

GREAT OFFENSIVE AT DARDANELLES BY THE ALLIES

The Report of the Great Offensive Operations Comes Through German Sources.

Rotterdam, via London, Nov. 23.—The Cologne Gazette reports that a great offensive movement has been initiated at the Dardanelles by the allies.

Constantinople, Nov. 23.—Violent fighting in the vicinity of Sedul Bahr on the tip of Gallipoli peninsula, is reported by the war office. The statement, given out yesterday, follows:

"Artillery duels are in progress on the Dardanelles front. Violent fighting with bombs is taking place near Sedul Bahr."

40 FORTRESSES THE TOLL OF THE TEUTONS

Five of These in Belgium, Twelve in France, Fifteen in Russia, and Eight in Serbia.

Berlin, by wireless to Sayville, Nov. 23.—Forty fortresses have been captured by the armies of the central powers to date, according to a compilation made by the Overseas news agency. Five of these fortresses were in Belgium, 12 in France, 15 in Russia and eight in Serbia. Among the citadels captured were some, like those of Antwerp and Brest-Litovsk, the agency points out, that had been counted the strongest in the world.

Suffered Twenty-One Years—Finally Found Relief

Having suffered for 21 years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. I had tried all kinds of medicine for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day, I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root, and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root, and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE, Rapides Par. Echo, La. Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact. WM. MORROW, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y. Prove What Swamp-Root Will Do for You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Barre Daily Times, Regular 50c and \$1.00 size bottles for sale at all drug stores.—Adv.

OLD-TIME REMEDY MAKES PURE BLOOD

Hood's Sarsaparilla has been and still is the people's medicine, because of its reliable character and its wonderful success in purifying, enriching and revitalizing the blood and relieving the common diseases and ailments—scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling, general debility.

Hood's Sarsaparilla purifies and enriches the blood, and in so doing renders the human system the greatest service possible. This medicine has been tested for years. It is perfectly pure, clean and absolutely safe, as well as of peculiar and unequalled medicinal merit.

Get Hood's and get it now from any drug store.—Adv.

NEW HIGH RECORDS IN FOREIGN TRADE

Merchandise and Gold Shipments Show United States Decidedly as a Creditor Nation.

Washington, Nov. 23.—New high records in the foreign trade of the United States continue to pile up the greatest favorable trade balance the country has ever known. The movement of merchandise and gold shown in figures made public yesterday by the department of commerce discloses how decidedly the United States has been converted from a debtor to a creditor nation.

During the 12 months ending with October the foreign trade exceeded \$5,000,000,000. Imports were \$1,691,748,013 and exports \$3,318,044,636, as compared with imports of \$1,880,414,501 and exports of \$2,140,847,829 during the same 12 months previous.

Exports of October established a new high record, rising to \$334,638,578, which was \$33,961,756 more than the former record made in September. October imports were \$148,529,820. The record trade balance made during the month was \$186,108,958. The previous high balance, made in February was \$174,000,000.

During the 12 months ending with October, \$326,528,779 in gold came to the United States to pay the debts of four nations.

BELOW ZERO IN DULUTH.

Cold Wave Accompanied By a Fifty-Mile Gale. Duluth, Minn., Nov. 23.—A cold wave, accompanied by a stiff gale that whipped Lake Superior yesterday at a 50-mile-an-hour clip, drove craft into shelter and made navigation virtually impossible. Sub-zero weather prevailed at Duluth and over the iron ranges and in the lake districts snow fell throughout Monday night. The temperature here was officially announced as five degrees below zero yesterday morning.

New Haven Saw Military Danger, Says Mel-len

HE GOT FRANKLIN K. LANE'S ADVICE

Canadian Road Sought Line in New England

New York, Nov. 23.—That Franklin K. Lane, secretary of the interior of the Wilson cabinet, while an interstate commerce commissioner and himself a Canadian by birth, foresaw the danger from a military standpoint of allowing any of the Canadian railroads to acquire a foothold on United States soil was revealed yesterday by ex-President Charles S. Mellen of the New York, New Haven & Hartford Railroad company in his testimony in the trial of 11 former directors of that corporation on a misdemeanor charge of attempting to monopolize the transportation lines of New England. Testimony of alleged corruption of the Massachusetts legislature by the New York, New Haven & Hartford railway, in connection with the legislation by which it was enabled to retain control of the Boston & Maine railroad in 1908 was ruled out as inadmissible by Judge Hunt.

