

STUBBORN RESISTANCE

Russians Are Now Fighting Desperately to Hold Warsaw

EVEN CLAIM SUCCESS AT SOME POINTS

South of Lublin, Teutonic Offensive Said to Be Arrested

Separate fighting continues between the Teutonic armies pressing upon Warsaw and the Russian forces defending the city with the issue still in the balance.

On the important front south of Lublin the Russian resistance seems to be the strongest, and the Petrograd statement claims that the Teutonic offensive has been arrested there.

In the Baltic provinces the German is progressing, with the outposts barely 20 miles from Riga, their immediate objective point.

Russia Beginning to Complain

Coincident with dispatches received in London from Russia, saying the spirit of the army is unbroken and their belief in ultimate victory is still strong, comes the report that the feeling is growing that Russia is doing more than her share in the war, bearing a present almost the entire burden.

These complaints, according to special correspondents, are not confined to rank and file. Russian newspapers contrast the colossal battle in which their nation is engaged with the comparative inaction on the western front.

Austrian and Italian Claims Conflict

Along the Austro-Italian front Rome claims a gain of part of the heights commanding the Gorizia and Issonzo bridges from the right bank of the river. The latest reports from Vienna declare that all the attacks on the Gorizia have been checked and that a certain height taken by the Italians has been recaptured.

RUSSIANS BURNED WINDAU ON LEAVING

They are Also Said to Have Destroyed Village and Farmhouses as They Retreated Before Germans.

Berlin, via London, July 22.—Before evacuating Windau, the Russians applied the torch to the city and harbor works, according to the advice received at Libau. The greater part of the city is said to have been destroyed. Russian troops are also reported to have fired the village and farmhouses in other parts of Courland, in accordance with provisions of a recently published army order.

GERMANS GET FOOTHOLD

In Trench Forming Salient of Allies' Line in Argonne.

Paris, via London, July 22.—The following official statement was issued by the war office last night: "In Argonne the offensive continues. A struggle is going on with aerial torpedoes and grenades around Souchez. There have been no infantry attacks, however. On the eastern edge of the Argonne, the enemy succeeded in gaining a footing in a trench forming the forward salient in our line. "Between the Meuse and the Moselle there has been a violent bombardment at Tete-a-Vache, in the forest of Apremont and Le Pretre forest. About 20 shells were thrown on St. Die."

700 ITALIAN RESERVISTS

Sail from Boston on the Cretic To-day to Join Colors.

Boston, July 22.—Nearly 700 Italian reservists will sail from Boston to-day for Italy on the White Star steamship Cretic to join the colors. They will go direct to Naples, where they will report for duty with their regiments. The looking of the men has been going on for several days. Most of them arranged their passage through the Italian consul and were granted special military rates by the steamship company.

From all parts of New England Italian units of military age are flocking back to Italy. The Cretic will carry 700 steerable passengers, and all but 50 will be back here. The officers joined the liner before she left New York yesterday.

The Cretic was expected to reach Constantinople about noon to-day from New York and 4 p. m. in the time set for her departure for Italy. Her stay here will be only long enough to permit the passengers to embark and their baggage to be taken on board.

Most of the reservists from out of town reached here yesterday and were anxiously awaiting the hour of sailing. It is probable that a large number of Boston Italians will be at the pier to give their compatriots a fitting send-off.

KEPPLER DISAPPEARS FROM BRIDGEPORT

Just Before Leaving He Asserted That the Arms Factory Strike Had Been Settled—Others Deny It.

Bridgeport, Conn., July 22.—J. J. Keppler, vice-president of the International Association of Machinists, who has been directing the strike at the plant of the Remington Arms & Ammunition Co. and various sub-contractors, announced here late yesterday that a settlement had been agreed upon.

He added that no more men would be called out, that the pickets would be called off duty and that the strikers would go back to work Monday morning. He said he had decided to call the strike off as the result of a conference called in New York. Then he left Bridgeport again, after saying he would not return.

