A WONDERFUL BARGAIN

You admitted at our last sale that this was a wonderful bargain. You wondered how it was possible to secure such splendid Sweepers to sell at such a low price. In our last sale, we sold out 100 of these Sweepers in less than one hour. Could have sold the 200 if we had them. We told you then that we should have another hundred, and they are here and go on sale Saturday at 9 o'clock at 98c each.

Think of buying a splendid, durable Carpet Sweeper at such a ridiculously low price. The "Hygeno" Sweeper is made of steel, light in weight but very strong—a sanitary Sweeper which harbors no germs. "Hygeno" Sweepers are handsome, having beautiful mahogany-baked enamel finish and nickel trimming.

We place these Sweepers on special sale as a big advertising feature for our store. The big stores all over the United States are doing likewise. It's a mighty good Sweeper—better than the old-fashioned kind—sanitary, light weight, easy running and handsomely finished. The big HYGENO factory could not have furnished them so cheaply except for the fact that the output is several thousand per day, thus bringing the cost of production 'way down.

The big advertisement that selling that last 100 Sweepers at 98c created for us more than paid us for the loss we took on each Sweeper.

Remember that this is an advertising—not a money-making—proposition.

This is exactly the way in which we make our Cream. Nothing goes into our Cream but the purest ingredients obtainable. Cream sugar, flavorings—all must be perfectly pure and perfectly fresh.