Judge Hunt held that such testimony was collateral and on a subject not charged in the indictment as one of the alleged means used by the defendants in carrying out their alleged conspiracy to monopolize the commerce of New England.

Why Acid Stomachs Are Dangerous

Excess acid in the stomach is dangerous, and it frequently contributes to the seriousness of ulcers when present. The acid from its corrosive nature has a natural tendency to destroy the mucous lining of the stomach itself. No one intentionally swallows hydrochloric acid, but it is often present in large quantities and causes food fermentation in the stomach, which so frequently follows the eating of the daintiest and most tasty foods or the indulgence in any form of alcoholic stimulants, including beer, wine, liquors, etc. This fermentation causes pain, uneasiness and discomfort because of the acid, which burns like a red-hot iron, and the formation of gas which distends and palpitation of the heart. The trouble being entirely due to the unnatural condition of the stomach contents, and not in any way to the fault of the stomach itself, physicians have adopted with marvelous success the plan of neutralizing the acid and stopping the fermentation by means of simple antacids taken after eating. For this purpose there is nothing better than plain bisulphated magnesia, which you can get from any druggist. Take a teaspoonful in a little water immediately after eating or whenever discomfort is felt. The immediate relief following the use of bisulphated magnesia is striking proof of the contentment of medical men that failure to digest food properly is almost invariably due to the acid condition of the food contents and in no way to the fault of the stomach or vital organs. CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue Is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste, and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

and attorney for the New Haven, disapproved the purchase at any price of the Boston & Maine, the testimony showed. He did not believe it was carrying its 7 per cent dividend.

Mr. Mellen said he talked with President Roosevelt and the latter said he was a lawyer, but that if he were in Mel-len's place he thought he would buy. He said, however, that if Mellen did wrong, he need not come back. Mr. Mellen thought it would be unwise to risk the danger of purchase of the Boston & Maine by Canadian roads. He had no certain information that the Canadian roads contemplated purchase, but he feared that they did.

ENGLAND CUTS DOWN EXPENSE IN PARLIAMENT

Spills for Matches and Penny Penholders for Quills Among Members—National Economy the Cause.

London, Nov. 23.—Paper spills in the place of matches, penny wooden penholders instead of the quills so dear to British officialdom and a few envelopes and odd sheets of notepaper instead of unlimited supplies gave a surprise yesterday to members of Parliament, who are accustomed to utilize the houses of Parliament as a club. In reply to angry protests the attendants explained this was the first step in the direction of national economy demanded so urgently in recent speeches in the House of Commons.

BRITAIN SENDS MANY SUBMARINES TO BALTIC

Passage of Large Flotilla Through Danish Straits Given as Cause of Recent Naval Activity There.

Copenhagen, via London, Nov. 23.—The passage of a large flotilla of British submarines, variously estimated at from 10 to 25, into the Baltic is given here as an explanation of the recent naval activity in the Kattegat, where both German and British destroyer flotillas have been sighted. According to current reports a powerful British squadron convoyed the submarines to the entrance of the Kattegat at the Skaw, the northernmost point of the Jutland coast. The large ships stopped there, while the destroyers convoyed the submarines as far as Elnor, at the narrowest part of the sound, whence the submarines alone proceeded into the Baltic.

TIRED OF LIVING, SALEM DIVORCEE TAKES POISON

"Forget Me as God Won't Forget You," Dying Message to Man She Loved.

Salem, Mass., Nov. 23.—"I am going to die, mother, I have taken poison," said Mrs. Amelia Munsey, 26 years old, as she fell upon the couch Monday night after returning from a walk with Richard Moynihan, 41 Chestnut street, with whom she has been friendly. Dr. Alfred T. LeBoeuf was summoned, but when he arrived the woman was beyond help. She died about an hour after entering her home. It is believed she took strychnine.