Thomas J. Savage, member of the general executive board, who took up the work of leading the strike during the temporary absence of Mr. Keppler in New York, denied, even after he had talked with Mr. Keppler, that he knew anything of any settlement. He added that the vice-president had told him nothing, that the strike would go on and that the pickets would not be called off. He added, however, that there was a possibility that negotiations in progress might at any time lead to a settlement. He also expressed the opinion that the strike would soon be over.

Mr. Keppler was seen to board a train for New York last night. He told persons that he was going to Bayonne, N. J., where he said he had a number of men on strike. A number of labor leaders, when seen in a local hotel, stated emphatically that Mr. Keppler had gone to Boston.

John A. Johnston, vice-president of the Structural Iron Workers, said he knew nothing of any settlement.

Virtually all the labor leaders asserted that Samuel Gompers, president of the American Federation of Labor, would be called upon to prove his statement about believing that "German influences" had been responsible for labor trouble in Bridgeport when he enters a conference here Friday with several associates. They added that, if necessary, they would request President Wilson to settle the matter. They said they wanted vindication.

WRITTEN AGREEMENT

For Settlement of the Bridgeport, Conn., Strike.

Bridgeport, Conn., July 22.—John A. Johnston, vice-president of the Structural Iron Workers, to-day announced that he had been advised by J. J. Keppler, vice-president of the International Association of Machinists, that a written agreement, which would settle the strike of machinists in the plants of the Remington arms company and various sub-contractors, had been secured. Johnston said Keppler would return to Bridgeport from New York with the agreement this afternoon.

BASEBALL POOLS CONDEMNED

As Inimical to the Best Welfare of the Game.

Cincinnati, July 22.—The national baseball commission took official cognizance of the so-called nationwide baseball pool, which the postoffice department at Washington has been investigating when John E. Bruce, secretary of the commission, appeared as a witness in the case of Edward Hardy, who is charged with conspiracy and promotion of a lottery. The hearing was before United States Commissioner Adler, who at its conclusion held Hardy to the September grand jury at Philadelphia in bond of \$1,000. Secretary Bruce in his testimony, spoke of the danger of the so-called pool to the sport of baseball, and as a representative of the commission, requested that it be eliminated.

Postoffice Inspector Frank Smith of Philadelphia testified that the Weekly World and the slips alleged to be a part of the pool, were printed at Allentown, Pa. He said that the scheme had been worked out by a professor of a large university and perfected by expert mathematicians. Smith estimated that the returns secured by the office at Allentown amounted to about \$9,000 a week. He declared that the winning numbers were arranged so that there would be but little opportunity for the holders of the slips to win large amounts.

GENERAL EIGHT-HOUR DAY

Favored by New Hampshire State Federation of Labor.

Franklin, N. H., July 22.—Resolutions advocating an eight-hour day for all trades and state honors for plumbers were adopted at yesterday's session of the annual convention of the state Federation of Labor. A report favoring a liquor license law as opposed to prohibition was sent back to the committee for further consideration. Hiron L. Nutting of Concord was re-nominated without opposition for the office of president of the federation. A communication was read from Samuel Gompers in which he reviewed the Colorado coal mine strike. John J. Coyne, legislative agent for the federation, reported on the 12 labor measures that were before the last session of the New Hampshire legislature. He read the names of the senators and representatives and placed them on record as to whether or not they were in favor of labor measures. John S. H. Day of Concord, N. H. state labor commissioner, and W. J. Shields of Boston, an organizer of the carpenters and joiners union, were among the afternoon speakers.

HATCH HEARING SATURDAY

Prisoner Is Showing the Effects of a Long Fast.

St. Johnsbury, July 22.—A hearing will be held here Saturday before Judge F. C. Hoffman of Weststock in the case of Herlow Hatch, arrested Tuesday night after a search for the number of men in St. Johnsbury. The man is in Calabozo county jail and shows the effects of his long fast.

