

# Fine Furniture

This Is What "Fine Furniture"

Means to Your Family

and Self.

For many years the furniture sold by this house has exercised a distinct influence upon right home furnishing—"interior decoration" some have been kind enough to call it.

The influence thus created was founded upon a close study of and devotion to the interests of our home-loving public and this idea still prevails, namely, that to create a permanent living interest in our stocks the furniture must be fine in quality, fine in appearance, fine in expressing the new designs, and fine from the viewpoint of value.

Your daily contact with it makes imperative the need of friendliness—it must prove up—show its loyalty—remain steadfast and true through the years. Trade secrets must not lurk beneath the surface—it must be as good within as it looks without. "Fine furniture" means this—and much more—to your family and self. It is the very essence of home happiness now and in the time to come.

A longstanding bone of contention among the attaches at Hotel Barre, the question of the bowling championship, was settled yesterday when the "Crabbers," captained by Myron Hughes, went down to defeat before another wing of the hostelry known as the "Kiddlers" and captained by George Crowley. The "Kiddlers" had a total pinfall of 481 as against 465 for their opponents.

In common with all other branches of the boy scout society throughout the United States, the boy scouts of troop No. 2 of the Congregational church met at their headquarters Tuesday evening to celebrate the sixth anniversary of the founding of the Boy Scout Society of America. Part of the program carried out was suggested by officials at the national headquarters and was carried out simultaneously all over the country. At 8 o'clock Dr. J. W. Barnett read the message of President Livingston of the society to the scouts. At 8:15 all members of the troop stood at attention and repeated the scout oath. Each member of the troop took some part in the meeting before the close. Before the carrying out of the common program a short local program was carried out, consisting of a talk by Scoutmaster Hubbard in which he outlined the work and hopes of the scouts, a talk on "The Ideal Scout" by Assistant Scoutmaster Winnifred Smith, and a talk on "Ideals Brought Out by the Scout Movement," by Second Assistant Scoutmaster Arthur Baxter.

In its summary of Dr. S. Dana Hubbard's lecture as delivered in Rutland Tuesday night the Rutland Herald yesterday says the following: "Dr. Hubbard laid special stress on the necessity of banishing the more common sources of contagion and infection, such as lack of cleanliness, insufficient ventilation, carelessness of diseased persons and the use of unsanitary methods in various occupations from housework to stone-cutting. He devoted a part of his address to the problem of checking infant mortality and told of the work being done in that direction. The lecture was illustrated by 100 slides, many of unusually beautiful coloring and all admirably adapted to the subject matter. Some of these depicted tenementhouse conditions in New York and related directly to cases of disease which had come under Dr. Hubbard's personal observation." Dr. Hubbard is to deliver the same lecture in the Barre opera house this evening. The lecture is free to the public and it is the hope of the local physicians that many will avail themselves of the opportunity to hear him.

Posters announcing the date, which were distributed about the city yesterday, were attractively designed and executed by Miss Mavis Barnett.

Josie Longee has returned from South Barre, where she tended a trained nurse from Essex Junction, who had pneumonia.

Mrs. H. S. Miles, who underwent an operation at the Fanny Allen hospital, Burlington, is at home and able to be out.

Miss Hazel Miles of Merchant street, who has been seriously ill for the past five weeks with pneumonia, is steadily improving.

Mr. and Mrs. Chester Bennett have returned from a several weeks' visit to towns in Maine and have taken up their residence on Spaulding street.

Regular meeting of St. John's court, No. 522, this evening at 7 o'clock in K. of C. hall. Following the meeting, supper will be served to the members of the A. O. H. who were victorious in the recent card tournament.

In the February number of Popular Mechanics there is an interesting two-page article by Leroy Kenneth, a Barre man, who is at present traveling in upper Canada with the Klark-Urban Co. The article, which is well illustrated, deals with the ice breaking ships that Canada is to furnish the Russian government for use at Archangel. Soon after his arrival in the maritime provinces, Mr. Kenneth, who is Roy Smith when away from the stage, interested himself in the ice breakers to be seen lying off ashore and the magazine article is the result.

Spaulding students have been putting in a busy week in anticipation of the glee club concert and exhibition of folk dances to be given in the opera house Friday and Saturday evenings. A chorus of nearly 60 voices will join in the glee club numbers and the recently organized high school orchestra will make its first appearance. Selections from Roccoel, Jacques, Offenbach, Strauss, Veazie, Verdi, Bach-Gounod and Sir Arthur Sullivan appear in the program. Grades A and B and the first, second, third, fourth and fifth grade children are to figure in the folk dances and songs.

Plans for the annual banquet of the Dartmouth association of Vermont, which is to be held at Hotel Barre on the evening of Friday, March 3, are going on apace and indications already point to an attendance somewhat larger than in recent years. It is expected that Dean Leacock of Dartmouth will be one of the honorary guests and an effort is being made to persuade President Nichols to attend, although the head of the college, whose resignation takes effect at the end of the college year, has not accepted many invitations of the kind this year owing to the pressure of duties at Hanover. Arrangements are being made for the entertainment of upward of 60 Dartmouth men at the hotel.