Mrs. Munsey was a divorcee. She left a note for Mr. Moynihan, which reads as follows: "Dear Dick, I still love you. Tired of living. Forget me, as God won't forget you. Amelia."

Mrs. Munsey was out quite late, and is believed to have taken the poison before she reached home, and its effect was noticeable as she fell forward on the lounge.

Mrs. Munsey was the daughter of Mr. and Mrs. Samuel F. Dupras, 10 Ropes street, with whom she lived. She is survived by both parents, one daughter, one brother and three sisters.

The Red Cross Pharmacy Guarantees to Return the Money if Mi-o-na Does Not Relieve You

"It is a pleasure to sell a medicine when our customers come in afterward and tell us how much good it has done them," said Floyd G. Russell, proprietor of the Red Cross Pharmacy, to a "Times" man. "And that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy. The distribution of samples that we made created so much talk and so large a proportion of those who received a sample have bought a box of Mi-o-na that our clerks have been busy selling the medicine since. We have so much faith in this article that we are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not help. That may seem rash, but our customers have said so many good words in its favor that we do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and who can leave 50 cents deposit at our store and take home a box of Mi-o-na, and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money. I don't know but what we would be willing to pay him interest." This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine, and the rapid increase of sales since the Red Cross Pharmacy introduced it is evidence that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want, with no fear of trouble after.—Adv.

WORLD'S CORN CROP 3,594,000,000 BUSHELS

International Institute of Agriculture Forecasts 1915 Production at 113.8 Per Cent Compared With Last Year.

Washington, Nov. 23.—The International Institute of Agriculture at Rome forecasts the 1915 production of corn in Hungary, Italy, Rumania, European Russia, Switzerland, Canada, United States, Japan and 10 governments of Asiatic Russia at 3,594,000,000 bushels, or 113.8 per cent compared with the preceding year. In Australia the 1915-1916 production of wheat is estimated at 143,000,000 bushels, or 873.8 per cent compared with the preceding year.

BERLIN

Misses Mildred and Gertrude House spent the week end with friends in Northfield.

Mr. and Mrs. Guy Reed and daughter of Bethel arrived Monday to spend the week with Mr. Reed's parents, Mr. and Mrs. Will Reed.

Clinton Benjamin, Leon Stewart and Horton Smith were the lucky hunters the past week, each securing bucks, and Dean Bancroft a doe.

Peter Gonyo has gone to Batavia, N. Y., for an extended visit.

Friends in town of Charles D. Kimball were very sorry to learn he was obliged to enter the hospital for an operation the past week, but at the present time is doing as well as can be expected.

The "99" club met for the first time on Wednesday evening at the home of Mr. and Mrs. Louis Chatfield. A little surprise was given Mr. and Mrs. George Wheeler during the evening, when Clinton Benjamin, in a few words, presented them a picture in behalf of those present, in honor of their 25th wedding anniversary.

The Lend-a-Hand society held a sewing meeting at the home of Mrs. James Stewart on Thursday. Some 30 ladies were present and spent a busy day finishing articles for the church fair and chicken-pie dinner to be held in the town hall afternoon and evening of Dec. 1. Everyone cordially invited to attend this fair and help make it a success. The ladies are putting considerable energy into their preparations and hope their efforts may be rewarded by the presence in large numbers of those who sympathize with the work of the church.

Mirror Lake grange held its regular meeting on Friday evening, at which time the annual election of officers occurred for the coming year: Master, M. J. Corliss; overseer, Dean Bancroft; lecturer, W. F. Brown; chaplain, S. C. Pike; steward, Ben Reed; assistant steward, Richard Churchill; treasurer, Mrs. Louis Chatfield; secretary, Edna Chatfield; Ceres, Mrs. M. J. Corliss; Pomona, Mrs. Turner; Flora, Mrs. Dean Bancroft; gatekeeper, George Winslow; lady assistant steward, Mildred Churchill. The grange voted to hold a private installation of officers, with Past Master and Lecturer Clinton Benjamin to act as installing officer, during the month of December. The grange will work the degrees.
