HOW TO HEAL SKIN-DISEASES

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles. At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These will not cost a bit more than seventy-five cents. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

A HINT FOR SHAVERS

If you want a refreshing shave, with a thick, creamy lather, try a resinol shaving stick. It contains the soothing, healing resinol medication which makes it especially welcome to men with tender faces.

ITCHING PIMPLES ON FACE AND ARMS

Would Turn Into Blotches. Caused Disfigurement. Had to Keep Arms Wrapped Up. Used Cuticura Soap and Ointment. In 2 Months Well.

46 Wight Place, Springfield, Mass.—"My baby had pimples on his face and arms and they would turn into blotches. They caused disfigurement while they lasted and they itched, for he would scratch till he would bleed. When he scratched, wherever he put his hands afterwards on his face or arms, other pimples would appear. Night he would wake up crying and I had to stay awake with him to warm water and bathe him. I had to keep his arms wrapped up most of the time on account of his itches."

"I used a number of salves and other remedies, but none did any good. Then I read about Cuticura Soap and Ointment and thought I would try it. In one week I could see his skin beginning to clear up and in two months it was all well." (Signed) Mrs. J. Peelle, October 16, 1914.

CATARRH GERMS EASILY KILLED

Only Way to Cure This Disease Is to Destroy Its Cause

By a Specialist

If you have catarrh and want to get rid of it, you must kill the germs which cause catarrh. Stomach, duodenum, ureters, bladder, etc., all because they over-look this fact. They all help by giving temporary relief, but they do not reach the germ life that has found lodgment in your bladder, ureters, and could not destroy it if they did.

The best known way of destroying the dangerous germs, catarrh, and consequently ending the disease itself, is to breathe into the air passage of your nose and throat the pleasant, penetrating air of Hyonol (pronounced Hyo-nol). Hyonol is made from purest oil of eucalyptus, combined with other powerful, healing, antiseptic and germicidal ingredients, furnishing with every complete treatment sold. Every time you inhale the sweet, fragrant air of Hyonol through the little device, you are drawing into your swollen, inflamed, germy membrane a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and elevated-up air passages, but will absolutely and positively destroy every trace of catarrh germ life it reaches. Hyonol is an sure of the blood, setting relief that Hyonol brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyonol outfit from your druggist to-day and begin at once to cure the dangerous and debilitating disease from your system forever.
