### TALK OF THE TOWN

Great bargains in discontinued numbers of corsets at Vaughan's.

Harry Watson of Montreal, who has been visiting in the city and vicinity for the past month, left this morning for his home.

Miss Myra Bagley, a teacher at Spaulding high school, left this morning for her home in Rutland, where she will visit at her home during the summer vacation.

The gas consumers of Barre are warned to beware of anyone selling devices not recommended by the gas company and that any device placed on the gas piping by other than a regular employee of the gas company will be at the consumer's responsibility.—Adv.

John Hinko, a Roxbury quarryman, who was arrested by Chief Sinclair soon after the noon hour Saturday, was arraigned before Magistrate H. W. Scott in the evening. Hinko pleaded guilty to the charge with the humorous reservation that he be allowed to express his opinion of a law which would wink at a man's purchase of intoxicating liquor illegally and then insist on his arrest for its consequences. The magistrate suspended the usual court rules while Hinko was getting even with the law and then imposed a fine of \$5 and costs amounting to \$3.75, which were paid.

One of the long felt wants of North Main street was gratified over the weekend when the aldermanic police committee and the police department caused to be posted along that thoroughfare two regular policemen who for the first time appeared in the role of "traffic cops."

It was a novel experience for motorists to have an officer in blue hold them up with a request to observe the laws regulating the speed in city streets. Folks who homes are pleasantly situated along the boulevard and whose petition to the council last week for better regulation vehicular traffic express themselves as pleased with the way the program is working out. The patrol was continued Saturday night and all day Sunday. No arrests were made as the officers have expressed a desire to warn all potential speeders before adopting any more drastic measures.

### CRAWLED UNDER TRAIN.

Train Started and Couple Hugged the Ground.

Burlington, June 14.—One of the strangest accidents which has occurred in Burlington in a long time was that which befell Mr. and Mrs. C. S. Palmer in the Rutland railroad yard early Saturday morning, while they were on their way to the lake for a fishing excursion. They attempted to pass beneath a train of freight cars standing on the main track. The train started when they were under it and both were badly injured and miraculously escaped death by remaining between the rails until the train had passed on.

### Both Lay Between Rails.

The man and woman did not notice that an engine was attached to the train and took their time in crawling under the cars. They had almost reached the rail towards the lake when the train started. Mrs. Palmer made an effort to get by the wheels, but her husband with presence of mind restrained her. As it was, her right hand was crushed and Palmer's right foot mangled.

Despite the intense pain he was suffering Palmer managed to hold his wife close to the ground until the train of 40 cars had passed over them. Just before the last car had passed he lifted his head and was struck by a brake beam. Conductor Adams heard the man's cry and stopped the train. The police ambulance was immediately called and Palmer and his wife were hurried to the Mary Fletcher hospital.

The couple will recover, but it was necessary to amputate the man's foot and part of the woman's hand was removed by the surgeons. The accident occurred just south of the Lyman coal yard about half way between the Rutland railroad freight house and the draw bridge. Mr. and Mrs. Palmer have lived in the city about a week, coming here from Montpelier.

### DECORATED PASTORS' GRAVES.

Novel Service Held by Methodist People at Elmwood Cemetery.

Yesterday afternoon at 5:45 quite a delegation of people, old and young, visited the graves of four Methodist preachers in Elmwood cemetery, as follows:

Rev. J. A. Sherburne, well known in Barre, as for many years he made his residence here; also some years ago he was pastor of Hedding church and district superintendent in the Vermont conference; 57 years a preacher and 82 when he died.

Rev. Harvey Webster, some years ago pastor of the Hedding church. His brother, Dr. Webster, also at one time pastor here, afterward a distinguished educator, buried elsewhere. Rev. Mr. Webster was 51 years a preacher, 72 when he died.

Rev. A. J. Copeland was a pastor at one time of the Hedding church; 52 years in the ministry, 70 when he died.

Rev. W. B. Howard, never a pastor here, but a member of the Vermont conference. He was father of the well known Professor Howard of Middlebury college. Rev. Mr. Howard was 37 years in the ministry; 72 when he died.

Four boys were delegated to lay bouquets of flowers on these graves, appropriate hymns were sung and a few fitting remarks were made. Some of those present, well acquainted with these preachers, gave interesting reminiscences of what they did and what they were. The graves of some of the children of former ministers were also visited—in one instance the members of the Sunday school some years ago erected a stone in loving memory.

It was suggested that next year a large union service be held, when the graves of all preachers in Elmwood cemetery be visited and tribute be paid to their memory.

Children's Day Concert Last Evening at the Hedding Church.

Last evening at the Hedding church there was present a large congregation. It was Children's day and the children, under the direction of Mrs. W. H. Richardson and Miss Agnes Rule, showed splendid evidence of careful training. Miss Eileen Parks at the piano, Miss Russell at the pipe organ and Miss Peter with a fine solo did the parts assigned them in such a way as to please the large audience that listened. Miss Bertina Hooker, as chairman, had charge of the decorations.

Not only was the program as printed

## WHY WE ADVERTISE

### REDUCE THE COST OF GROCERIES

We are paying for this space for the sole purpose of impressing upon your mind the FACT that there is not another store in this section that can give you better values for your money than we do. We doubt if any can do as well.

We must depend upon many sales, because our profits are very small—so small, in fact, that without a great volume of business we could not possibly make them.

Every dollar spent in this store helps to keep prices in this community down. It's to your own interest to trade with us. You get your money's worth. We want your business, and are making the prices to get it.