BIG OPIUM SEIZURE

\$50,000 Worth Taken from Ship Arriving at Boston.

Boston, July 22.—Several hundred boxes of opium, valued at \$50,000, were seized last night by customs and police officers on board the steamship Comanche, which arrived yesterday from Liverpool. Two of the ship's crewmen, Peter Fleming and Harry Smith, were detained at headquarters to receive examinations.

FINAL MESSAGE GOES TO BERLIN

Germany Warned That Violation of American Rights Would Be "Unfriendly"

NOTE BEING RELAYED VIA LONDON TO-DAY

No Intimation as to What Course United States Would Pursue

Washington, D. C., July 22.—The new American note to Germany is on its way to Germany. It cleared from Washington over the telegraph wires during the night and to-day was being flashed over the cables to London and thence to Copenhagen where it goes over land wires to the German foreign office. It should reach its destination to-night or early to-morrow.

The note will probably be made public by mutual agreement with the Berlin foreign office to-morrow or Saturday, and then will follow a period of awaiting a reply. Concerning the future conduct of the German submarines, the note does not necessarily call for an answer, as it announces the intention of the United States to regard any further violation of the international law, resulting in the loss of American lives, as unfriendly. On the other hand, American demands for the disavowal of any intention to sink the Lusitania and a request for reparation are renewed in the new note.

President Wilson has given careful consideration to any eventualities to which the new note may commit the United States, and he believes it places on Germany the responsibility for any act that may cause a rupture.

Among the points in the new note are:

1.—The assumption by the United States that Germany by declaring her submarine warfare to be a retaliatory measure against the alleged unlawful acts of her enemies, has admitted that the destruction of unresisting merchantmen without warning is illegal.

2.—German submarine commanders already have proven that they can save the passengers and crew of vessels and can act in conformity with the laws of humanity in making war on enemy ships.

3.—The United States cannot allow the relations between the belligerents to operate in any way as an abbreviation of the rights of neutrals and therefore any violation of the principles for which the American government contends, resulting in a loss of American lives, will be viewed as "unfriendly."

4.—The representations which the American government has made in previous notes for disavowal of the intention to sink the Lusitania with Americans aboard and the request for reparation are reiterated with renewed insistence.

5.—The American government realizes the unusual and abnormal conditions which the present conflict has created in the conduct of maritime war and is willing to act as an intermediary as between the belligerents to arrange a modus vivendi or any other temporary arrangements which do not involve a surrender by the United States of its rights.

6.—The proposals made by Germany to give immunity to American ships not carrying contraband, and to four belligerent ships under the American flag, are rejected with the emphatic assertion that to accept such suggestion would be to admit Germany's right to set aside the American contention issued on fundamental principles in international law—that neutrals may travel anywhere on the high seas on unresisting ships of any nationality even if carrying contraband.

The note is about 1,200 words long. While nowhere in it is there any direct intimation of the course which the United States will pursue in the event of another disaster similar to the Lusitania, there are emphatic statements throughout the discussion of the principles involved has been virtually concluded and that future conduct of German submarine commanders will determine the responsibility for the continuation of friendly relations between the two countries.

PROBABLY WAS MURDERED.

Miss Louisa Carroll, 26, Found in Road Near Buffalo.

Buffalo, N. Y., July 22.—The sheriff and the police last night expressed the belief that Miss Louisa Carroll, 26 years old, who died at a hospital here yesterday had been murdered. She was found unconscious on a highway near the city early yesterday and it was at first believed that she had been the victim of an automobile accident. The medical examiner's autopsy disproved this. It is said a deep wound on the back of the head that had caused death was the only mark on the body. Detectives learned that Miss Carroll left a doctor's office in Franklin street where she was employed at about ten o'clock Tuesday evening stating that she was going to her home on the East Side. She was seen to board a street car that would take her there. Three hours later she was picked up on the highway, ten miles from her home.

HEAD GASHED IN RUNAWAY.

John Burrell of Brandon Throws Against Iron Bridge.

