Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup
Rapidly and Cheaply
Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Fines and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2½ ounces of Fines (25 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving to the household.

It's really remarkable how promptly and surely it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the harassing of phlegm in the throat and bronchial tubes, thus ending the persistent hoarse cough. A splendid remedy for bronchitis, whooping cough, bronchial catarrh and whooping cough.

Fines is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so strong in its medicinal properties.

Avoid disappointment by asking your druggist for "2½ ounces of Fines," and do not accept anything else. A guarantee of absolute satisfaction goes with this medicine. Write for full directions. The Fines Co., Ft. Wayne, Ind.