Over 75 parents and friends gathered at the Methodist church last evening at a very enjoyable measuring social, given by the junior league. The following program was rendered: Chorus, "Agnus"; a little speech, Myrvin Reynolds; "Naming the Kitten," Robert Tassie; vocal solo, Proctor Martin; "Gingerbread Man," Edith Higgs; "Mother's Boys," Ralph Tassie; recitation, Doris Davis; duet, Bertha and Lena Higgs; chorus, league; recitation, Alfred Higgs; solo, Miss Rale; "Little Housekeeper," four girls; recitation, Ernest Reynolds; reading, Sarah Hathaway; chalk drawings, Mr. Carson; school of ghosts, several girls; duet, Doris and Corinne Eastman; remarks, Rev. E. F. Newell; chorus, "Junior Rally Song." Refreshments of sandwiches and cocoa were served.

Red Men of Iroquois tribe held the third of a series of private assemblies in Clan Gordon hall Thursday evening, when more than eighty couples assembled to enjoy the hospitality of the lodge men. Orchestral music was furnished for the dancing and at intermission a substantial luncheon was served. The next assembly of the series will be held on the evening of Monday, March 6. Members of Iroquois tribe have received new regalia ordered sometime ago and the ceremonial work of the order is, therefore, much more spectacular than formerly. Harry Connor of Boston, a representative of a large costume house, was in the city last evening and with Alexander Ross of Iroquois tribe went to East Barre to confer with Red Men there in regard to new regalia.

On account of the prevailing sickness in town, the evangelistic services to have been held in the Congregational church by Rev. Thomas Hall have been postponed for a week and will begin on Sunday, Feb. 20.

The fourth quarterly conference of Centenary M. E. church will be held in the vestry on Monday, Feb. 14, at 2 p. m. District Superintendent Rev. R. F. Lowe will preside. The heads of all departments are requested to have their reports in writing. It is hoped that there will be a large number present, as business of great importance is to be transacted.

Nelson Brown, a former Spaulding high school star, is continuing his good work in that line as a member of the Freshman team at Dartmouth college. Brown played as first substitute in the game against Cushing academy Saturday night but previous to that had been playing a regular position on the team. Although compelled to adapt himself to a guard position after playing forward in his high school team he is reported to be coming on well.

# We've Always Something New

At many times we are advertising and putting special prices on merchandise that has become broken in lots or sizes, that we may close them out at once. We do this to keep our stock clean and to make room for new lines that are similar.

At the present time we are putting prices on many lines of winter goods. We are doing this while there is three months' more time to use winter merchandise. This is a good advantage to you, and at the same time it helps us get in shape for our spring's business.

At the present time we are showing more spring merchandise than we ever did so early in the season. These early showings we are asking the old prices for, but as the season advances we must advance the price on many lines.

## Spring Showing of Skirts

Our early showing of new spring Skirts seems to come just at the time when people were needing such garments. This has been a very busy department in the last week. These new models are in the popular-priced goods, and the styles are new and of the best of workmanship.

At \$3.98 is a fine All-Wool Serge Skirt that is made in a good style and in the season's new model.

At \$5.50 is a good Skirt model that is made from a fine Black and White Shepherd Check and finished with black braid.

At \$5.75 are a number of good Skirt models that are new and are made from Gabardines, Serges and Poplins. These Skirts are made up with the gathered fullness in the back and with the medium and wide self belt.

At \$6.00 is a special Serge Skirt that is made in the large sizes.

## Early Showing of Wash Goods

Our early showing of spring Wash Goods is attracting the attention of early buyers, as the next two months is the ideal time for spring sewing.

We have now a large showing of the season's most popular spring and summer Dress Materials, which comprise a large variety of different cloths in the new and dainty patterns.

Our new line of Devonshire Cloths is especially good for children's dresses and boys' waists. These are a cloth that has extra service, at only 18c per yard.

The new patterns in the Endurance Cloths are very good. These are a fine material for ladies' house dresses and children's dresses, at only 12 1/2c per yard.

We are showing a large line of Voiles, Gingham, Percales, Poplins, Piques, Lawns, Muslins and many other fine materials.

We would be pleased to show you this line of new Wash Materials, and we feel you will be more than pleased that you have given us that much of your time.

## New Silks Wool Goods

We have just received a large showing of the new spring Silks for waists and dresses. We are showing a large line of the new Plaids that are to be so popular this season. You should make your selection of these materials early, as there is a scarcity of Silks, and the prices are advancing all the time. We have many new things in the early Wool Dress Goods line, which are very attractive. See our line of Wash Silks for waists and men's shirts.

The condition of Miss Eunice D. Smith of Elm street, who has been ill for many weeks, is reported to be very serious. A specialist from Burlington was called to attend the patient a few days ago. Miss Smith was engaged as a school teacher in Woodstock, but soon after the opening of the school year last autumn, she sustained a fall and has been at her home in Barre since the mishap.