Brandon, July 22.—John Burrell, the hackman, was injured yesterday afternoon when his horse ran away, being thrown against the bridge used to go into the Gipson lumber yard. He received a deep gash in his head and was badly shaken up. Mr. Burrell had on part of a load of lumber and was going from one pile to another in the yard when the seat of the wagon fell on to the horse's back, frightening them. The horse ran, but Mr. Burrell was not able to stop them because the lumber on the wagon kept sliding forward. After Mr. Burrell was thrown, the horse continued across the road, struck a hydrant, landing it so that it back and broke an electric pole off at its base.

TAKEN BACK TO BRISTOL.

Two Men Who Were Arrested in Burlington Yesterday.

Burlington, July 22.—Officer Miles rounded up yesterday afternoon two men who were wanted by the police in Bristol. Chief of Police Russell received a card from George S. Farr, deputy chief at Bristol, stating that Frank Youtt, alias Frank Wilkinson, alias Frank Hill was wanted in Bristol on an assault charge. A man, whose name was not given but whose clothing and personal appearance was minutely described, who left with him, the deputy also asked to have held if found.

Yesterday afternoon Officer Miles while on duty on his beat on Church street found Youtt, whose picture he had seen at the police office, and conducted him to the police office. The man maintained that he was innocent and that payment would have to be made for his release. Later the police were successful in finding the other man, whose name was given as Harry Ferguson. The men were locked up at the county jail and the police at Bristol notified. Deputy Farr with another officer made the trip to this city in an automobile, returning with their men yesterday afternoon.

BRATTLEBORO MAN NAMED

In Cross-Libel Brought by Dr. Edward S. Cowles.

Portsmouth, N. H., July 22.—According to counsel in the case, the man named by Dr. Edward S. Cowles of this city as co-respondents in the cross-libel filed in the divorce suit brought by his wife, Mrs. Florence Cowles, are Dr. Harry W. Goodall of Boston, a prominent Back Bay society man, and Harry Webster, a wealthy banker of Brattleboro, Vt.

Mrs. Cowles came to this city yesterday and from 11 o'clock in the morning until late in the afternoon was closeted with her attorney, Judge Ernest L. Guphill, and it is thought that she prepared her answer to the cross-libel. In the past Mrs. Cowles has been represented by Judge Guphill of this city, and the firm of Eastman, Scammon & Gardner of Exeter has been representing Dr. Cowles. Attorney John H. Bartlett has now entered the case as an associate with Judge Guphill and Ephraim Aldrich, son of Judge Edgar L. Aldrich, has entered the forces of Dr. Cowles.

Both Mrs. Cowles and Dr. Cowles refuse to have anything to say concerning the case, which will come to trial in this city Aug. 30 before Chief Justice Robert G. Pike of Dover.

PLUNGED OFF ROAD.

Automobile Wrecked at Greenwood, R. I., Last Night.

Warwick, R. I., July 22.—Two men were seriously hurt and three others received multiple cuts and bruises and lacerations when a big touring car in which they were riding plunged over a bank at the fatal turn in the state highway at Greenwood at 10:45 last night.

Charles Clarke of Seekonk, Mass., the owner and driver of the car, disappeared immediately after the accident and has not been found.

Robert Scott of Providence received a broken arm and a slight shock to the heart. Ashland Howland of Seekonk sustained a laceration of the face and internal injuries. Harry Perkins of Providence was cut and had many bruises and contusions. They were rushed to the Rhode Island hospital. John Stewart of Providence and Joseph Lewis of Fall River, Mass., received many contusions and bruises. The machine was wrecked. The scene of the accident was where Louis Paradise of Nashua, N. H., was killed on July 4.

HURT IN AUTO OVERTURN.

Peter Morrill of Nashua, N. H., Has Possible Fracture of Skull.

Nashua, N. H., July 22.—Peter Morrill, a member of the trucking and jobbing firm of Morrill brothers is at the St. Joseph hospital with a possible fracture at the base of the skull and other injuries, and his wife is nearby with a fractured wrist and many bruises, the result of their automobile overturning yesterday afternoon on the Lowell road two miles out of the city.

