How Do We Know?

Did it ever occur to you that our continued success is going to depend on the number of satisfied customers whom we can serve, this season and the seasons to come? Did you ever stop to think what qualities of materials and designs of workmanship are necessary for us to have, to gain and keep the people's confidence?

It is a constant study on our part to get merchandise that has the season's best style, coupled with quality and workmanship, that the trade demands.

To be sure to gain and keep that confidence, we buy only goods of those houses whom we can depend on to stand back of anything that does not prove satisfactory. We want your business, and we want you to be well pleased with the quality of goods and service which we give you. If you are not, tell us about it, and we will make it right.

In the \$20.00 line of Suits we are filling in the sizes with our \$22.50 values. This means a good saving to you and at the same time helps us.

At \$15.00 are a number of odd sizes in Suits that have been selling at \$18.00. These are in Blacks and colors, and come in a number of the season's best models.

At \$12.50 are a few Odd Black Suits that are made up with the long coat, and a good plain tailored skirt.
