Genuine Prescription For All Rheumatism

Pain Disappears and Swelling Vanishes in a Few Days

Rheuma—that is the name of the scientific prescription that is putting rheumatism out of business.

Rheuma cures by driving the acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Says Samuel Powell of Geneva, Ky.: "For several years I was such a sufferer from rheumatism I could not straighten out my right arm or leg. After taking one bottle of Rheuma, my limbs are supple and free from pain."

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood. 50 cents a bottle of the Red Cross Pharmacy and all druggists.—Adv.

Fred Penell, aged 43 years, died suddenly recently in a chair in his barber shop in Swanton.

Because three cases of diphtheria have developed in Cuttingsville, the school has been closed and the Christmas exercises have been indefinitely postponed.

COUNTY AGENT WORK IS SUMMARIZED

E. H. Loveland of Orange County Also Presents the Results of His Labors During the Week Ending Dec. 18.

E. H. Loveland, county agent for Orange county, furnishes the following report for the week ending Dec. 18, 1915:

Feeling that there are many in the county who do not yet understand the work of the county agent and in purpose, the following quotations from a government conference held at St. Louis in November are given as explanatory of the best thought at the present time on the county agent work.

"The county agent is essentially an organizer and administrator of all the extension forces operating within the county for the purpose of increasing the efficiency and profitability of farming."

Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already in use is successful. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it any more than reputable physicians give promises with their prescriptions, but we know of many cases in which it HAS HELPED.

Your druggist has it or can get it, or you can send direct to Eckman Laboratory, Philadelphia.

Dr. Osler on Tuberculosis

Sir William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1915), on page 249:

"The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. . . . In the granulations products and associated pneumonia a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term 'healing' be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already in use is successful. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it any more than reputable physicians give promises with their prescriptions, but we know of many cases in which it HAS HELPED.