Mr. Morrill was driving a small car at a moderate speed and was on his way to Lowell. He struck a soft and muddy place in the road and the car veered and turned over. Manager A. H. Davis of the Nashua theatre was nearby and was among the first on the scene. The motor ambulance made a record run and took the injured couple to the St. Joseph hospital, where physicians and nurses were in readiness to receive them. Mr. Morrill is in a semi-conscious condition.

Washington, D. C., July 22.—The interstate commerce commission decided today that the revenues of the principal express companies of the United States are inadequate and, therefore, it modified its former order to provide additional income.

FIVE YEARS A "BOY."

Edna Puffer, 18, Vermont Girl, Forced to Wear Petticoats.

New Haven, Conn., July 22.—After five years of roaming about the country and Europe as a boy, Edna Puffer, the 18-year-old girl arrested in the railroad yards late Tuesday night, just as she was about to hop a freight to New York, was ruthlessly thrust back into petticoats yesterday afternoon, and an effort will be made to find someone who will give her a job. Edna says that the charm of life has been broken, now that she has to wear feminine attire, and she doesn't know whether she will ever submit to the wanderlust again.

Convinced that Franklin Shaw, the negro sailor who was arrested in her company, was unaware of his companion's sex, although he had been with her for nearly three months, Judge John R. Booth yesterday in the city court continued both their cases until to-day, when Miss Puffer will make her first public appearance as a woman in five years. The girl left Newport News three months ago on a cattle boat for London, on which she was employed as a potato peeler. She met Shaw at that time and made him her companion. Shaw was one of the boat's crew.

After landing in London, she and Shaw went to France and Holland and then returned to this side on the same boat, landing in Montreal. They were on their way from Montreal to Newport News by way of the hamper route when arrested here for vagrancy.

The Puffer girl was born in Sheldon Falls, Vt., and following a whipping at the hands of an aunt five years ago she ran away, but found it hard to get work. Clipping off an abundance of hair and donning men's clothing, she later discovered it was fairly easy to pick up odd jobs and up to Tuesday night seemed well passed as a boy. The girl claims to have Indian, negro and English blood in her veins.

WHITMAN'S OPINION SAME.

New York Executive Has Read Becker's Statement Carefully.

Albany, N. Y., July 22.—Gov. Whitman said last night that a careful study of the statement of former Police Lieutenant Charles Becker, now under the sentence of death, had not changed his opinion of the guilt of the convicted man.

"There is only one thing new in the statement," the governor said. "That is the allegation that the late Alfred Lewis told Becker he was to be 'framed up.' That would have been important evidence, if true. But if it is true, why was not Lewis called to the stand during the Becker second trial? Now with Becker facing death, we hear of this matter after Lewis is dead."

The governor said that during Becker's trial he was familiar with virtually all the allegations made by the condemned man in his statement. The governor added that he would have questioned Becker concerning them if Becker had taken the witness stand in his own defense.

The Becker statement, the governor declared, only confirmed Jack Ross's story that after the Rosenthal murder, Becker sent to Ross charging him out to tell anything he knew of the case. Bernard Sandier, attorney for Ross and for Sam Scheps, another witness at the Becker trial, conferred with the governor.

BOGUS FLAGLER WIDOW

In Charge Against Woman Now Held in \$5,000 Bail.

New York, July 22.—A woman who described herself as Mrs. Zena Emma Flagler, 50 years old, was held in \$5,000 bail for examination Friday by Magistrate McGuire yesterday, charged with obtaining money under false pretenses. The complaint, Frank J. Maloney, sworn to an affidavit that he had paid \$800 to the woman after she had represented that she, as the widow, was owed to receive \$15,000 from the estate of the late Henry M. Flagler, millionaire railroad builder. Mrs. Flagler asked that the date for her examination be fixed for Friday, as her lawyer, who is now in Chicago, is expected back at that time. Lawrence C. Haines of Brooklyn, representing the Flagler estate, was in court, and made an affidavit corroborating that of Maloney. In the affidavit he swore that the woman's representations were false, and that she was not the widow of the deceased financier.

