-day. Official figures from the woman suffrage headquarters indicate a big vote and the number may reach 200,000. The total vote will approximate 500,000.

This will be the first opportunity the women voters have had to vote for aldermen, and eight of their members are among the 154 candidates for aldermanic honors. Miss Marion Drake, Progressive candidate in the first ward, is opposed by "Bath House" John Coughlin, whom she may defeat.

Twelve questions of public policy come before the voters to-morrow, including plans for a subway, home rule of public utilities, amendment to the municipal court act and several minor matters.

SICK HEADACHE

Pinklets, the New Laxative, Gives Quick Relief in Most Cases.

As a rule a sufferer from sick headache can tell hours in advance when an attack is coming on.

The trouble is caused by a gradual accumulation of poison generated in the digestive organs and when a certain point is reached this poison produces nausea and the attack follows.

In very many cases the use of a proper laxative before the condition of prostration is reached will force the poisons from the system and the attack will be avoided.

Pinklets are a dainty laxative, tiny, sugar-coated granules that arouse no feeling of repulsion, and they act so gently that they are the ideal laxative to use in correcting a tendency to sick headache.

They do not upset the digestion, do not gripe and have no unpleasant effect to make them objectionable to the extra-sensitive sick-headache patient. Old-fashioned, harsh purgatives will not do at all in such cases. For complete information regarding the treatment of sick headache send to the Dr. Williams Medicine Co., Schenectady, N. Y., for the Pinklet book. It is free.

Your own druggist can supply you with Pinklets in 25-cent bottles.

CAROTHERS UNDER BAN

American Consular Agent Is Persona Non Grata

WITH THE HUERTA GOVERNMENT

He Told of the Fall of Torreon and Thereby Gave Offense

Washington, April 7.—The cancellation by the Huerta government of the exequatur of American Consular Agent George C. Carothers because he sent to Washington dispatches saying the rebels had taken Torreon from the Huerta forces, failed to disturb state department officials yesterday. The Huerta government still denies Torreon has fallen. Mr. Carothers obtained his exequatur when he was accredited to the Madero government and stationed at Torreon.

Since the outbreak of the Carranza revolution he has had a roving commission in northern Mexico and his exequatur from the Mexico City government has been of little value to him, all his dealings being with the Constitutionalist.

It is the intention of the American government to keep Carothers with General Villa and the Constitutionalist leaders, to make prompt representations for the safety of American citizens and other foreigners and look after their interests generally.

Should Mr. Carothers find it necessary to go into territory controlled by the Huerta government he may now be unable to do business with its local authorities but there is no prospect that he personally will be inconvenienced or prevented from making observations as an unofficial representative. Neither John Lind nor William Bayard Hale had any exequatur, while in federal territory.

Official advice telling of the expulsion of 600 Spaniards from Torreon by Villa were expected during the day. Until the Spanish ambassador calls it to the attention of state department officials there is little likelihood of any action by the Washington government.

The United States itself has issued a warning to its own citizens to leave those parts of Mexico where military operations are being carried on and has governments might well take similar steps. The right of deportation is one provided for under the Mexican constitution and has been exercised alike by the Huerta government and the Constitutionalist for alleged military or financial support of the enemy and various other reasons.

No request for recognition of the Constitutionalist has been made by Carranza. President Wilson made it clear yesterday that the United States would be guided by developments as they arose in determining such questions. He pointed out that Washington waited almost two years to recognize Porfirio Diaz a half century ago.

Mr. Riano, the ambassador from Spain, received official notice yesterday of Villa's expulsion of Spanish subjects from Torreon and prepared to make representations in protest to Secretary Bryan. Spain not only objects to their expulsion but also to the confiscation of their property, which is estimated to run into the millions.

We have never found a more prompt nor effective remedy for neuralgic pains than anti-kamnia tablets, and to those who are subject to such pains, we recommend that they keep a supply of tablets on hand, as one dose, two tablets, given at the beginning of the attack, usually makes it unnecessary to administer the second dose. CAMPBELL-WEST WEDDING BELLS

Famous Actress Bride of the Man Lady Churchill Divorced—Event a Big Surprise.

London, April 7.—George Cornwallis West was quietly married here yesterday afternoon to Mrs. Patrick Campbell, the well known actress, immediately after the divorce decree obtained by his wife, the former Lady Randolph Churchill, was made absolute. The decree was declared final by Divorce Court Judge Sir Samuel Evans. An absolute decree

of divorce was yesterday granted Mrs. George Cornwallis West, formerly Lady Randolph Churchill. The first decree was granted some time ago on statutory, desertion and misconduct charges. The former Mrs. Cornwallis West, who is the daughter of the late Leonard Jerome of New York, will be known as Lady Randolph Churchill.

Mrs. Pat Campbell and Lieut. George Cornwallis West are almost as familiar to people of this country as if they were native born. At different times in the 28 years that she has been on the stage, Mrs. Campbell has visited the United States and her appearance never failed to create something of a stir. George Cornwallis West was the second husband

of the beautiful Jennie Jerome, who was the daughter of the famous wit, Leonard Jerome, and who as Lady Randolph Churchill attained a standing in English society which few, if any, American born women have ever occupied.

Mrs. Campbell is the widow of Patrick Campbell, a non-commissioned officer in the English army, who was killed in South Africa in 1900. Fourteen years before his death his wife went on the stage. For a time she was a member of some of the best known of the English theatrical companies and of late years she has been the head of her own company. She has gained her greatest fame on the stage from her emotional acting and off it because of her smart talks on the various subjects which happened to be prominently before the public at the time.
