

Cooking Drudgery Ended

You can rest, read, go visiting or do anything you want while your meal is cooking in the Sentinel Automatic Cook Stove. The Sentinel will cook it automatically. You simply place the food in the automatic oven, set the timer, light the gas and then leave the kitchen.

At the proper moment the gas is automatically extinguished and the cooking completed by indirect heat. At mealtime you will find everything perfectly cooked, all ready to serve.

Come in and let us demonstrate this wonderful stove.

GOOD TREATMENT FOR OILY SCALPS

Makes Hair Fluffy and Easy to Manage

Men and women whose hair and scalp are excessively oily have hard work keeping their hair in good condition. Dust and dirt mingle with dandruff, cling to the oily hair and scalp, clog the scalp pores, stiffen the hair roots and make proper cleansing almost impossible.

Parisian Sage is an ideal treatment for this trouble. Wash the hair not oftener than once a week, but use Parisian Sage twice daily, pouring a little into the parted hair and rubbing briskly right into the scalp with the finger tips. It drives out dandruff, dissolves the excess oil, and stimulates the scalp into healthy normal action. This simple remedy can be obtained from the Red Cross Pharmacy or any drug counter and is very inexpensive.—Adv.