IMPORTANT CLINICS BY VETERINARIANS

Were Conducted By Vermont Association at Hotel Barre, There Being 25 Men in Attendance—Dr. Robert Wier of Rutland Presided.

Twenty-five veterinarians were in the city last night and to-day for the annual meeting of the Vermont Veterinary association. The attendance for the summer meeting is considered unusually large and the interest manifested in the clinics and conferences that have made up the bulk of the program has been wholly gratifying to the committee in charge of the gathering. Last evening afternoon the president of the state association, Dr. Robert Wier of Rutland, called the meeting to order at Hotel Barre and some interesting discussions on topics patent to the profession occupied an hour before supper-time. Dr. F. A. Rich of Burlington, who is connected with the faculty at the State Agricultural college, was the principal speaker. Dr. Rich spoke of his experience and observations where the foot and mouth disease has ravaged cattle. His remarks were followed by a discussion of which nearly every veterinarian contributed something worth while. Dr. J. Thomas of Wells River was assigned the topic, "Neurectomy," and his clinic was followed by a discussion. Other visiting veterinarians spoke informally and at 6:30 o'clock dinner was served in the hotel banquet hall.

This morning the veterinarians assembled at Dr. O. E. Barr's veterinary hospital on Cottage street for their final clinic. The visitors were allowed the freedom of Dr. Barr's well-appointed hospital and the late hours of the forenoon were devoted to considering peculiar phases of certain contagious diseases to which the horse is heir. Many of the out of town veterinarians did not leave the city until late this afternoon and their spare time after adjournment was given over to trips about the city, to the quarries and through the cutting plants. The annual business meeting of the association will be held in Burlington next January.

Among the out of town members of the association who joined the local committee, Dr. O. E. Barr and Dr. E. H. Bancroft, in making the conference a success were: Dr. J. C. Parker of St. Albans, Dr. Thomas of Wells River, who is the vice-president of the association, Dr. Somers of White River Junction, the secretary, Dr. Rich of Burlington, Dr. J. McCarthy of Morrisville, Dr. A. B. Gay of Randolph, Dr. F. A. Wakefield of Hardwick, Dr. V. D. Quimby of White River Junction, Dr. F. S. Hathaway of Burlington and Dr. William Ashmore of Jericho.

SIX MEN VISITORS

Reported by Police to Have Been Found Last Evening.

Acting on a complaint made to Grand Juror William Wishart, a detail of officers from police headquarters and the sheriff's department raided the apartments occupied by Mrs. C. Rossi in the house at the corner of Foster and Granite streets last evening. According to the police six men were drinking beer when the official party made its debut. A barrel partly full of bottled beer and a half-barrel of Highland Springs was seized and Mrs. Rossi was arrested on the charge of selling liquor. When arrested before Magistrate H. W. Scott in night court the woman furnished bail of \$500 and her case was continued to Tuesday morning, July 27, for hearing. The raiding party was led by Officer David Henderson, who was assisted in the seizure by Officer Harry Gamble and Constable George L. Morris.

100 ACCIDENTS REPORTED.

Industrial Accident Board Has Plenty of Business on Hand.

An even 100 accidents, including one fatality, had been reported to the industrial accident board up to and including last evening since the first of the month, when the workman's compensation act took effect. This number was swelled by reports received today. One concern in the state requested the accident to-day which occurred last evening, all taking place within fifteen minutes in different branches of work, none being of serious nature.

CHECK NOT HONORED

And Robert Dale Was Arrested On Charge of Forgery.

Burlington, July 22.—Robert Dale, who has been living at the Elmwood a short time past, was placed under arrest yesterday on the charge of forging a check to the amount of \$20.00 on the Bridgeport Trust company of Bridgeport, Conn. The check was made payable to Dale and signed by the Herald Printing company, C. M. Allen, manager. It was returned as not good.

Dale tendered the check to J. W. Page, proprietor of the Elmwood, in payment for his board bill. Though the check would cover a little more than the amount of the bill, so such was advanced on it. It was sent for collection through the Chittenden County Trust company, a letter being returned to them that no such firm as the Herald Printing company had an account there. Dale claims that similar checks received from the same company have been honored. The check was dated July 8 and upon comparison of handwriting Mr. Page suspected forgery and placed it in the hands of the state attorney. Dale had been employed by the Essex Publishing company.

BURIAL IN WILLIAMSTOWN.

Mrs. Lucretia Goodrich's Funeral Held in Barre Wednesday.

Funeral services for Mrs. Lucretia Goodrich of 88 South Main street, whose death early Monday followed a long illness, were held in the First Baptist church Wednesday afternoon at 2 o'clock, the pastor, Rev. George H. Holt, officiating. Many old friends of the deceased assembled at the church, and there were a number of handsome floral tributes. The bearers were: Charles Webster of this city, Walter Granger and Messrs. Goodrich of Williamstown, nephews of Mrs. Goodrich. The remains were taken to Williamstown for burial beside the remains of Mrs. Goodrich, who passed away several years ago.

SHOT MARAUDING DEER.

But Deer Had Got Through When the Shot Was Fired.

Newfane, July 22.—The municipal court came here from Brattleboro yesterday to dispose of the case against Louise P. Lacey, charged with shooting a deer out of season. The respondent pleaded guilty. It appeared that while the deer was in the process of being shot by Mrs. Lacey, it had stopped by the town of Newfane. Judge Foster placed the respondent on probation and required him to pay the costs. An attorney proved the deer had been eating garden fruit.

GIFT FOR RETIRING PASTOR.

Rev. P. J. Long Gives \$500 at Procter Last Evening.

Procter, July 22.—At a reception tendered last evening to Rev. P. J. Long by the townspeople on his departure to assume the duties of priest in the Holy Trinity Catholic church a purse of \$500 was presented to the clergyman. About 400 persons attended the reception, which was held at the Procter hotel. The gift was made by E. W. McCarthy and Rev. Fr. Long responded. A concert program was given by the Procter band.

GUARDS SHOT MANY STRIKERS

Two Men Killed and Half a Dozen Wounded at Bayonne, N. J.

TEN ATTACKED TIDEWATER PLANT

Sticks, Stones, Revolvers, and Winchesters Used in the Battle

New York, July 22.—In a fierce battle between strikers and guards at the plant of the Tidewater Oil Co. at Bayonne, N. J., just before noon to-day two men were killed and three were wounded by the guards before an attack on the plant was quelled, and earlier in the day three other men were wounded in front of the same place.

Early this morning there was a riot when a large crowd attacked the plant, and the guards fired, injured two men. Later on there was more trouble, when a third man was injured.

For a time thereafter, there was comparative quiet; but shortly before noon a crowd of 500 assembled near the barrel works of the Tidewater company and began an attack on the guards. Sticks, stones and revolvers were used and the guards replied with Winchesters. During the fighting fire broke out in one corner of the barrel yard where staves and other lumber was stored. Two men were killed and three were wounded by the Tidewater guards before the attack was quelled. A heavy rainstorm which came up suddenly helped to drive the rioters to cover. The Tidewater company plant was closed yesterday in order to avoid trouble. There are 5,000 workers on strike against the Standard Oil Co.

Governor Fielder has agreed to call out the militia if necessary, and two regiments are said to be in readiness for immediate duty. This afternoon Sheriff Kinkaid of Hudson county requested the governor to call out the troops in order to cope with the situation.

MISSING OVER A DAY.

Orlando Venner, 13, Said He Was Going Out Berrying.

One of The Times newsmen, Orlando Venner, 13-year-old son of Mr
